FOREWORD

This manual is issued to assist claimants in preparing mandated cost claims for submission to the State Controller's Office. The information contained in this manual is based on the State of California's statutes, regulations, and the parameters and guidelines (P's & G's) adopted by the Commission on State Mandates. FILING A CLAIM

1. Introduction

Government Code (GC) sections 17500 through 17617 provide for the reimbursement of costs incurred by local agencies for costs mandated by the State. These are costs that local agencies are required to incur after July 1, 1980, as a result of any statute enacted after January 1, 1975, or any executive order implementing such statute which mandates a new program or higher level of service of an existing program.

A reimbursement claim is defined in GC section 17522 as any claim filed with the State Controller's Office (SCO) by a local agency for reimbursement of costs incurred for which an appropriation is made for the purpose of paying the claim. Actual claims for the 2012-13 fiscal year, will be accepted without penalty if postmarked or delivered on or before **February 18, 2014**, or otherwise specified in the claiming instructions. Ongoing reimbursement claims filed after the deadline will be reduced by a late penalty of **10%, not to exceed \$10,000**. Amended claims filed after the filing deadline will be reduced by **10% of the increased amount not to exceed \$10,000** for the total claim. Initial reimbursement claims filed after the filing deadline will be reduced by a late penalty of **10% with no limitation**. Claims filed more than one year after the deadline will not be accepted by the SCO.

If a claimant is using an indirect cost rate that exceeds 10%, **documentation to support the indirect cost rate must be included with the submitted claim**. A more detailed discussion of the indirect cost methods available to local agencies can be found in Section 2, Filing a Claim, page 10, **Indirect Costs**. Documentation to support actual costs must be kept on hand by the claimant and made available to the SCO on request as explained in Section 2, Filing a Claim, page 19, **Retention of Claim Records and Supporting Documentation**.

When a program has been reimbursed for three or more years, the Commission on State Mandates (CSM) may approve the program for inclusion in the State Mandates Apportionment System (SMAS). For programs included in SMAS, the SCO determines the amount of each claimant's entitlement based on an average of three consecutive fiscal years of actual costs adjusted by any changes in the Implicit Price Deflator (IPD). Claimants with an established entitlement receive an annual apportionment adjusted by any changes in the IPD and, under certain circumstances, by any changes in workload. Claimants with an established entitlement are not required to file further claims for the program.

The SCO is authorized to make payments for costs of mandated programs from amounts appropriated by the State Budget Act, by the State Mandates Claims Fund, or by specific legislation. In the event the appropriation is insufficient to pay claims in full, claimants will receive prorated payments in proportion to the dollar amount of approved claims for the program. Balances of prorated payments will be made when supplementary funds become available.

2. Types of Claims

Claimants may file a reimbursement claim for actual mandated costs incurred in the prior fiscal year. An entitlement claim may be filed for the purpose of establishing a base year entitlement amount for mandated programs included in SMAS. A claimant who has established a base year entitlement for a program would receive an automatic annual payment, which is reflective of the current costs for the program.

All claims received by the SCO will be reviewed to verify actual costs. An adjustment of the claim will be made if the amount claimed is determined to be excessive, improper, or unreasonable.

A. Reimbursement Claim

A reimbursement claim is defined in GC section 17522 as any claim filed with the SCO by a local agency for reimbursement of costs incurred for which an appropriation is made for the purpose of paying the claim.

Initial reimbursement claims are first-time claims for reimbursement of costs for one or more prior fiscal year(s) of a program that was previously unfunded. Claims are due one hundred and twenty days from the date of issuance of the claiming instructions for the program by the SCO. The first statute that appropriates funds for the mandated program will specify the fiscal years for which costs are eligible for reimbursement.

Annual ongoing reimbursement claims must be filed by February 15th, unless otherwise specified in the claiming instructions, following the fiscal year in which costs were incurred for the program. Claims for fiscal year 2012-13 will be accepted without late penalty if postmarked or delivered on before the deadline. Claims filed after the deadline will be reduced by a late penalty of 10%, not to exceed \$10,000. However, initial reimbursement claims will be reduced by a late penalty of 10% with no limitation. Amended claims filed after the deadline will be reduced by 10% of the increased amount not to exceed \$10,000 for the claim. Claims filed more than one year after the deadline will not be accepted for reimbursement.

B. Entitlement Claim

An entitlement claim is defined in GC section 17522 as any claim filed by a local agency with the SCO for the sole purpose of establishing or adjusting a base year entitlement for a mandated program that has been included in SMAS. An entitlement claim should not contain nonrecurring or initial start-up costs. There is no statutory deadline for the filing of entitlement claims. However, entitlement claims and supporting documents should be filed by February 15 following the third fiscal year used to develop the entitlement claim, to permit an orderly processing of claims. When the claims are approved and a base year entitlement amount is determined, the claimant will receive an apportionment reflective of the program's current year costs.

The automatic apportionment is determined by adjusting the claimant's base year entitlement for changes in the IPD of costs of goods and services to governmental agencies, as determined by the State Department of Finance (DOF). For programs approved by CSM for inclusion in SMAS on or after January 1, 1988, the payment for each year succeeding the three year in base period is adjusted according to any changes by both the IPD and workload.

SCO will perform this computation for each claimant who has filed claims for three consecutive years. If a claimant has incurred costs for three consecutive years but has not filed a claim in each of those years, the claimant may file an entitlement claim; Form FAM-43, to establish a base year entitlement. The Form FAM-43 is included in the claiming instructions for SMAS programs. An entitlement claim does not result in the claimant being reimbursed for the costs incurred, but rather entitles the claimant to receive automatic payments from SMAS. Annual apportionments for programs included in the system are paid on or before November 30 of each year.

3. Minimum Claim Amount

For initial claims and annual claims filed on or after September 30, 2002, if the total costs for a given year do not exceed \$1,000, no reimbursement will be allowed except as otherwise authorized by GC section 17564. Combined claims may be filed only when the county is the fiscal agent for the special districts. The county will determine if the submission of a combined claim is economically feasible and will be responsible for disbursing the funds to each special district. A combined claim must show the individual claim costs for each eligible special district. All subsequent claims based upon the same mandate must only be filed in the combined form unless a special district provides to the county and to the Controller, at least 180 days prior to the deadline for filing the claim, a written notice of its intent to file a separate claim.

4. Filing Deadline for Claims

Pursuant to GC section 17561(d) initial reimbursement claims (first time claims) for reimbursement of costs of a previously unfunded mandated program must be filed within one hundred and twenty days from the date the SCO issues the claiming instructions for the program. When paying a timely

filed claim for initial reimbursement, the Controller may withhold twenty percent of the amount of the claim until the claim is audited to verify the actual amount of the mandated costs. Initial reimbursement claims filed after the filing deadline will be reduced by ten percent of the amount that would have been allowed had the claim been timely filed.

The Controller may withhold payment of any late claim for initial reimbursement until the next deadline for funded claims unless sufficient funds are available to pay the claim after all timely filed claims have been paid. All initial reimbursement claims for all fiscal years required to be filed on their initial filing date for a program will be considered as one claim for the purpose of computing any late claim penalty. In no case will a reimbursement claim be paid if submitted more than one year after the filing deadline specified in the Controller's claiming instructions on funded mandates.

Pursuant to GC section 17560, annual reimbursement claims (recurring claims) for costs incurred during the previous fiscal year must be filed with the SCO and postmarked on or before February 15th unless otherwise specified in the claiming instructions, following the fiscal year in which costs were incurred. If the annual reimbursement claim is filed after the deadline, but within one year of the deadline, the approved claim must be reduced by a 10% late penalty, not to exceed \$10,000. Amended claims filed after the deadline will be reduced by 10% of the increased amount not to exceed \$10,000 for the total claim. Claims may not be filed more than one year after the deadline.

5. Payment of Claims

In order for the SCO to authorize payment of a claim, the Certification of Claim, Form FAM-27, must be properly filled out, signed, and dated by the entity's authorized officer. Pursuant to GC section 17561(d), reimbursement claims are paid by October 15 or sixty days after the date the appropriation for the claim is effective, whichever is later. In the event the amount appropriated by the Legislature is insufficient to pay the approved amount in full for a program, claimants will receive a prorated payment in proportion to the amount of approved claims timely filed and on hand at the time of proration.

A claimant is entitled to receive accrued interest at the Pooled Money Investment Account rate for any unpaid subsequent claim amount remaining on August 15 following the filing deadline. Interest shall begin to accrue on August 16 following the filing deadline. For an initial claim, interest begins to accrue when the payment is made more than 365 days after the adoption of the program's statewide cost estimate. SCO may withhold up to twenty percent of the amount of an initial claim until the claim is audited to verify the actual amount of the mandated costs.

The SCO reports the amounts of insufficient appropriations to the DOF, the Chairperson of the Joint Legislative Budget Committee, and the Chairperson of the respective committee in each House of the Legislature. Any balances remaining on these claims will be paid if supplementary funds become available.

Unless specified in the statutes, regulations, or Parameters and Guidelines (P's & G's), the determination of allowable and unallowable costs for mandates is based on the P's & G's adopted by the CSM. Allowable costs are those direct and indirect costs, less applicable credits, considered eligible for reimbursement. In order for costs to be allowable and thus eligible for reimbursement, the costs must meet the following general criteria:

1. The cost is necessary and reasonable for proper and efficient administration of the mandate and not a general expense required to carry out the overall responsibilities of government.
2. The cost is allocable to a particular cost objective identified in the P's & G's.
3. The cost is net of any applicable credits that offset or reduce expenses of items allocable to the mandate.

The SCO has identified certain costs that should not be claimed as direct program costs unless specified as reimbursable under the program's P's & G's. These costs include, but are not limited to, subscriptions, depreciation, memberships, conferences, workshops, general education, and travel costs.

6. State Mandates Apportionment System (SMAS)

Chapter 1534, Statutes of 1985, established SMAS, a method of paying certain mandated programs as apportionments. This method is utilized whenever a program has been approved for inclusion in SMAS by the CSM.

When a mandated program has been included in SMAS, the SCO will determine a base year entitlement amount for each local agency that has submitted reimbursement claims, (or entitlement claims), for three consecutive fiscal years. A base year entitlement amount is determined by averaging the approved reimbursement claims, (or entitlement claims), for 1982-83, 1983-84, and 1984-85 years or any three consecutive fiscal years thereafter. The amounts are first adjusted by any change in the IPD, which is applied separately to each year's costs for the three years that comprise the base period. The base period means the three fiscal years immediately succeeding the CSM's approval.

Each local agency with an established base year entitlement for the program will receive automatic annual payments from the SCO reflective of the program's current year costs. The amount of apportionment is adjusted annually for any change in the IPD. If the mandated program was included in SMAS after January 1, 1988, the annual apportionment is adjusted for any change in both the IPD and workload.

For cities and counties, workload means a change in population within their boundaries; for special districts, a change in population of the county in which the largest percentage of the district's population is located.

In the event a local agency has incurred costs for three consecutive fiscal years but did not file a reimbursement claim in one or more of those fiscal years, the local agency may file an entitlement claim for each of those missed years to establish a base year entitlement. An entitlement claim means any claim filed by a local agency with the SCO for the sole purpose of establishing a base year entitlement. A base year entitlement may not include any non-recurring or initial start-up costs.

Initial apportionments are made on an individual program basis. After the initial year, all apportionments are made by November 30th. The amount to be apportioned is the base year entitlement adjusted by annual changes in the IPD for the cost of goods and services to governmental agencies as determined by the DOF.

In the event the local agency determines that the amount of apportionment does not accurately reflect costs incurred to comply with a mandate, the process of adjusting an established base year entitlement upon which the apportionment is based is set forth in GC section 17615.8 and requires the approval of the CSM.

The following programs are placed in SMAS:

7. Direct Costs

A direct cost is a cost that can be identified specifically with a particular program or activity. Documentation to support direct costs must be kept on hand unless otherwise specified in the claiming instructions and made available to the SCO on request.

It is the responsibility of the claimant to maintain documentation in the form of general and subsidiary ledgers, purchase orders, invoices, contracts, canceled warrants, equipment usage records, land deeds, receipts, employee time sheets, agency travel guidelines, inventory records, and other relevant documents to support claimed costs. The type of documentation necessary for each claim may differ with the type of mandate.

Costs typically classified as direct costs are:

(1) Employee Wages, Salaries, and Fringe Benefits

For each of the mandated activities performed, the claimant must list the names of the employees who worked on the mandate, their job classification, hours worked on the mandate, and rate of pay. The claimant may, in-lieu of reporting actual compensation and fringe benefits, use a productive hourly rate:

(a) Productive Hourly Rate Options

A local agency may use one of the following methods to compute productive hourly rates:

- Actual annual productive hours for each employee
- The weighted-average annual productive hours for each job title, or
- 1,800* annual productive hours for all employees

If actual annual productive hours or weighted-average annual productive hours for each job title is chosen, the claimant must maintain documentation of how these hours were computed.

* 1,800 annual productive hours excludes the following employee time:

- Paid holidays
- Vacation earned
- Sick leave taken
- Informal time off
- Jury duty
- Military leave taken.

(b) Compute a Productive Hourly Rate

1. Compute a productive hourly rate for salaried employees to include actual fringe benefit costs. The methodology for converting a salary to a productive hourly rate is to compute the employee's annual salary and fringe benefits and divide by the annual productive hours.

Table 1: Productive Hourly Rate, Annual Salary + Benefits Method

Formula:	Description:
$[(EAS + \text{Benefits}) \div APH] = PHR$	EAS = Employee's Annual Salary
	APH = Annual Productive Hours
$[(\$26,000 + \$8,099)] \div 1,800 \text{ hrs} = 18.94$	PHR = Productive Hourly Rate

- As illustrated in Table 1, if you assume an employee's compensation was \$26,000 and \$8,099 for annual salary and fringe benefits, respectively, using the "Salary + Benefits Method," the productive hourly rate would be \$18.94. To convert a biweekly salary to Annual Salary, multiply the biweekly salary by 26. To convert a monthly salary to Annual Salary, multiply the monthly salary by 12. Use the same methodology to convert other salary periods.
2. A claimant may also compute the productive hourly rate by using the "Percent of Salary Method."

Table 2: Productive Hourly Rate, Percent of Salary Method

Example:		
Step 1: Fringe Benefits as a Percent of Salary		Step 2: Productive Hourly Rate
Retirement	15.00 %	Formula: [(EAS x (1 + FBR)) ÷ APH] = PHR
Social Security & Medicare	7.65	
Health & Dental Insurance	5.25	
Workers Compensation	3.25	[((\$26,000 x (1.3115)) ÷ 1,800] = \$18.94
Total	31.15 %	
Description:		
EAS = Employee's Annual Salary		APH = Annual Productive Hours
FBR = Fringe Benefit Rate		PHR = Productive Hourly Rate

- As illustrated in Table 2, both methods produce the same productive hourly rate.

Reimbursement for personnel services includes, but is not limited to, compensation paid for salaries, wages and employee fringe benefits. Employee fringe benefits include employer's contributions for social security, pension plans, insurance, worker's compensation insurance and similar payments. These benefits are eligible for reimbursement as long as they are distributed equitably to all activities. Whether these costs are allowable is based on the following presumptions:

- The amount of compensation is reasonable for the service rendered;
- The compensation paid and benefits received are appropriately authorized by the governing board;
- Amounts charged for personnel services are based on payroll documents that are supported by time and attendance or equivalent records for individual employees;
- The methods used to distribute personnel services should produce an equitable distribution of direct and indirect allowable costs.

For each of the employees included in the claim, the claimant must use reasonable rates and hours in computing the wage cost. If a person of a higher-level job position performs an activity which normally would be performed by a lower-level position, reimbursement for time spent is allowable at the average salary range for the lower-level position. The salary rate of the person at the higher-level position may be claimed if it can be shown that it was more cost effective in comparison to the performance by a person at the lower-level position under normal circumstances and conditions. The number of hours charged to an activity should reflect the time expected to complete the activity under

normal circumstances and conditions. The numbers of hours in excess of normal expected hours are not reimbursable.

(c) Calculating an Average Productive Hourly Rate

In those instances where the claiming instructions allow a unit as a basis of claiming costs, the direct labor component of the unit cost should be expressed as an average productive hourly rate and can be determined as follows:

Table 3: Calculating an Average Productive Hourly Rate

	<u>Time Spent</u>	<u>Productive Hourly Rate</u>	<u>Total Cost by Employee</u>
Employee A	1.25 hrs	\$6.00	\$7.50
Employee B	0.75 hrs	4.50	\$3.38
Employee C	3.50 hrs	10.00	\$35.00
Total	5.50 hrs		\$45.88
Average Productive Hourly Rate is $\$45.88 \div 5.50 \text{ hrs.} = \8.34			

(d) Employer's Benefits Contribution

A local agency has the option of claiming actual employer's fringe benefit contributions or may compute an average fringe benefit cost for the employee's job classification and claim it as a percentage of direct labor. The same time base should be used for both salary and fringe benefits when computing a percentage. For example, if health and dental insurance payments are made annually, use an annual salary. After the percentage of salary for each fringe benefit is computed, total them. For example:

<u>Employer's Contribution</u>	<u>% to Salary</u>
Retirement	15.00%
Social Security	7.65%
Health and Dental Insurance	5.25%
Worker's Compensation	0.75%
Total	<u>28.65%</u>

(2) Materials and Supplies

Only actual expenses can be claimed for materials and supplies, which were acquired and consumed specifically for the purpose of a mandated program. The claimant must list the materials and supplies that were used to perform the mandated activity, the number of units consumed, the cost per unit, and the total dollar amount claimed. Materials and supplies purchased to perform a particular mandated activity are expected to be reasonable in quality, quantity and cost. Purchases in excess of reasonable quality, quantity, and cost are not reimbursable. Materials and supplies withdrawn from inventory and charged to the mandated activity must be based on a recognized method of pricing, consistently applied. Purchases may be claimed at the actual price after deducting discounts, rebates and allowances received by local agencies.

(a) Calculating a Unit Cost for Materials and Supplies

In those instances where the claiming instructions suggest that a unit cost be developed for use as a basis of claiming costs mandated by the State, the materials and supplies component of the unit cost should be expressed as a unit cost of materials and supplies as shown in Table 1 or Table 2:

Table 1: Calculating a Unit Cost for Materials and Supplies

<u>Supplies</u>	<u>Cost Per Unit</u>	<u>Amount of Supplies Used Per Activity</u>	<u>Unit Cost of Supplies Per Activity</u>
Paper	0.02	4	\$0.08
Files	0.10	1	0.10
Envelopes	0.03	2	0.06
Photocopies	0.10	4	<u>0.40</u>
			<u>\$0.64</u>

Table 2: Calculating a Unit Cost for Materials and Supplies

<u>Supplies</u>	<u>Supplies Used</u>	<u>Unit Cost of Supplies Per Activity</u>
Paper (\$10.00 for 500 sheet ream)	250 Sheets	\$5.00
Files (\$2.50 for box of 25)	10 Folders	1.00
Envelopes (\$3.00 for box of 100)	50 Envelopes	1.50
Photocopies (\$0.05 per copy)	40 Copies	2.00
		<u>\$9.50</u>
If the number of reimbursable instances are 25, then the unit cost of supplies is \$0.38 per reimbursable instance ($\$9.50 \div 25$).		

(3) Contract Services

The cost of contract services is allowable if the local agency lacks the staff resources or necessary expertise, or it is economically feasible to hire a contractor to perform the mandated activity. The claimant must keep documentation on hand to support the name of the contractor, explain the reason for having to hire a contractor, describe the mandated activities performed, give the dates when the activities were performed, the number of hours spent performing the mandate, the hourly billing rate, and the total cost. The hourly billing rate must not exceed the rate specified in the P's & G's for the mandated program. The contractor's invoice or statement must include an itemized list of costs for activities performed. **A copy of the contract must be included with the submitted claim.**

(4) Equipment Rental Costs

Equipment purchases and leases (with an option to purchase) are not reimbursable as a direct cost unless specifically allowed by the claiming instructions for the particular mandate. Equipment rentals used solely for the mandate, are reimbursable to the extent such costs do not exceed the retail purchase price of the equipment plus a finance charge. The claimant must explain the purpose and use for the equipment, the time period for which the equipment was

rented and the total cost of the rental. If the equipment is used for purposes other than reimbursable activities, only the prorata portion of the rental costs can be claimed.

(5) Capital Outlay

Capital outlays for land, buildings, equipment, furniture and fixtures may be claimed if the claiming instructions specify them as allowable. If they are allowable, the claiming instructions for the program will specify a basis for the reimbursement. If the fixed asset or equipment is also used for purposes other than reimbursable activities for a specific mandate, only the prorata portion of the purchase price used to implement the reimbursable activities can be claimed.

(6) Travel Expenses

Travel expenses are normally reimbursable in accordance with the travel rules and regulations of the local jurisdiction. For some programs, however, the claiming instructions may specify certain limitations on expenses, or that expenses can only be reimbursed in accordance with the State Board of Control travel standards. When claiming travel expenses, the claimant must maintain documentation to support the purpose of the trip, identify the name and address of the persons incurring the expense, the date and time of departure and return for the trip, a description of each expense claimed, the cost of transportation, number of private auto mileage traveled, and the cost of tolls and parking with receipts required for charges over \$10.00.

(7) Documentation

It is the responsibility of the claimant to make available to the SCO, upon request, documentation in the form of general and subsidiary ledgers, purchase orders, invoices, contracts, canceled warrants, equipment usage records, land deeds, receipts, employee time sheets, agency travel guidelines, inventory records, and other relevant documents to support claimed costs. The type of documentation necessary for each claim may differ with the type of mandate.

8. Indirect Costs

Indirect costs are: (a) Incurred for a common or joint purpose benefiting more than one cost objective, and (b) not readily assignable to the cost objectives specifically benefited without effort disproportionate to the results achieved. Indirect costs can originate in the department performing the mandate or in departments that supply the department performing the mandate with goods, services, and facilities. To be allowable, a cost must be allocable to a particular cost objective. Indirect costs must be distributed to benefiting cost objectives on bases, which produce an equitable result, related to the benefits derived by the mandate.

Previously, the costs of elected officials were considered expenses related to general government and, thus, were unallowable for reimbursement purposes. Recent interpretation has moved in the opposite direction, except for those items of cost, which are unallowable in the cost principles set forth in Office of Management and Budget Circular (OMB) Circular A-87 (Title 2 CFR Part 225). A cost that is necessary for proper and efficient administration of a program and is identifiable to that program is eligible for consideration as allocable indirect costs. Allocable costs for time spent on programs, must be supported by time record.

Local agencies have the option of using 10% of direct labor as indirect costs or claiming indirect costs through a department's Indirect Cost Rate Proposal (ICRP) for the program prepared in accordance with the provisions of Office of Management and Budget OMB Circular A-87 (Title 2 CFR Part 225.) (Refer to the Appendix-Costs Computation: Indirect Costs). An ICRP must be prepared if the claim for indirect costs is in excess of 10% of direct salaries; the ICRP must be submitted with the claim.

A. Fixed 10% Rate Method

Indirect costs may be computed as 10% of direct labor costs, excluding fringe benefits. The use of the 10% rate may benefit small agencies where it is inefficient to prepare an ICRP.

Direct Costs Incurred By	On Behalf of	
<u>Auditor</u>	<u>Welfare Administration</u>	<u>Health Department</u>
Warrant Writing:		
A. Salary of employee working	\$5,000	\$1,000
B. Benefits of above	800	200
C. Cost of paper	350	100
D. First-line supervision (salaries)	3,000	500
E. Indirect cost 10% of A + D	800	150
Total amount charged to benefited departments for warrant writing services	\$9,950	\$1,950

Direct Costs Incurred By	On Behalf of	
<u>Building & Grounds Department</u>	<u>Welfare Administration</u>	<u>Health Department</u>
Maintenance of Buildings:		
A. Salary of employees performing maintenance	\$1,000	\$500
B. Benefits of above	200	100
C. Cleaning supplies	250	150
D. First-line supervision (salaries)	500	200
E. Indirect cost 10% of A + D	150	70
Total amount charged to benefited departments for building maintenance services	\$2,100	\$1,020

Any local agency using this method for claiming costs must submit a statement similar to the example above and with supporting data. The cost data required for desk audit purposes are described in the claiming instructions for that mandated program under Salaries and Employee Benefits, Materials and Supplies, Contract Services, Travel Expenses, etc.

B. Indirect Cost Rate Proposal Method

If a local agency elects not to utilize the 10% fixed rate method but wants to claim indirect costs, it must prepare an ICRP for the program. The proposal must follow the provisions of the Office of Management and Budget (OMB) Circular A-87 (Title 2 CFR Part 225), *Cost Principles for State, Local, and Indian Tribal Governments*. The development of the indirect cost rate proposal requires that the indirect cost pool include only those costs which are incurred for a

common or joint purpose that benefit more than one cost objective. The indirect cost pool may only include costs that can be shown to provide benefits to the program. In addition, total allocable indirect costs may only include costs, which cannot be directly charged to an identifiable cost center (i.e., program).

A method for preparing a departmental indirect cost rate proposal for programs is presented as Exhibit 1. Only this format is acceptable under the SCO reimbursement requirements. If more than one department is involved in the reimbursement program, each department must have their own indirect cost rate proposal for the program.

(1) Notes to Exhibit 1

- (a) The department's ICRP plan for the distribution of costs to programs must follow the same format as shown on Exhibit 1. Specifically, there must be columns as follows: Description of Costs, Total Cost, Excludable and Unallowable Costs (may be combined or separated), Allowable Indirect Costs, and Allowable Direct Costs (which are further allocated to identifiable programs and other). No other format will be accepted.
- (b) Excluded costs are all costs that are unallowable and unallocable according to specific guidelines (OMB 2 CFR Part 225 and state laws).

Examples:

Contributions and donations: Cost of amusement; social activities and related incidental costs such as meals, beverages, lodging, rentals, transportation and gratuities; and pass through revenues to another unit or organization.

- (c) Allocable indirect costs are costs that are not identifiable to a specific program or cost pool and indirectly benefit all cost pools.
- (d) Direct costs are costs that benefit a specific program or cost pool.
- (e) Overhead costs are distributed to the department in the cost allocation plan, which was prepared in accordance with the OMB 2 CFR Part 225. Use the same year's cost allocation plan for developing the ICRP as the year for which the ICRP is being prepared. Do not include a roll forward adjustment when the program is in its initial year.
- (f) Distribution base for the computation of the indirect cost rate is total salaries and wages.

Total Allocable Direct Costs (direct S&W)	\$950,000
Excluded and Unallowable Costs (direct S&W)	50,000
Distribution Base	<u>\$1,000,000</u>

Therefore, the Indirect Cost Rate for Penal Code 987.9 Program is:

$$\text{ICRP} = \frac{\text{Allowable Indirect Costs}}{\text{Total Salaries and Wages}} = \frac{\$300,000}{\$1,000,000} = 30.00\%$$

9. Time Study Guidelines**Background**

Two methods are acceptable for documenting employee time charged to mandated cost programs: 1) Actual Time Reporting and 2) Time Study. These methods are described below. Application of time study results is restricted. As explained in the Time Study Results section below, the results may be projected forward a maximum of two years or applied retroactively to initial claims, current-year claims, and late-filed claims, provided certain criteria are met.

Actual Time Reporting

Each program's P's & G's define reimbursable activities for each mandated cost program. When employees work on multiple activities, a distribution of their salaries or wages must be supported by personnel activity reports or equivalent documentation that meets the following standards:

- They must reflect an after-the-fact (contemporaneous) distribution of the actual activity of each employee;
- They must account for the total activity for which each employee is compensated

- They must be prepared at least monthly and must coincide with one or more pay periods; and
- They must be signed by the employee.

Budget estimates or other distribution percentages determined before services are performed do not qualify as support for time distribution.

Time Study

In certain cases, a time study may be used to substitute for continuous records of actual time spent on multiple activities and/or programs. An effective time study requires that an activity be a task that is repetitive in nature. Activities that require a varying level of effort are not appropriate for time studies.

Time Study Plan

The claimant must develop a plan before the time study is conducted. The claimant must retain the time study plan for audit purposes. The plan must identify the following:

- Time period(s) to be studied – The plan must show that all time periods selected are representative of the fiscal year, and the results can be reasonably projected to approximate actual costs;
- Activities and/or programs to be studied – For each mandated program included, the time study must separately identify each reimbursable activity defined in the mandated program's P's & G's, which are derived from the program's Statement of Decision. If a reimbursable activity in the P's & G's identifies separate and distinct sub-activities, these sub-activities must also be treated as individual activities.

For example, sub-activities (a), (b), and (c) under Reimbursable Activity (B)(1) of the local agency's Domestic Violence Treatment Services: Authorization and Case Management program relate to information to be discussed during victim notification by the probation department and therefore are not separate and distinct activities. These sub-activities do not have to be separately studied.

- Process used to accomplish each reimbursable activity – Use flowcharts or similar analytical tools and/or written desk procedures to describe the process for each activity.
- Employee universe – The employee universe used in the time study must include all positions for which salaries and wages are to be allocated by means of the time study.
- Employee sample selection methodology – The plan must show that employees selected are representative of the employee universe, and the results can be reasonably projected to approximate actual costs. In addition, the employee sample size should be proportional to the variation in time spent to perform a task. The sample size should be larger for tasks with significant time variations.
- Time increments to be recorded – The time increments used should be sufficient to recognize the number of different activities performed and the dynamics of these responsibilities. Very large increments (such as one hour or more) might be used for employees performing only a few functions that change very slowly over time. Very small increments (a number of minutes) may be needed for employees performing more short-term tasks.

Random moment sampling is not an acceptable alternative to continuous time records for mandated cost claims. Random moment sampling techniques are most applicable in situations where employees perform many different types of activities on a variety of programs with small time increments throughout the fiscal year.

Time Study Documentation

Time studies must:

- Be supported by time records that are completed contemporaneously;
- Report activity on a daily basis;
- Be sufficiently detailed to reflect all mandated activities and/or programs performed during a specific time period; and
- Coincide with one or more pay periods.

Time records must be signed by the employee (electronic signatures are acceptable) and be supported by corroborating evidence, which validates that the work was actually performed. As with actual time reporting, budget estimates or other distribution percentages determined before services are performed do not qualify as valid time studies.

Time Study Results

Time study results must be summarized to show how the time study supports the costs claimed for each activity. Any variations from the procedures identified in the original time study plan must be documented and explained. Current-year costs must be used to prepare a time study. Claimants may project time study results to no more than two subsequent fiscal years. A claimant may not apply time study results retroactively.

- Annual Reimbursement Claims – Claimants may use time studies to support costs incurred on or after January 1, 2005. Claimants may not use time studies for the period July 1, 2004, through December 31, 2004, unless (1) the program's P's & G's specifically allows time studies, and (2) the time study is prepared based on mandated activity occurring between July 1, 2004, and December 31, 2004.
- Initial Claims –When filing an initial claim for new mandated programs, claimants may only use time study results for costs incurred on or after January 1, 2005. Claimants may not use time studies to support costs incurred before January 1, 2005, unless (1) the program's P's & G's specifically allow time studies, and (2) the claimant prepares separate time studies for each fiscal year preceding January 1, 2005, based on mandated activity occurring during those years.

When projecting time study results, the claimant must certify that there have been no significant changes between years in either (1) the requirements of each mandated program activity or (2) the processes and procedures used to accomplish the activity. For all years, the claimant must maintain corroborating evidence that validates the mandated activity was actually performed. Time study results used to support subsequent years' claims are subject to the recordkeeping requirements for those claims.

10. Offsets against State Mandated Claims

When part or all the costs of a mandated program are specifically reimbursable from non-local agency sources (e.g., state, federal, foundation, etc.), only that portion of any increased costs payable from local agency funds is eligible for reimbursement under the provisions of Government Code Section 17561.

A. Example 1

This example shows how the offset against a state mandated claim is determined for local agencies receiving block grant revenues not based on a formula allocation. Listed below are six situations, which may occur at a local agency level. For hypothetical program costs of \$100,000: (1) through (4) show intended funding at 100% from non-local agency sources and (5) through (6) show cost sharing on a 50/50 basis with the local agency. Of the \$100,000 program cost, \$2,500 is the cost of state mandated activity. Offset against state mandated claims is the amount

of actual non-local agency funding which exceeds the difference between program costs and state mandated costs. The offset against state mandated claims cannot exceed the amount of state mandated costs. In (4), non-local revenues were fully realized to cover the entire cost of the program, including the state mandate activity; therefore, the offset against state mandated claims is \$2,500. In (1), non-local revenues were less than expected. Non-local agency funding was not in excess of the difference between program costs and state mandated costs. As a result, the offset against state mandated claims is zero and \$2,500 is claimable as mandated costs. In (5), the local agency is sharing 50% of the program cost. Since non-local revenues of \$50,000 were fully realized, the offset against state mandated claims is \$1,250.

	<u>Program Costs</u>	<u>Actual Non-Local Agency Funding</u>	<u>State Mandated Costs</u>	<u>Offset Against State Mandated Claims</u>	<u>Claimable Mandated Costs</u>
A. Block Grants (funding not based on a formula allocation)					
1.	\$100,000	\$95,000	\$2,500	\$-0-	\$2,500
2.	100,000	97,000	2,500	-0-	2,500
3.	100,000	98,000	2,500	500	2,000
4.	100,000	100,000	2,500	2,500	-0-
5.	100,000 *	50,000	2,500	1,250	1,250
6.	If in (5) the non-local matching share is less than the amount expected, for example \$49,000, the offset against state mandated claims is \$250. Therefore, the claimable mandated costs are \$2,250				

* Local agency share is \$50,000 of the program costs.

B. Example 2

This example shows how the offset against state mandated claims are determined for local agencies receiving special project funds based on approved actual costs. Non-local revenues for special projects must be applied proportionately to approve costs. In (2), the entire program cost was approved. Since the non-local agency source covers 75% of the program cost, it also proportionately covered 75% of the \$2,500 state mandated costs, or \$1,875.

	<u>Program Costs</u>	<u>Actual Non-Local Agency Funding</u>	<u>State Mandated Costs</u>	<u>Offset Against State Mandated Claims</u>	<u>Claimable Mandated Costs</u>
B. Special Projects (funding based on approved actual costs)					
1.	\$100,000	\$100,000	\$2,500	\$2,500	\$-0-
2.	100,000 **	75,000	2,500	1,875	625
3.	If in (2) the non-local matching share is less than the amount expected, because only \$60,000 of the program costs were determined to be valid by the contracting agency, then a proportionate share of state mandated costs is likewise reduced to \$1,500. The offset against state mandated claim is \$1,125. Therefore, the claimable mandated costs are \$375.				

** Local agency share is \$25,000 of the program cost

With respect to local agencies, the offset against state mandated claims for applicable federal and state local assistance programs includes, but is not limited to, the following funding sources:

Federal and State Funding Sources

Governing Authority

Federal Programs:

CETA, PL 93-203	Federal-Health – Administration
Federal Aid for Construction	Federal-Public Assistance – Administration
Federal Aid for Disaster	

State Programs:

11. Notice of Claim Adjustment

All claims submitted to the SCO are reviewed to determine if the claim was prepared in accordance with the claiming instructions. Claimants will receive a *Notice of Claim Adjustment* detailing any adjustment made by the SCO.

12. Audit of Costs

Pursuant to GC section 17558.5, subdivision (b), the SCO may conduct a field review of any claim after it has been submitted, prior to the reimbursement of the claim to determine if costs are related to the mandate, are reasonable and not excessive, and the claim was prepared in accordance with SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, a Notice of Claim Adjustment specifying the claim activity adjusted, the amount adjusted, and the reason for the adjustment, will be mailed within thirty days after payment of the claim.

13. Source Documents

Costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification stating, "I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

14. Claim Forms and Instructions

A claimant may submit a computer generated report in substitution for Form 1 and Form 2 provided the format of the report and data fields contained within the report are identical to the claim forms included with these instructions. The claim forms provided with these instructions should be duplicated and used by the claimant to file a reimbursement claim. The SCO will revise the manual and claim forms as necessary.

A. Form 2, Activity Cost Detail

This form is used to segregate the detail costs by claim component. In some mandates, specific reimbursable activities have been identified for each component. The expenses reported on this form must be supported by the official financial records of the claimant.

B. Form 1, Claim Summary

This form is used to summarize direct costs by component and compute allowable indirect costs for the mandate. The direct costs summarized on this form are derived from Form 2 and are carried forward to Form FAM-27.

C. Form FAM-27, Claim for Payment

This form contains a certification that must be signed by an authorized officer of the entity. All applicable information from Form 1 must be carried forward to this form in order for the SCO to process the claim for payment. An original and one copy of the Form FAM-27 are required.

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

16. Retention of Claim Records and Supporting Documentation

Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency pursuant to this chapter is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit will be completed not later than two years after the date that the audit was commenced.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If the Controller has initiated an audit during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to SCO on request.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2004-01
ADMINISTRATIVE LICENSE SUSPENSION

FEBRUARY 6, 2004

REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Administrative License Suspension program. The Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On August 29, 2002, the Commission on State Mandates (CSM) adopted a Statement of Decision finding that the test claim legislation imposes a reimbursable state-mandated program on local agencies within the meaning of article XIII B, section 6 of the California Constitution and GC section 17514.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any city or county, as defined in GC sections 17511 and 17515, that incurs increased costs as a result of this mandate is eligible to claim for reimbursement.

Reimbursement Claim Deadline

Claims for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC Section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

Administrative License Suspension – Per Se (98-TC-16)

I. SUMMARY OF THE MANDATE

The *Administrative License Suspension* legislation became effective on July 1, 1990. Generally, the test claim legislation authorizes a peace officer, on behalf of the Department of Motor Vehicles (DMV), to immediately seize a valid California driver's license in the possession of a person arrested or detained for driving under the influence of alcohol (DUI), immediately serve an order of suspension or revocation, and issue a temporary driver's license to the driver.

The Commission on State Mandates partially approved this test claim pursuant to article XIII B, section 6 of the California Constitution, and Government Code section 17514, for the increased costs in performing the following activities:

- A. Admonishing those drivers, detained under Vehicle Code section 23136 and not ultimately arrested for having a concentration of alcohol in their blood in violation of a DUI statute, that the failure to submit to, or the failure to complete, a preliminary alcohol screening test or other chemical test as requested will result in the suspension or revocation of the driver's license.
- B. Requesting and administering the alcohol screening test on minors that are detained pursuant to Vehicle Code sections 23136 and 23137 and are not ultimately arrested for having a concentration of alcohol in their blood in violation of a DUI statute.
- C. Taking possession of any driver's license issued by the state and serving the notice of order of suspension or revocation, with the temporary driver's license endorsed on the back of the notice, on the driver if the driver refuses or fails to complete the chemical test,

¹ Renumbered to 13388 (Stats. 1998, ch. 118).

² Renumbered to 23612 (Stats. 1999, ch. 22).

³ Renumbered to 13380 (Stats. 1998, ch. 118).

⁴ Renumbered to 13382 (Stats. 1998, ch. 118).

or has been found to have a concentration of alcohol in the blood in violation of the DUI statutes, as specified in Vehicle Code sections 23137, 23157, 23158.5, 13353, 13353.1, and 13353.2.

- D. Issuing the non-English notice developed under Vehicle Code section 14100 when appropriate.
- E. Completing a sworn report in accordance with Vehicle Code section 23158.2 for those drivers that are arrested or detained with a blood alcohol concentration higher than the legal limits, and for detained minors who refuse or fail to complete the required preliminary alcohol screening test or other chemical test.
- F. Submitting a copy of the completed notice of order of suspension, driver's license, and sworn report to the DMV pursuant to Vehicle Code sections 23137, 23157, 23158.2, and 23158.5.
- G. Informing a person arrested for a specified controlled substance offense of the driver's license sanctions either orally or in writing, and indicating that the information was provided orally to the person on the arrest report or notice to appear, or attaching the written notice to the arrest report or notice to appear pursuant to Vehicle Code section 13202.3.

The Commission also found that the following activities were not reimbursable pursuant to article XIII B, section 6 of the California Constitution:

- The collection of evidence, including the vehicle stop, administering all field sobriety tests, administering the evidentiary chemical test, and completing the police report, pursuant to Vehicle Code section 23157 are directly related to the enforcement of a crime or infraction and, thus, are not subject to article XIII B, section 6.
- Forwarding the results of a blood or urine test to the appropriate forensic laboratory pursuant to Vehicle Code sections 23137 and 23157 does not constitute a new program or higher level of service, and thus, reimbursement is not required under article XIII B, section 6.
- The peace officer's time when subpoenaed for the administrative hearings pursuant to Vehicle Code sections 13557, 13558, and 14100 does not constitute a new program or higher level of service, and thus, reimbursement is not required under article XIII B, section 6.

II. ELIGIBLE CLAIMANTS

Any city, county, and city and county that incurs increased costs as a result of this reimbursable state mandated program is eligible to claim reimbursement of those costs.

III. PERIOD OF REIMBURSEMENT

Government Code section 17557, as amended by Statutes 1998, chapter 681, states that a test claim shall be submitted on or before June 30 following a fiscal year in order to establish eligibility for reimbursement for that fiscal year. The City of Newport Beach filed the test claim on June 11, 1999. Therefore, costs incurred on or after July 1, 1997, in compliance with Statutes 1989, chapter 1460; Statutes 1990, chapter 431; Statutes 1992, chapter 1281;

Statutes 1993, chapters 899 and 1244; Statutes 1994, chapter 938, and Statutes 1997, chapter 5⁵ are eligible for reimbursement.

Vehicle Code section 13202.3, which was added by Statutes 1997, chapter 5, became inoperative on June 30, 1999, and was repealed on January 1, 2000. Therefore, costs incurred in compliance with Statutes 1997, chapter 5 are reimbursable on or after July 1, 1997, through June 30, 1999.

Actual costs for one fiscal year shall be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. Pursuant to Government Code section 17561, subdivision (d)(1), all claims for reimbursement of initial years' costs shall be submitted within 120 days of notification by the State Controller of the issuance of claiming instructions.

If the total costs for a given fiscal year do not exceed \$1,000, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. For activities A through C below, actual costs shall be claimed based on the uniform cost allowance adopted by the Commission. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, notices of order of suspension or revocation, sworn reports, arrest reports, notices to appear, employee time records or time logs, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), activity logs, purchase orders, contracts, agendas, and declarations. Declarations must include a certification or declaration stating, "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

For each eligible claimant, the following activities are reimbursable:

⁵ Statutes 1997, chapter 5 became effective on April 15, 1997. However, the test claim for this mandate was filed on June 11, 1999, and thus, costs incurred in compliance with the mandate are reimbursable beginning July 1, 1997.

A. Minors (under the age of 21) that Are *Detained But Not Ultimately Arrested* for Violation of a DUI Statute (Blood Alcohol Level of 0.01 Percent or Greater (Veh. Code, § 23136).)

Claimants are not eligible for reimbursement for these activities if the driver under the age of 21 is arrested for violation of a DUI statute.

1. Admonishing those drivers, detained under Vehicle Code section 23136 and *not ultimately arrested* for having a concentration of alcohol in their blood in violation of a DUI statute, that the failure to submit to, or the failure to complete, a preliminary alcohol screening test or other chemical test as requested will result in the suspension or revocation of the driver's license. (Veh. Code, § 23136.)

C. Drivers Arrested for a Specified Controlled Substance Offense

1. Informing a person arrested for a specified controlled substance offense of the driver's license sanctions of suspension or delay of driving privileges either orally or in writing. If

the information is provided orally, indicating on the arrest report or on the notice to appear the time and date that the information was provided. Code, § 13202.3, subd. (e).) (*Reimbursement period: July 1, 1997 – June 30, 1999.*)⁶

V. CLAIM PREPARATION AND SUBMISSION

Each claimed reimbursable cost must be supported by source documentation as described in Section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Uniform Allowances (Time)

The uniform time allowances cover the cost of the salaries and benefits of the employees performing the activities listed in section IV. of these parameters and guidelines. For purposes of the following calculations, productive hours means: “Time spent performing any kind of mental or physical work. Paid leave is not included.”

1. Minors (under the age of 21) that Are *Detained But Not Ultimately Arrested* for Violation of a DUI Statute (Blood Alcohol Level of 0.01 Percent or Greater (Veh. Code, § 23136).)
 - a. For activities IV. A. 1. and IV. A. 2., multiply as follows:
(the number of cases) x (0.2667 hours⁷) x (the productive hourly rate [total wages and related benefits divided by productive hours] for employees performing the reimbursable activities).
 - b. For activities IV. A. 3. through IV. A. 5., multiply as follows:
(the number of cases) x (0.2500 hours⁸) x (the productive hourly rate [total wages and related benefits divided by productive hours] for employees performing the reimbursable activities).
2. All Drivers (Adults and Minors) that Are *Arrested* for Violation of a DUI Statute (Blood Alcohol Level of 0.08 Percent or Greater for Adults (Veh. Code, §§ 23152 and 23153) and Blood Alcohol Level of 0.05 Percent or Greater for Minors (Veh. Code § 23140).)
 - a. For activities IV. B. 1. through IV. B. 3., multiply as follows:
(the number of cases) x (0.2500 hours⁹) x (the productive hourly rate [total wages and related benefits divided by productive hours] for employees performing the reimbursable activities).

⁶ This activity was added by the Legislature by Statutes 1997, chapter 5 and became effective on April 15, 1997. Vehicle Code section 13202.3 became inoperative on June 30, 1999, and was repealed on January 1, 2000.

⁷ Equivalent to 16 minutes.

⁸ Equivalent to 15 minutes.

⁹ Equivalent to 15 minutes.

3. Drivers Arrested for a Specified Controlled Substance Offense

- a. For activity IV. C. 1., multiply as follows:¹⁰

(the number of cases) x (0.0083 hours¹¹) x (the productive hourly rate [total wages and related benefits divided by productive hours] for employees performing the reimbursable activity).

The Commission has not identified any circumstances that would cause an eligible claimant to incur additional costs to perform the reimbursable activities in section IV. of these parameters and guidelines, which have not already been incorporated in the uniform time allowance.

Eligible claimants incurring any such costs within the scope of the reimbursable activities may submit a request to amend the parameters and guidelines to the Commission for such costs to be approved for reimbursement, subject to the provisions of California Code of Regulations, title 2, section 1183.2.

B. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. Direct costs that are eligible for reimbursement in addition to the uniform time allowances are:

1. Materials and Supplies

Report the cost of *postage and envelopes* that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

C. Indirect Cost Rates

Indirect costs are costs that are incurred for a common or joint purpose, benefiting more than one program, and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include both (1) overhead costs of the unit performing the mandate; and (2) the costs of the central government services distributed to the other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in the Office of Management and Budget (OMB) Circular A-87. Claimants have the option of using 10% of direct labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in OMB Circular A-87 Attachments A and B) and the indirect costs shall exclude capital expenditures and unallowable costs (as defined and described in OMB A-87 Attachments A and B). However, unallowable costs must be included in the direct costs if they represent activities to which indirect costs are properly allocable.

¹⁰ Activity IV. F. is only reimbursable through June 30, 1999.

¹¹ Equivalent to 30 seconds.

The distribution base may be (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc.), (2) direct salaries and wages, or (3) another base which results in an equitable distribution.

In calculating an ICRP, the Claimant shall have the choice of one of the following methodologies:

1. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by (1) classifying a department's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected; or
2. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by (1) separating a department into groups, such as divisions or sections, and then classifying the division's or section's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate that is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter¹² is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. OFFSETTING SAVINGS AND REIMBURSEMENTS

Any offsetting savings the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate received from any source, including but not limited to, service fees collected, including fees collected pursuant to Vehicle Code section 14905; federal funds and other state funds; and grant monies received by the state and passed through to local agencies (obtained by Public Law 100-690, which added United States Code, title 23, sections 408 and 410), shall be identified and deducted from this claim.

¹² This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

VIII. STATE CONTROLLER'S CLAIMING INSTRUCTIONS

Pursuant to Government Code section 17558, subdivision (b), the Controller shall issue claiming instructions for each mandate that requires state reimbursement not later than 60 days after receiving the adopted parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The claiming instructions shall be derived from the statute or executive order creating the mandate and the parameters and guidelines adopted by the Commission.

Pursuant to Government Code section 17561, subdivision (d)(1), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions and the Controller shall modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557, subdivision (a), and California Code of Regulations, title 2, section 1183.2.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The Statement of Decision is legally binding on all parties and provides the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record, including the Statement of Decision, is on file with the Commission.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2012-35
ALLOCATION OF PROPERTY TAX REVENUES
REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Allocation of Property Tax Revenues program. The amended Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On July 21, 1994, the Commission on State Mandates (CSM) adopted a Statement of Decision finding that the test claim legislation imposes a reimbursable state-mandated program on local agencies within the meaning of article XIII B, section 6 of the California Constitution and GC section 17514.

On January 29, 2010, the CSM approved the amendments to the P's & G's to update the "boilerplate language" clarifying source documentation requirements and record retention language as requested by the SCO.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any county, as defined in GC section 17515, that incurs increased costs as a result of this mandate is eligible to claim for reimbursement.

Reimbursement Claim Deadline

Claims for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all

documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

In accordance with Section 17557 of the Government Code, when a test claim is filed on or before December 31, costs incurred during the prior fiscal year are eligible for reimbursement. In this case, costs incurred in the 1992-93 and subsequent fiscal years, on or after the above statutory operative dates, are eligible for reimbursement.

Actual costs for one fiscal year shall be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. V. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating, "I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct based upon personal knowledge." Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

A. Scope of Mandate

Counties shall be reimbursed for costs incurred to comply with new state requirements for allocating property tax revenues pursuant to certain provisions of Revenue and Taxation Code sections 97, 97.01, 97.02, 97.03, 97.035, 97.5, 98, 99, as added and amended by Chapter 697, Statutes of 1992, Chapter 699, Statutes of 1992, Chapter 700, Statutes of 1992, Chapter 899, Statutes of 1992, Chapter 1369, Statutes of 1992, Chapter 66, Statutes of 1993, Chapter 68, Statutes of 1993, Chapter 904, Statutes of 1993, Chapter 905, Statutes of 1993, Chapter 1279, Statutes of 1993, hereafter referred to as the subject law.

B. The following local government costs for planning, implementing, state reporting, distributing funds, administering, and accounting necessary to comply with the subject law (These costs should only be the Property Tax Reallocation Administrative Costs, which cannot be charged to the school districts):

1. For planning:
 - a. Meeting and conferring with state and local officials to interpret the subject law and establish local operating guidelines.
 - b. Developing or revising local user requirements for the subject new county system for ancillary property tax revenue allocations.
 - c. Modifying county policies and procedures in compliance with the subject law.

2. For implementation:
 - a. Preparation and review of 1989-90 adjusted prior year Revenue Certification schedules.
 - b. Analysis and identification of relevant prior year revenues and adjustments by type of local unit.
 - c. Computations of factored amounts of relevant prior year revenues and adjustments by type of local unit.
 - d. Computations of 16 factor/column local unit schedules to determine base revenue shift in a form suitable for mandatory state reporting.
 - e. Preparation of property tax revenue reallocation (certification) notices and supporting schedules for all affected local units.
 - f. Development or modification of software or manual procedures necessary to distribute reallocated property tax revenues to schools' Educational Revenue Augmentation Funds (ERAF).
 - g. Inputting relevant tax revenue data into the new processing system.
 - h. Processing State Controller Office reallocation changes such as the increase in Special District property revenue collection reallocations of 5%, from 35% to 40%.
3. For reporting to the State Controller the amount of the property tax revenue reduction to each special district within the county.
4. For distributing ERAF funds, to periodically input and transfer new property tax revenue reallocations to schools' ERAF accounts.
5. For administering new ERAF transactions, to notify all affected local jurisdictions of their account transactions and balances and, upon request, explain, verify, confirm or research particular new property tax revenue reallocations.
6. For accounting, to prepare journal vouchers for custodial account transfers, compute interest earnings for allocations to accounts, reconcile accounts for fiduciary purposes, and document all account processing, subject to audit.

VI. CLAIM PREPARATION AND SUBMISSION

Each claim for reimbursement pursuant to this mandate must be timely filed and set forth a listing of each item for which reimbursement is claimed under this mandate.

Claimed costs would be supported by the following:

A. Employee Salaries and Benefits

Show the name of the employee involved, the classification of the employee, mandated functions performed, number of hours devoted to the function, productive hourly rates and benefits.

B. Services, Equipment and Supplies

Only expenditures which can be identified as a direct cost as a result of the mandate can be claimed. List cost of materials or equipment acquired which have been consumed or expended specifically for the purposes of this mandate.

C. Contract Services

List costs incurred for contract services for the mandated program. Contracting costs are reimbursable to the extent that the function performed requires special skills or knowledge that is not readily available from the claimant's staff. Use of contract services must be justified by the claimant.

D. Fixed Assets

List the cost of fixed assets that have been acquired specifically for the purpose of this mandate. If a fixed asset is acquired for the subject state mandates, but is utilized in some way not directly related to the program, only the pro-rata portion of the asset which is used for purposes of the program is reimbursable.

E. Allowable Overhead Cost

Claimants have the option of using 10% of direct labor as indirect costs or preparing a departmental Indirect Cost Rate Proposal (ICRP) for the program if an indirect cost rate in excess of 10% is claimed. If more than one department is claiming indirect costs for the mandated program, each department must have their own ICRP prepared in accordance with Office of Management and Budget Circular A-87 (OMB A-87).

VII. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter¹ is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section V, must be retained during the period subject to audit. If the Controller has initiated an audit during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings

VIII. OFFSETTING SAVINGS AND OTHER REIMBURSEMENT

Any offsetting savings the claimant experiences as a direct result of the subject statutes must be deducted from the costs claimed. In addition, reimbursements for the subject mandates received from any source, e.g., federal, state, etc., shall be identified and deducted from this claim.

IX. STATE CONTROLLER'S OFFICE REQUIRED CERTIFICATION

¹ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

An authorized representative of the claimant will be required to provide a certification of the claim, as specified in the State Controller's claiming instructions, for those costs mandated by the state contained herein.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2012-39
COUNTYWIDE TAX RATES

REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Countywide Tax Rates program. The amended Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On August 24, 1989, the Commission on State Mandates (CSM) adopted a Statement of Decision finding that the test claim legislation imposes a reimbursable state-mandated program on local agencies within the meaning of article XIII B, section 6 of the California Constitution and GC section 17514.

On January 29, 2010, the CSM approved the amendments to the P's & G's to update the "boilerplate language" clarifying source documentation requirements and record retention language as requested by the SCO.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any county, as defined in GC section 17515, that incurs increased costs as a result of this mandate is eligible to claim for reimbursement.

Reimbursement Claim Deadline

Claims for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all

documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

Amendment to Parameters and Guidelines

Revenue and Taxation Code Section 98.9

Statutes 1987, Chapter 921

Countywide Tax Rates

05-PGA-27 (CSM-4355)

This amendment is effective beginning with claims filed for the July 1, 2005 through June 30, 2006 period of reimbursement.

I. Summary of Mandate

Chapter 921 statutes of 1987 amended section 98.9 of the Revenue and Taxation Code. This section requires counties to allocate property tax revenue attributable to unitary and operating nonunitary property commencing with the 1988-89 fiscal year on the basis of a new formula. In addition, counties are required to establish a single countywide tax rate area to which the assessed value of all unitary and operating nonunitary property will be assigned, and to issue each state assessee, other than a regulated railway company, a single tax bill for such property.

II. Commission on State Mandates Decision

On August 24, 1989, the Commission on State Mandates determined that section 98.9 of the Revenue and Taxation Code as amended by chapter 921, Statutes of 1987, contains reimbursable state-mandated costs.

III. Eligible Claimants

Counties that incur costs as the result of the mandate.

IV. Period of Reimbursement

This amendment is effective beginning with claims filed for the July 1, 2005 through June 30, 2006 period of reimbursement.

Chapter 921, Statutes of 1987, became effective September 21, 1987 as an urgency measure. Government Code Section 17557 states that a test claim must be submitted on or before November 30 following a given fiscal year to establish eligibility for that fiscal year. The test claim for this mandate was filed by the County of Fresno on September 6, 1988. Therefore, reimbursement claims may be filed for costs incurred on or after September 21, 1987.

Actual costs for one fiscal year should be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. Pursuant to Section 17561 (d)†(3) of the Government Code, all claims for reimbursement of costs shall be submitted within 120 days of notification by the State Controller of the enactment of the claims bill.

If the total costs per claimant for a given fiscal year do not exceed \$200, no reimbursement shall be allowed, except as otherwise provided by Government Code Section 17564.

V. Reimbursable Costs

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating, "I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct based upon personal knowledge." Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

A. Scope of Mandate

Counties will be reimbursed for costs incurred pursuant to Section 98.9 of the Revenue and Taxation Code as amended by Chapter 921, Statutes of 1987.

For each eligible claimant meeting the above criteria, the following costs items are reimbursable.

B. Reimbursable Activities

Implementation Costs

1. Creation of a new allocation formula used to assess the value attributable to unitary and operating nonunitary property.
2. Establishment of a single countywide tax rate area for the assignment of the assessed value of all unitary and operating nonunitary property in each county.

On-Going Costs

3. Issuance to each state assessee, other than a regulated railway company, of a single tax bill in the county.
4. Computation of each year's unitary tax rates for all unitary and operating nonunitary property.
5. Additional tax roll processing, e.g., application of Special Assessments, necessary to specifically process the unitary utility assessments received from the State Board of Equalization.

6. Calculation of each year's, allocation formulas, and subsequent distribution of collected unitary tax revenues.
7. Correcting tax bills for assessments erroneously placed in the Countywide Tax Rate Area by the State Board of Equalization.
8. Research and explanations to local agencies or to assessee, (e.g. either in the application of special assessments to unitary utility properties, or when unitary utility properties subsequently change.)

Allowable costs include, but are not limited to, salaries and benefits, services and supplies, postage, travel, workshops, contracted or uncontracted consultation services, computer analysis, programming, computer machine time, microcomputer hardware and software, and overhead and related costs, all of which are attributable to the implementation and on-going maintenance required to comply with the provisions of this mandate.

VI. Claim Preparation and Submission

Reimbursement claims should show the actual increased costs incurred by the local agency in complying with this mandate. Each claim for reimbursement pursuant to this mandate must be timely filed and set forth a listing of each item for which reimbursement is claimed. Claimed costs should be supported by the following:

A. Employee Salaries and Benefits

Identify the employee(s); show the classification of the employee(s) involved; describe the mandated functions performed and specify the actual number of hours devoted to each function, the productive hourly rate, and related benefits. The average number of hours devoted to each function may be claimed if supported by a documented time study.

B. Services, Supplies and Equipment

Only expenditures which can be identified as a direct cost of the mandate can be claimed (including contract and consultant services). List cost of materials which have been consumed or expended specifically for the purpose of this mandate.

C. Allowable Overhead Costs

Indirect costs may only be claimed in the manner described by the State Controller in his claiming instructions.

VII. Record Retention

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter¹ is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that

¹ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

the audit is commenced. All documents used to support the reimbursable activities, as described in Section V, must be retained during the period subject to audit. If the Controller has initiated an audit during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VIII. Offsetting Savings and Other Reimbursement

Any offsetting savings that a claimant experiences as a direct result of this statute must be deducted from the costs claimed. This includes any actual savings resulting from a reduction in the number of tax bills created, processed and mailed due to this mandate. In addition, reimbursement specifically received for this mandate from any non-local source (e.g., federal or state grant) shall be identified and deducted so only net local costs are claimed.

IX Controller's Office Required Certification

The following certification must accompany the claim:

I DO HEREBY CERTIFY under penalty of perjury;

THAT the foregoing is true and correct;

THAT section 1090 to 1096, inclusive, of the Government Code and other applicable provisions of law have been complied with; and

THAT I am the person authorized by the local agency to file claims for funds with the State of California.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2006-01
CRIME VICTIM'S DOMESTIC VIOLENCE INCIDENT REPORTS

FEBRUARY 14, 2006

REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Crime Victim's Domestic Violence Incident Reports program. The Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On September 25, 2003, the Commission on State Mandates (CSM) adopted a Statement of Decision finding that the test claim legislation imposes a reimbursable state-mandated program on local agencies within the meaning of article XIII B, section 6 of the California Constitution and GC section 17514.

Eligible Claimants

Any city or county, as defined in GC sections 17511 and 17515, that incurs increased costs as a result of this mandate is eligible to claim for reimbursement.

Reimbursement Claim Deadline

Claims for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

PARAMETERS AND GUIDELINES

Family Code Section 6228

Statutes 1999, Chapter 1022

Crime Victim's Domestic Violence Incident Reports (99-TC-08)

County of Los Angeles, Claimant

I. SUMMARY OF THE MANDATE

On September 25, 2003, the Commission on State Mandates (Commission) adopted a corrected Statement of Decision finding that Family Code section 6228, as added by Statutes 1999, chapter 1022, mandated a new program or higher level of service for local law enforcement agencies within the meaning of article XIII B, section 6 of the California Constitution, and imposed costs mandated by the state pursuant to Government Code section 17514 for the following activity only:

- Storing domestic violence incident reports and face sheets for three years. (Fam. Code, § 6228, subd. (e).)

The Commission further found that under prior law, cities and counties were already required to keep the domestic violence incident reports for two years.

II. ELIGIBLE CLAIMANTS

Any city, county, and city and county that incurs increased costs as a result of this reimbursable state-mandated program is eligible to claim reimbursement of those costs.

III. PERIOD OF REIMBURSEMENT

Government Code section 17557, subdivision (c), as amended by Statutes 1998, chapter 681, states that a test claim shall be submitted on or before June 30 following a given fiscal year to establish eligibility for that fiscal year. The County of Los Angeles filed the test claim on May 15, 2000, establishing eligibility for fiscal year 1998-1999. However, the effective and operative date of Family Code section 6228 is January 1, 2000. Therefore, costs incurred for storing domestic violence incident reports and face sheets for the additional three years pursuant to Family Code section 6228, as added by Statutes 1999, chapter 1022, are reimbursable on or after January 1, 2000.

Actual costs for one fiscal year shall be included in each claim. Estimated costs of the subsequent year may be included on the same claim, if applicable. Pursuant to Government Code section 17561, subdivision (d)(1)(A), all claims for reimbursement of initial fiscal year costs shall be submitted to the State Controller within 120 days of the issuance date for the claiming instructions.

If the total costs for a given fiscal year do not exceed \$1,000, no reimbursement shall be allowed except as otherwise allowed by Government Code section 17564.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, and declarations. Declarations must include a certification or declaration stating, "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

For each eligible claimant, the following activities are reimbursable:

A. One-Time Activity

1. Revise existing policies and procedures regarding the storage of domestic violence incident reports and face sheets in a readily accessible format to include the *additional* three-year requirement.

B. Ongoing Activity

1. Store domestic violence incident reports and face sheets in a readily accessible hard copy, microfiche, or electronic image format for an *additional* three years. This is limited to the cost of retaining domestic violence incident reports and face sheets in a readily accessible format, including file storage, for the three-year period of time after the pre-existing mandatory two-year retention period provided in Government Code sections 26202 and 34090. Any activities that flow from this previous requirement are not reasonably necessary to carry out this mandate (e.g., scanning reports for archive, reviewing files, transferring or shipping files for storage).

V. CLAIM PREPARATION AND SUBMISSION

ONE-TIME ACTIVITY – Section IV.A.1.

Each of the following cost elements must be identified for the reimbursable activity identified in Section IV.A.1. of this document. Each claimed reimbursable cost must be supported by source documentation as described in Section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. The following direct costs are eligible for reimbursement.

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Fixed Assets and Equipment

Report the purchase price paid for fixed assets and equipment (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset or equipment is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

B. Indirect Cost Rates

Indirect costs are costs that are incurred for a common or joint purpose, benefiting more than one program, and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include both (1) overhead costs of the unit performing the mandate; and (2) the costs of the central government services distributed to the other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in the Office of Management and Budget (OMB) Circular A-87. Claimants have the option of using 10% of direct labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in OMB Circular A-87 Attachments A and B) and the indirect costs shall exclude capital expenditures and unallowable costs (as defined and described in OMB Circular A-87 Attachments A and B). However, unallowable costs must be included in the direct costs if they represent activities to which indirect costs are properly allocable.

The distribution base may be (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc.), (2) direct salaries and wages, or (3) another base which results in an equitable distribution.

In calculating an ICRP, the claimant shall have the choice of one of the following methodologies:

1. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by (1) classifying a department's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected; or
2. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by (1) separating a department into groups, such as divisions or sections, and then classifying the division's or section's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate that is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected.

ONGOING ACTIVITY – Section IV.B.1.

Actual costs shall be claimed based on the reasonable reimbursement methodology adopted by the Commission pursuant to Government Code section 17557. The reasonable reimbursement methodology is a uniform cost allowance that covers all the direct and indirect costs of performing activity B.1. described in Section IV. of this document. Direct costs and indirect costs are described above. The uniform cost allowance shall be adjusted each subsequent year by the Implicit Price Deflator referenced in Government Code section 17523.

The uniform cost allowance is \$0.40 per report per year (not to exceed three years). Reimbursement is determined by multiplying the uniform cost allowance of \$0.40 by the number of domestic violence incident reports that are being stored for an additional three-year period of time after the pre-existing mandatory two-year retention period. Eligible claimants must show that costs were in fact incurred in order to claim costs using the uniform cost allowance for this program.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter¹ is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

¹ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

VII. OFFSETTING SAVINGS AND REIMBURSEMENTS

Any offsetting savings the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate received from any source, including but not limited to, service fees collected, federal funds, and other state funds, shall be identified and deducted from this claim.

VIII. STATE CONTROLLER'S CLAIMING INSTRUCTIONS

Pursuant to Government Code section 17558, subdivision (b), the Controller shall issue claiming instructions for each mandate that requires state reimbursement not later than 60 days after receiving the adopted parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The claiming instructions shall be derived from the statute or executive order creating the mandate and the parameters and guidelines adopted by the Commission.

Pursuant to Government Code section 17561, subdivision (d)(1), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions and the Controller shall modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557, subdivision (a), and California Code of Regulations, title 2, section 1183.2.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The Statement of Decision is legally binding on all parties and provides the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record, including the Statement of Decision, is on file with the Commission.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2012-32
CUSTODY OF MINORS-CHILD ABDUCTION AND RECOVERY

REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Custody of Minors-Child Abduction and Recovery program. The amended Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On September 19, 1979, the Commission on State Mandates (CSM) adopted a Statement of Decision finding that the test claim legislation imposes a reimbursable state-mandated program on local agencies within the meaning of article XIII B, section 6 of the California Constitution and GC section 17514.

On October 30, 2009, the CSM approved the amendments to the P's & G's to update the "boilerplate language" clarifying source documentation requirements and record retention language as requested by the SCO.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any county, as defined in GC section 17515 that incurs increased costs as a result of this mandate is eligible to claim for reimbursement.

Reimbursement Claim Deadline

Claims for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all

documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

I. SUMMARY OF MANDATE

Chapter 1399, Statutes of 1976, added Sections 4600.1 and 4604 to and amended Sections 5157, 5160, and 5169 of the Civil Code, added Section 278 and 278.5 to the Penal Code, and amended sections 11478.5 of the Welfare and Institutions Code, which increased the level of service provided by several county departments which must become involved in child custody matters. Where previously parents or others interested in the custody status of minors pursued their interests in court with no assistance from law enforcement agencies, due to this statute counties are required to actively assist in the resolution of custody problems and the enforcement of custody decrees. To accomplish this, several additional tools were provided to the courts and enforcement agencies in this legislation, including changes in the procedures for filing petitions to determine custody and enforce visitation rights, increased authorization to issue warrants of arrest to insure compliance, and increased access to locator and other information maintained by County and State departments. These activities increased the level of service provided to the public under Title 9 of Part 5 of the Civil Code, the Uniform Child Custody Jurisdiction Act.

Chapter 990, Statutes of 1983, amended Section 4604 of the Civil Code to clarify that the enforcement requirements of this section applied to visitation decrees as well as custody decrees.

Chapter 162, Statutes of 1992, repealed Sections 4600.1, 4604, 5157, 5160, and 5169 of the Civil Code and without substantial change enacted Sections 3060 to 3064, 3130 to 3134.5, 3408, 3411, and 3421 of the Family Code.

Chapter 988, Statutes of 1996, the Parental Kidnapping Prevention Act, repealed Sections 277, 278 and 278.5 of the Penal Code and enacted in a new statutory scheme in Sections 277, 278 and 278.5 which eliminated the distinction between cases with and cases without a preexisting child custody order.

II. BOARD OF CONTROL DECISIONS

On September 19, 1979, the Board of Control determined that Chapter 1399, Statutes of 1976, imposed a reimbursable state mandate upon counties by requiring district attorney offices to actively assist in the resolution of child custody problems including visitation disputes, the enforcement of custody decrees and of any other order of the court in a child custody proceeding. These activities include all actions necessary to locate a child, the enforcement of child custody decrees, orders to appear, or any other court order defraying expenses related to the return of an illegally detained, abducted or concealed child, proceeding with civil court actions, and guaranteeing the appearance of offenders and minors in court actions. The Board's finding was in response to a claim of first impression filed by the County of San Bernardino.

III. ELIGIBLE CLAIMANTS

Any county which incurs increased costs as a result of this mandate is eligible to claim reimbursement of those costs.

IV. PERIOD OF REIMBURSEMENT

This amendment is effective beginning with claims filed for the July 1, 2005 through June 30, 2006 period of reimbursement.

Chapter 1399, Statutes of 1976, became effective January 1, 1977. Section 17557 of the Government Code (GC) stated that a test claim must be submitted on or before November 30th following a given fiscal year to establish eligibility for that fiscal year. The test claim for this mandate was filed on April 17, 1979; therefore, costs incurred on or after July 1, 1978, are reimbursable. San Bernardino County may claim and be reimbursed for mandated costs incurred on or after July 1, 1977.

Actual costs for one fiscal year should be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. Pursuant to section 17561 (d) (3) of the Government Code (GC), all claims for reimbursement of costs shall be submitted within 120 days of issuance of the claiming instructions by the State Controller.

If the total costs for a given fiscal year do not exceed \$200, no reimbursement shall be allowed, except as otherwise allowed by Government Code Section 17564.

V. REIMBURSABLE COSTS

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating, "I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct based upon personal knowledge."

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

A. Scope of the Mandate

Counties shall be reimbursed for the increased costs which they are required to incur to have the district attorney actively assist in the resolution of child custody and visitation problems; for the enforcement of custody and visitation orders; for all actions necessary to locate and return a child(ren) by use of any appropriate civil or criminal proceeding; and for complying with other court orders relating to child custody or visitation, as provided in Family Code Sections 3130 to 3134.5, with the exception of those activities listed in

Section VI.

B. Reimbursable Activities

For each eligible claimant meeting the above criteria, all direct and indirect costs of labor, materials and supplies, training and travel for the following activities are eligible for reimbursement:

1. Obtaining compliance with court orders relating to child custody or visitation proceedings and the enforcement of child custody or visitation orders, including:
 - a. Contact with child(ren) and other involved persons.
 - (1) Receipt of reports and requests for assistance.
 - (2) Mediating with or advising involved individuals.
Mediating services may be provided by other departments.
If this is the case, indicate the department.
 - (3) Locating missing or concealed offender and child(ren).
 - b. Utilizing any appropriate civil or criminal court action to secure compliance.
 - (1) Preparation and investigation of reports and requests for assistance.
 - (2) Seeking physical restraint of offenders and/or the child(ren) to assure compliance with court orders.
 - (3) Process services and attendant court fees and costs.
 - (4) Depositions.
 - c. Physically recovering the child(ren).
 - (1) Travel expenses, food, lodging, and transportation for the escort and child(ren).
 - (2) Other personal necessities for the child. All such items purchased must be itemized.
2. Court actions and costs in cases involving child custody or visitation orders from another jurisdiction, which may include, but are not limited to, utilization of the Uniform Child Custody Jurisdiction Act (Family Code Sections 3400 through 3425) and actions relating to the Federal Parental Kidnapping Prevention Act (42 USC 1738A) and The Hague Convention of 25 October 1980 on the Civil Aspects of International Child Abduction (Senate Treaty Document 99-11, 99th Congress, 1st Session).
 - a. Cost of providing foster care or other short-term care for any child pending return to the out-of-jurisdiction custodian. The reimbursable period of foster home care or other short-term care

may not exceed three days unless special circumstances exist.

Please explain the special circumstances. A maximum of ten days per child is allowable. Costs must be identified per child, per day.

This cost must be reduced by the amount of state reimbursement for foster home care which is received by the county for the child(ren) so placed.

- b. Cost of transporting the child(ren) to the out-of-jurisdiction custodian.
 - (1) Travel expenses, food, lodging, and transportation for the escort and child(ren).
 - (2) Other personal necessities for the child(ren). All such items purchased must be itemized. Cost recovered from any party, individual or agency, must be shown and used as an offset against costs reported in this section.
 - (3) Securing appearance of offender and/or child(ren) when an arrest warrant has been issued or other order of the court to produce the offender or child(ren).
 - (a) Cost of serving arrest warrant or order and detaining the individual in custody, if necessary, to assure appearance in accordance with the arrest warrant or order.
 - (b) Cost of providing foster home care or other short-term care for any child requiring such because of the detention of the individual having custody. The number of days for the foster home care or short-term care shall not exceed the number of days of the detention period of the individual having physical custody of the minor.
 - (4) Return of an illegally obtained or concealed child(ren) to the legal custodian or agency.
 - (a) Costs of food, lodging, transportation and other personal necessities for the child(ren) from the time he/she is located until he/she is delivered to the legal custodian or agency. All personal necessities purchased must be itemized.
 - (b) Cost of an escort for the child(ren), including costs

of food, lodging, transportation and other expenses where such costs are a proper charge against the county. The type of escort utilized must be specified.

Any funds received as a result of costs assessed against a defendant or other party in a criminal or civil action for the return or care of the minor(s) (or defendant, if not part of a criminal extradition) must be shown and used as an offset against these costs.

VI. NON-REIMBURSABLE COSTS

- A. Costs associated with criminal prosecution, commencing with the defendant's first appearance in a California court, for offenses defined in Sections 278 or 278.5 of the Penal Code, wherein the missing, abducted, or concealed child(ren) has been returned to the lawful person or agency.

VII. CLAIM PREPARATION AND SUBMISSION

Claims for reimbursement must be timely filed and identify each cost element for which reimbursement is claimed under this mandate. Claimed costs must be identified to each reimbursable activity identified in Section V of this document.

A. Direct Costs

Direct costs are defined as costs that can be traced to specific goods, services, units, programs, activities or functions.

Claimed costs shall be supported by the following cost element information:

1. Salary and Employees' Benefits

Identify the employee(s), show the classification of the employee(s) involved, describe the mandated functions performed and specify the actual number of hours devoted to each function, the productive hourly rate, and the related benefits. The average number of hours devoted to each function may be claimed if supported by a documented time study. Benefits are reimbursable; however, benefit rates must be itemized. If no itemization is submitted, 21 percent must be used for computation of claimed cost.

2. Contracted Services

Provide copies of the contract, separately show the contract services performed relative to the mandate, and the itemized costs for such services. Invoices must be submitted as supporting documentation with

the claim.

3. Materials and Supplies

Only expenditures which can be identified as a direct cost of the mandate such as, but not limited to, vehicles, office equipment, communication devices, memberships, subscriptions, publications, may be claimed. List the cost of the materials and supplies consumed specifically for the purposes of this mandate. Purchases shall be claimed at the actual price after deducting cash discounts, rebates and allowances received from the claimant. Supplies that are withdrawn from inventory shall be charged based on a recognized method of costing, consistently applied.

4. Travel

Travel expenses for mileage, per diem, lodging, and other employee entitlement are eligible for reimbursement in accordance with the rules of the local jurisdiction. Provide the name(s) of the traveler(s), purpose of travel, inclusive dates and times of travel, destination points, and travel costs.

5. Training

The cost of training an employee to perform the mandated activities is eligible for reimbursement. Identify the employee(s) by name and job classification. Provide the title and subject of the training session, the date(s) attended, and the location. Reimbursable costs may include salaries and benefits, registration fees, transportation, lodging, and per diem. Ongoing training is essential to the performance of this mandate because of frequent turnover in staff, rapidly changing technology, and developments in case law, statutes, and procedures. Reimbursable training under this section includes child abduction training scheduled during the California Family Support Council's conferences, the annual advanced child abduction training sponsored by the California District Attorney Association, and all other professional training.

B. Indirect Costs

Indirect costs are defined as costs which are incurred for a common or joint purpose, benefiting more than one program and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include both (1) overhead costs of the unit performing the mandate, and (2) the costs of central government services distributed to other departments based on a systematic and rational basis through

a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in the OMB Circular A-87. Claimants have the option of using 10% of direct labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) for the department if the indirect cost rate claimed exceeds 10%. If more than one department is claiming indirect costs for the mandated program, each department must have its own ICRP prepared in accordance with OMB Circular A-87. An ICRP must be submitted with the claim when the indirect cost rate exceeds 10%.

1. Reimbursements

On a separate schedule, show details of any reimbursements received from the individuals or agencies involved in these cases. Show the total amount of such reimbursements as a reduction of the amount claimed on the cost summary form.

In addition, the costs claimed must be reduced by the amount recovered from the charges imposed by the court.

Any amount received by a county and forwarded directly to the state, must be reported on the cost summary form, but will not reduce the amount of the claim.

2. Mileage and Travel

Local entities will be reimbursed according to the rules of the local jurisdiction.

VIII. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter¹ is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section V, must be retained during the period subject to audit. If the Controller has initiated an audit during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

¹ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

IX. OFFSETTING SAVINGS AND OTHER REIMBURSEMENT

Any offsetting savings the claimant experiences as a direct result of this statute must be deducted from the costs claimed. In addition, reimbursement for this mandate received from any source e.g., federal, state, etc., shall be identified and deducted from the claim.

X. REQUIRED CERTIFICATION

An authorized representative of the claimant will be required to provide a certification of the claim, as specified in the State Controller's claiming instructions, for those costs mandated by the state contained therein.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2012-33
DOMESTIC VIOLENCE ARREST POLICIES AND STANDARDS

REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Domestic Violence Arrests Policies and Standards program. The amended Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On September 25, 1997, the Commission on State Mandates (CSM) adopted a Statement of Decision finding that the test claim legislation imposes a reimbursable state-mandated program on local agencies within the meaning of article XIII B, section 6 of the California Constitution and GC section 17514.

On October 30, 2009, the CSM approved the amendments to the P's & G's to update the "boilerplate language" clarifying source documentation requirements and record retention language as requested by the SCO.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any city or county, as defined in GC sections 17511 and 17515, that incurs increased costs as a result of this mandate is eligible to claim for reimbursement.

Reimbursement Claim Deadline

Claims for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all

documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

AMENDMENT TO PARAMETERS AND GUIDELINES

Penal Code Section 13701, Subdivision (b)

Statutes 1995, Chapter 246

Domestic Violence Arrest Policies and Standards

05-PGA-29 (CSM - 96-362-02)

This amendment is effective beginning with claims filed for the July 1, 2005 through June 30, 2006 period of reimbursement.

I. Summary and Source of the Mandate

Chapter 246, Statutes of 1995, added a new subdivision (b) to Penal Code section 13701. Subdivision (b) requires the development, adoption and implementation of written *arrest* policies for domestic violence offenders by July 1, 1996. Further, under subdivision (b), a local agency is required to obtain input from local domestic violence agencies in developing the arrest policies.

Previously, local agencies were required to develop, adopt and implement written policies for *response* to domestic violence calls and were encouraged, but not obligated, to consult with domestic violence experts.

On September 25, 1997, the Commission adopted its Statement of Decision finding that Penal Code section 13701, subdivision (b), as added by Chapter 246, Statutes of 1995, imposed a reimbursable state mandated program upon local law enforcement agencies.

II. Eligible Claimants

Eligible claimants include local law enforcement agencies of any city, county, or city and county.

III. Period of Reimbursement

This amendment is effective beginning with claims filed for the July 1, 2005 through June 30, 2006 period of reimbursement.

Section 17557 of the Government Code states that a test claim must be submitted on or before December 31 following a given fiscal year to establish eligibility for reimbursement for that fiscal year. The test claim was filed by the County of Los Angeles on December 27, 1996. Chapter 246, Statutes of 1995, became effective and operative on January 1, 1996. Therefore, only costs incurred *on or after January 1, 1996*, are eligible for reimbursement.

Actual costs for one fiscal year shall be included in each reimbursement claim. Estimated costs to be incurred in the current fiscal year should be on a separate claim. Estimated and actual reimbursement claims may be filed at the same time, if applicable.

Pursuant to Government Code section 17561, subdivision (d)(1), all claims for reimbursement of costs shall be submitted within 120 days of the issuance of claiming instructions issued by the State Controller.

If total costs for a given fiscal year do not exceed \$200, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

IV. Reimbursable Activities

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating, "I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct based upon personal knowledge." Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

For each eligible claimant, all direct and indirect costs of labor, supplies, services, travel and training, for the following activities are eligible for reimbursement:

A. Development of Written Arrest Policies (One-time)

1. Meeting and conferring with "Local Domestic Violence Agencies" to obtain input in the development of the written arrest policies.
2. Developing written arrest policies that:
 - a. Encourage the arrest of domestic violence offenders if there is probable cause that an offense has been committed;
 - b. Require the arrest of an offender, absent exigent circumstances, if there is probable cause that a protective order issued under Chapter 4 (commencing with section 2040) of Part 1 of Division 6, Division 10 (commencing with section 6200), or Chapter 6 (commencing with section 7700) of Part 3 of Division 12, of the Family Code, or section 136.2 of the Penal Code, has been violated;
 - c. Discourage, when appropriate, but not prohibit, dual arrests; and
 - d. Require peace officers to make reasonable efforts to identify the primary aggressor in any incident. In identifying the primary aggressor, an officer shall consider the intent of the law to protect victims of domestic violence from

continuing abuse, the threats creating fear of physical injury, the history of domestic violence between the persons involved, and whether either person acted in self-defense.

B. Adoption of Written Arrest Policies (One-time)

Meetings between the local law enforcement agency and appropriate local government official(s) on adoption of written arrest policies.

C. Training Officers About New Written Domestic Violence Arrest Policies (One-time)

1. Printing and distributing the new written domestic violence arrest policies to all stations, substations, and other sites that normally respond to incidents of domestic violence.
2. Development of instructional aids and training materials for purposes of training local law enforcement officers who normally respond to incidents of domestic violence on the new domestic violence arrest policies.
3. Training local law enforcement officers who normally respond to incidents of domestic violence on the new domestic violence arrest policies.

D. Implementation of the New Domestic Violence Arrest Policies to Identify the Primary Aggressor (On-going)

1. Interview of both parties involved in the domestic violence incident.
2. Consideration of the following factors:
 - a) Size of the parties
 - b) Use of weapons
 - c) Is one party stronger than the other
 - d) Is one party specially trained in martial arts, boxing, or hand-to-hand combat techniques
 - e) Who is afraid
 - f) Who has the more serious injuries
 - g) Location and nature of injuries (offensive vs. defensive)
 - h) Did one party escalate the level of violence (push followed by serious beating)
 - i) History of abuse (is one person usually the aggressor)
 - j) Timing of the second arrest (person claimed to have been assaulted only after arrested)
 - k) Existence of court protective orders
 - l) Demeanor of the parties
 - m) Use of alcohol and other drugs
 - n) Existence of corroborating evidence or witnesses
 - o) Criminal history

- p) Other legal defenses
- q) Indicators of defensive injuries including wounds on victim's palm(s) of hand(s); wounds on inside and outside of victim's arms; bumps on victim's head (especially the back); bite marks on perpetrator's chest, biceps, or forearms; and scratches on perpetrator's face, chest, neck (strangulation cases).¹

E. Uniform Cost Allowance

Pursuant to Government Code section 17557, the Commission on State Mandates has adopted a uniform cost allowance for reimbursement in lieu of payment of total actual costs incurred. The uniform cost allowance is applied only to Section IV, Reimbursable Activities, Component D (Implementation of the New Domestic Violence Arrest Policies to Identify the Primary Aggressor) and covers all costs (direct and indirect) of performing activities described under Component D. The uniform cost allowance provides the following:

A standard time of twenty-nine (29) minutes may be claimed to identify the primary aggressor in any domestic violence incident. The standard time of twenty-nine (29) minutes is broken down as follows:

- Seventeen (17) Minutes – Interview of both parties.
- Twelve (12) Minutes – Consideration of the factors listed above.²

The total cost will be determined by multiplying the number of reported responses x the average productive hourly rate, including applicable indirect costs as specified in section V., paragraph B, herein, x .48 (29 minutes divided by 60 minutes).

V. Claim Preparation

Claims for reimbursement must be timely filed and identify each cost element for which reimbursement is claimed under this mandate. Claimed costs must be identified to each reimbursable activity identified in Section IV of this document, except that standard times may be used as provided herein.

SUPPORTING DOCUMENTATION

Claimed costs shall be supported by the following cost element information:

A. Direct Costs

Direct Costs are defined as costs that can be specifically traced to specific goods, services, units, programs, activities or functions.

¹ The activities required to identify the primary aggressor are based on training material developed by the Commission on Peace Officers Standards and Training (POST).

² The standard time to identify the primary aggressor is based on the Declarations of Bernice K. Abrams, Deputy and Director of the Family Violence Project, Los Angeles County Sheriff's Department, dated July 14, 1998, and August 4, 1998.

Claimed costs shall be supported by the following cost element information:

1. Salaries and Benefits

Identify the employee(s), and/or show the classification of the employee(s) involved. Describe the mandated functions performed and specify the actual time devoted to each function by each employee, productive hourly rate and related fringe benefits.

Reimbursement for personal services include compensation paid for salaries, wages and employee fringe benefits. Employee fringe benefits include regular compensation paid to an employee during periods of authorized absences (e.g., annual leave, sick leave) and the employer's contribution of social security, pension plans, insurance and worker's compensation insurance. Fringe benefits are eligible for reimbursement when distributed equitably to all job activities which the employee performs.

2. Materials and Supplies

Only expenditures that can be identified as a direct cost of this mandate may be claimed. List the cost of the materials and supplies consumed specifically for the purposes of this mandate. Purchases shall be claimed at the actual price after deducting cash discounts, rebates and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged based on a recognized method of costing, consistently applied.

3. Contract Services

Provide the name(s) of the contractor(s) who performed the services, including any fixed contracts for services. Describe the reimbursable activity(ies) performed by each named contractor and give the number of actual hours spent on the activities, if applicable. Show the inclusive dates when services were performed and itemize all costs for those services. Attach consultant invoices with the claim.

4. Fixed Assets

List the cost of the fixed assets that have been acquired specifically for the purpose of this mandate. If the fixed asset is utilized in some way not directly related to the mandated program, only the pro-rata portion of the asset which is used for the purposes of the mandated program is reimbursable.

5. Travel

Travel expenses for mileage, per diem, lodging and other employee entitlements are reimbursable in accordance with the rules of the local jurisdiction. Provide the name(s) of the traveler(s), purpose of travel, inclusive dates and time of travel, destination points and travel costs.

6. Training

The cost of training specified in Section IV, Reimbursable Activities, is eligible for reimbursement. Identify the employee(s) by name and job classification. Provide the title of the training session, the dates attended and the location. Reimbursable costs include salaries and benefits, registration fees, transportation, lodging and per diem.

B. Indirect Costs

Indirect costs are defined as costs which are incurred for a common or joint purpose, benefiting more than one program and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include both (1) overhead costs of the unit performing the mandate; and (2) the costs of central government services distributed to other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is reimbursable utilizing the procedure provided in the OMB A-87. Claimants have the option of using 10% of direct labor, excluding fringe benefits, or preparing a departmental Indirect Cost Rate Proposal (ICRP) for the department if an indirect cost rate in excess of 10% is claimed. If more than one department is claiming indirect costs for the mandated program, each department must have its own ICRP prepared in accordance with OMB A-87. An ICRP must be submitted with the claim when the indirect cost rate is in excess of 10%.

C. Cost Accounting Statistics

The State Controller's Office is directed to include in the claiming instructions a request that claimants send an additional copy of the test claim specific form for the initial year's reimbursement claim by mail or facsimile to the Commission on State Mandates, 1300 I Street, Suite 950, Sacramento, California 95814, Facsimile number: (916) 445-0278. Although providing this information to the Commission on State Mandates is not a condition of reimbursement, claimants are encouraged to provide this information to enable the Commission to develop a statewide cost estimate which will be the basis for the appropriation to be made by the Legislature for this program.

VI. Record Retention

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter³ is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If the Controller has initiated an audit during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. Offsetting Savings and Other Reimbursement

Any offsetting savings the claimant experiences as a direct result of the subject mandate must be deducted from the costs claimed.

³ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

Reimbursement for this mandate received from any source, including but not limited to, service fees collected; funds from the federal Violent Crime Control and Law Enforcement Act, Community Oriented Policing, Family or Domestic Violence Prevention, or any other federal funds; and any other state funds shall be identified and deducted from this claim.

VIII. State Controller's Office Required Certification

An authorized representative of the claimant shall be required to provide a certification of the claim, as specified in the State Controller's claiming instructions, for those costs mandated by the State contained herein.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COST CLAIMING INSTRUCTIONS NO. 2007-04
DOMESTIC VIOLENCE ARRESTS AND VICTIM ASSISTANCE

JANUARY 2, 2007

REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Domestic Violence Arrests and Victim Assistance (DVA) program. The Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On December 9, 2004, the Commission on State Mandates (CSM) adopted a Statement of Decision finding that the test claim legislation imposes a reimbursable state-mandated program on local agencies within the meaning of article XIII B, section 6 of the California Constitution and GC section 17514.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any city or county, as defined in GC sections 17511 and 17515, that incurs increased costs as a result of this mandate is eligible to claim for reimbursement.

Reimbursement Claim Deadline

Claims for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all

documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

Domestic Violence Arrests and Victim Assistance (98-TC-14)

County of Los Angeles, Claimant

I. SUMMARY OF THE MANDATE

On December 9, 2004, the Commission on State Mandates (Commission) adopted the Statement of Decision finding that Penal Code section 13701, subdivision (c)(9)(D) and (H) (as amended by Stats. 1998, ch. 702), and Penal Code section 264.2, subdivision (a) (as amended by Stats. 1998, ch. 698), impose a reimbursable state-mandated program upon local agencies within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514 for the following activities:

- Providing victim cards to victims for the following crimes: (1) Penal code section 243, subdivision (e), battery against a spouse, a person with whom the defendant is cohabitating, a person who is the parent of the defendant's child, former spouse, fiancé, of fiancée, or a person with who, the defendant has, or previously had, a dating or engagement relationship; and Penal Code section 273.5, willful infliction of corporal injury on a spouse, former spouse, cohabitant, former cohabitant, or the mother or father of his or her child (section 264.2, subd. (a)).
- The one-time cost of printing victim cards to add the following new information: (1) phone numbers and/or local county hotlines of battered-women shelters; (2) a statement that domestic violence or assault by a person who is known to the victim, including domestic violence or assault by a person who is the spouse of the victim, is a crime. (Section 13701, subd. (c)(9)(H)(i) & (iv)).
- The one-time cost of adding to the domestic violence response policy two new crimes (Section 243, subd. (e), & 273.5) to those for which a victim card is given out (Section 13701, subd. (c)(9)(H)).
- The one-time cost of adding the following to the description of the victim card in the domestic violence response policy: (1) phone numbers and/or local county hotlines of battered-women shelters; (2) a statement that domestic violence or assault by a person who is known to the victim, including domestic violence or assault by a person who is the spouse of the victim, is a crime. (Section 13701, subd. (c)(9)(H)(i) & (iv)).

II. ELIGIBLE CLAIMANTS

Any city, county, and city and county that incurs increased costs as a result of this reimbursable state-mandated program is eligible to claim reimbursement of those costs.

III. PERIOD OF REIMBURSEMENT

Government Code section 17557, subdivision (c), as amended by Statutes 1998, chapter 681, states that a test claim shall be submitted on or before June 30 following a given fiscal year to establish eligibility for reimbursement for that fiscal year. The County of Los Angeles filed the subject test claim on May 21, 1999, establishing eligibility for fiscal year 1997-1998. However, the effective and operative date of the test claim legislation is January 1, 1999. Accordingly, costs incurred for compliance with Penal Code sections 264.2 and 13701, as amended by Statutes 1998, chapters 698 and 702, are reimbursable on or after January 1, 1999.

Actual costs for one fiscal year shall be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. Pursuant to Government Code section 17561, subdivision (d)(1)(A), all claims for reimbursement of initial fiscal years costs shall be submitted to the State Controller within 120 days of the issuance date for the claiming instructions.

If the total costs for a given fiscal year do not exceed \$1,000, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

There shall be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any given fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating, "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

Claimants may use time studies to support salary and benefit costs when an activity is task-repetitive. Time study usage is subject to the review and audit conducted by the State Controller's Office.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

For each eligible claimant, the following activities are reimbursable:

A. One-Time Activities

1. Printing victim cards to add the following new information: a) phone numbers and/or local county hotlines of battered-women shelters; and b) a statement that domestic violence or assault by a person who is known to the victim, including domestic violence or assault by a person who is the spouse of the victim, is a crime (Pen. Code, § 13701, subd. (c)(9)(H)(i) & (iv)).
2. Adding to the domestic violence response policy two new crimes (Section 243, subd. (e), & 273.5) to those for which a victim card is given out (Pen. Code, § 13701, subd. (c)(9)(H)).
3. Adding the following to the description of the victim card in the domestic violence response policy: a) phone numbers and/or local county hotlines of battered-women shelters; and b) a statement that domestic violence or assault by a person who is known to the victim, including domestic violence or assault by a person who is the spouse of the victim, is a crime (Pen. Code, § 13701, subd. (c)(9)(H)(i) & (iv)).

B. Ongoing Activity

1. Providing victim cards to victims for the following crimes (Pen. Code, § 264.2, subd. (a)):
a) Penal Code section 243, subdivision (e) - battery against a spouse, a person with whom the defendant is cohabitating, a person who is the parent of the defendant's child, former spouse, fiancé, of fiancée, or a person with who, the defendant has, or previously had, a dating or engagement relationship; and b) Penal Code section 273.5 - willful infliction of corporal injury on a spouse, former spouse, cohabitant, former cohabitant, or the mother or father of his or her child.

Providing victim cards to victims include the following reimbursable activities:

- a. Obtaining the card.
- b. Giving the card to the victim.
- c. Explaining to the victim what the card is and how the victim could use the card.
- d. Addressing questions about the card and shelters.
- e. If necessary, providing an interpreter at the scene to communicate with the victim.

Note: An officer's time for investigating and arresting the accused is not reimbursable.

V. **CLAIM PREPARATION AND SUBMISSION**

Each of the following cost elements must be identified for each reimbursable activity identified in Section IV, Reimbursable Activities, of this document. Each claimed reimbursable cost must be supported by source documentation as described in Section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. The following direct costs are eligible for reimbursement.

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by

productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the services that were performed during the period covered by the reimbursement claim. If the contract services are also used for purposes other than the reimbursable activities, only the pro-rata portion of the services used to implement the reimbursable activities can be claimed. Submit contract consultant and attorney invoices with the claim and a description of the contract scope of services.

4. Fixed Assets and Equipment

Report the purchase price paid for fixed assets and equipment (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset or equipment is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

B. Indirect Cost Rates

Indirect costs are costs that are incurred for a common or joint purpose, benefiting more than one program, and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include both (1) overhead costs of the unit performing the mandate; and (2) the costs of the central government services distributed to the other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in the Office of Management and Budget (OMB) Circular A-87. Claimants have the option of using 10% of direct labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in OMB Circular A-87 Attachments A and B) and the indirect costs shall exclude capital expenditures and unallowable costs (as defined and described in OMB Circular A-87 Attachments A and B). However, unallowable costs must be included in the direct costs if they represent activities to which indirect costs are properly allocable.

The distribution base may be (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc.), (2) direct salaries and wages, or (3) another base which results in an equitable distribution.

In calculating an ICRP, the claimant shall have the choice of one of the following methodologies:

1. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by (1) classifying a department's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected; or
2. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by (1) separating a department into groups, such as divisions or sections, and then classifying the division's or section's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate that is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter¹ is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. OFFSETTING REVENUES AND OTHER REIMBURSEMENTS

Any offsets the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate from any source, including but not limited to, service fees collected, federal funds and other state funds, shall be identified and deducted from this claim.

VIII. STATE CONTROLLER'S CLAIMING INSTRUCTIONS

Pursuant to Government Code section 17558, subdivision (b), the Controller shall issue claiming instructions for each mandate that requires state reimbursement not later than 60 days after receiving the adopted parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The claiming instructions shall be

¹ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

derived from the test claim decision and the parameters and guidelines adopted by the Commission.

Pursuant to Government Code section 17561, subdivision (d)(1), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions and the Controller shall modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557, subdivision (a), and California Code of Regulations, title 2, section 1183.2.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The Statement of Decision is legally binding on all parties and provides the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record, including the Statement of Decision, is on file with the Commission.

- (07) Local agencies have the option of using the flat rate of 10% of direct labor costs or using a department's ICRP in accordance with the Office of Management and Budget OMB Circular A-87 (Title 2 CFR Part 225). If the flat rate is used for indirect costs, multiply Total Salaries, line (05)(a), by 10%. If an ICRP is submitted, multiply applicable costs used in the distribution base for the computation of the indirect cost rate by the Indirect Cost Rate, line (06). If more than one department is reporting costs, each must have its own ICRP for the program.
- (08) Enter the sum of Total Direct Costs, line (05)(f), and Total Indirect Costs, line (07).
- (09) If applicable, enter any revenue received by the claimant for this mandate from any state or federal source.
- (10) If applicable, enter the amount of other reimbursements received from any source including, but not limited to, service fees collected, federal funds, and other state funds that reimbursed any portion of the mandated cost program. Submit a schedule detailing the reimbursement sources and amounts.
- (11) From Total Direct and Indirect Costs, line (08), subtract the sum of Offsetting Revenues, line (09), and Other Reimbursements, line (10). Enter the remainder on this line and carry the amount forward to Form FAM-27, line (13) for the Reimbursement Claim.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2011-17
DOMESTIC VIOLENCE BACKGROUND CHECKS

SEPTEMBER 30, 2011

REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Domestic Violence Background Checks (DVBC) program. The Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On July 26, 2007, the Commission on State Mandates found that Penal Code section 273.75 imposes a reimbursable state-mandated program on district attorneys or prosecuting city attorneys within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any city or county that employs prosecuting attorneys or district attorneys, respectively, and incurs increased costs as a result of this reimbursable state-mandated program is eligible to claim reimbursement of these costs.

Reimbursement Claim Deadline

Claims for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to GC sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all

documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

PARAMETERS AND GUIDELINES

Penal Code Section 273.75(a) and (c)

Statutes 2001, Chapter 713 (AB 1129)

Domestic Violence Background Checks

01-TC-29

I. SUMMARY OF THE MANDATE

The test claim statute requires district attorneys and prosecuting city attorneys to perform data base searches of persons who are charged with domestic violence, or when considering domestic violence restraining orders, and present the information for consideration by the courts under certain circumstances.

On July 26, 2007, the Commission on State Mandates found that Penal Code section 273.75 imposes a reimbursable state-mandated program on district attorneys or prosecuting city attorneys within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514 to do the following upon any charge involving acts of domestic violence (as defined in Pen. Code, § 13700 & Fam. Code, §§ 6211 & 6203):

- Perform or cause to be performed, in specified electronic data bases,¹ a thorough investigation of the defendant's history, including, but not limited to, prior convictions for domestic violence, other forms of violence or weapons offenses and any current protective or restraining order issued by any civil or criminal court (Pen. Code, § 273.75(a)).
- Present the information for consideration by the court: (1) when setting bond or when releasing a defendant on his or her own recognizance at the arraignment, if the defendant is in custody; and (2) upon consideration of any plea agreement (Pen. Code, § 273.75(a)).
- If a protective or restraining order is issued in the current criminal proceeding, and if the investigation reveals a current civil protective or restraining order issued by another criminal court and involving the same or related parties, the district attorney or prosecuting city attorney sends relevant information regarding the contents of the order issued in the current criminal proceeding, and any other information regarding a conviction of the defendant, to the other court immediately after the order has been issued (Pen. Code, § 273.75(c)).

¹ As specified in Penal Code section 273.75(b), the electronic data bases to be searched, "when readily available and reasonably accessible," are:

(1) The Violent Crime Information Network (VCIN).

(2) The Supervised Release File.

(3) State summary criminal history information maintained by the Department of Justice pursuant to Section 11105 of the Penal Code.

(4) The Federal Bureau of Investigation's nationwide data base.

(5) Locally maintained criminal history records or data bases.

The Commission denied all other code sections pled by the claimant.

II. ELIGIBLE CLAIMANTS

Any city or county that employs prosecuting attorneys or district attorneys, respectively, and incurs increased costs as a result of this reimbursable state-mandated program is eligible to claim reimbursement of these costs.

III. PERIOD OF REIMBURSEMENT

Government Code section 17557(e), states that a test claim shall be submitted on or before June 30 following a given fiscal year to establish eligibility for that fiscal year. The County of Alameda filed the test claim on July 31, 2002, establishing eligibility for reimbursement beginning July 1, 2001. However, Statutes 2001, chapter 713 did not become operative until January 1, 2002. Therefore, costs incurred for compliance with the mandated activities are reimbursable on or after January 1, 2002.

Reimbursement for state-mandated costs may be claimed as follows:

1. Actual costs for one fiscal year shall be included in each claim.
2. Pursuant to Government Code section 17561(d)(1)(A), all claims for reimbursement of initial fiscal year costs shall be submitted to the State Controller within 120 days of the issuance date for the claiming instructions.
3. Pursuant to Government Code section 17560(a), a local agency may, by February 15 following the fiscal year in which costs were incurred, file an annual reimbursement claim that details the costs actually incurred for that fiscal year.
4. In the event revised claiming instructions are issued by the Controller pursuant to Government Code section 17558(c), between November 15 and February 15, a local agency filing an annual reimbursement claim shall have 120 days following the issuance date of the revised claiming instructions to file a claim. (Gov. Code, § 17560(b).)
5. If the total costs for a given fiscal year do not exceed \$1,000, no reimbursement shall be allowed except as otherwise allowed by Government Code section 17564.
6. There shall be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any given fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable to and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, time sheets, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, calendars, and declarations. Declarations must include a certification or declaration stating, "I

certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct,” and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise reported in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

Claimants may use time studies to support salary and benefit costs when an activity is task-repetitive. Activities that require varying levels of effort are not appropriate for time studies. Claimants wishing to use time studies to support salary and benefit costs are required to comply with the State Controller’s Time-Study Guidelines before a time study is conducted. Time study usage is subject to the review and audit conducted by the State Controller’s Office.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below.

For each eligible claimant, the following ongoing activities are eligible for reimbursement upon any charge involving acts of domestic violence (as defined in Pen. Code, § 13700 & Fam. Code, §§ 6211 & 6203):

- A. Perform or cause to be performed, in specified electronic data bases, a thorough investigation of the defendant’s history, including, but not limited to, prior convictions for domestic violence, other forms of violence or weapons offenses and any current protective or restraining order issued by any civil or criminal court (Pen. Code, § 273.75(a)).
 - 1. Review by district attorney or prosecuting city attorney, or at the direction of such attorneys by investigative staff, support staff, legal assistant or others of any or all of the databases as listed in Penal Code section 273.75 as based on defendant information provided in or with the law enforcement report.
- B. Present the information for consideration by the court (1) when setting bond or when releasing a defendant on his or her own recognizance at the arraignment, if the defendant is in custody, and (2) upon consideration of any plea agreement (Pen. Code, § 273.75(a)).
 - 1. Review of databases or printouts from databases by district attorney or prosecuting city attorney in preparation for presenting such database evidence in court.
 - 2. Presentation of evidence in court by district attorney or prosecuting city attorney.
- C. If a protective or restraining order is issued in the current criminal proceeding, and if the investigation reveals a current civil protective or restraining order issued by another criminal court and involving the same or related parties, the district attorney or prosecuting city attorney sends relevant information regarding the contents of the order issued in the current criminal proceeding, and any other information regarding a conviction of the defendant, to the other court immediately after the order has been issued (Pen. Code, § 273.75(c)).

1. Review of databases or printouts from databases, case file, and other sources as may be necessary by district attorney or prosecuting city attorney, or by another at the direction of the attorney, to obtain relevant information for a letter or report to be sent to order-issuing court of a different jurisdiction.
2. Draft letter or report and sign.
3. Prepare envelope and mail.

V. CLAIM PREPARATION AND SUBMISSION

Each of the following cost elements must be identified for the reimbursable activities identified in section IV of this document. Each reimbursable cost must be supported by source documentation as described in section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for reimbursable activities. The following direct costs are eligible for reimbursement.

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. Attach a copy of the contract to the claim. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the dates when services were performed and itemize all costs for those services during the period covered by the reimbursement claim. If the contract services were also used for purposes other than the reimbursable activities, only the pro-rata portion of the services used to implement the reimbursable activities can be claimed. Submit contract consultant and invoices with the claim and a description of the contract scope of services.

4. Fixed Assets

Report the purchase price paid for fixed assets (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset is also used for purposes other than the

reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

5. Travel

Report the name of the employee traveling for the purpose of the reimbursable activities. Include the date of travel, destination, the specific reimbursable activity requiring travel, and related travel expenses reimbursed to the employee in compliance with the rules of the local jurisdiction. Report employee travel time according to the rules of cost element A.1, Salaries and Benefits, for each applicable reimbursable activity.

B. Indirect Cost Rates

Indirect costs are costs that are incurred for a common or joint purpose, benefiting more than one program, and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include: (1) the overhead costs of the unit performing the mandate; and (2) the costs of the central government services distributed to the other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in 2 CFR Part 225 (Office of Management and Budget (OMB) Circular A-87). Claimants have the option of using 10% of labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)) and the indirect costs shall exclude capital expenditures and unallowable costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)). However, unallowable costs must be included in the direct costs if they represent activities to which indirect costs are properly allocable.

The distributions base may be: (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc.); (2) direct salaries and wages; or (3) another base which results in an equitable distribution.

In calculating an ICRP, the claimant shall have the choice of one of the following methodologies:

1. the allocation of allowable indirect costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)) shall be accomplished by: (1) classifying a department's total costs for the base period as either direct or indirect; and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount of allowable indirect costs bears to the base selected; or
2. the allocation of allowable indirect costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)) shall be accomplished by: (1) separating a department into groups, such as divisions or sections, and then classifying the division's or section's total costs for the base period as either direct or indirect; and (2) dividing the total allowable indirect

costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate that is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount of allowable indirect costs bears to the base selected.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5(a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter² is subject to the initiation of an audit by the State Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. OFFSETTING REVENUES AND REIMBURSEMENTS

Any offsetting revenues the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate received from any federal, state or non-local source shall be identified and deducted from this claim.

VIII. STATE CONTROLLER'S CLAIMING INSTRUCTIONS

Pursuant to Government Code section 17558(b), the Controller shall issue claiming instructions for each mandate that requires state reimbursement not later than 60 days after receiving the adopted parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The claiming instructions shall be derived from the test claim decision and the parameters and guidelines adopted by the Commission.

Pursuant to Government Code section 17561(d)(1)(A), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon the request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557(d)(1), and California Code of Regulations, title 2, section 1183.2.

² This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The Statement of Decision is legally binding on all parties and provides the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record, including the Statement of Decision, is on file with the Commission.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2010-40
DOMESTIC VIOLENCE TREATMENT SERVICES-AUTHORIZATION AND CASE
MANAGEMENT

REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Domestic Violence Treatment Services-Authorization and Case Management program. The amended Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On November 30, 1998, the Commission on State Mandates (CSM) adopted a Statement of Decision finding that the test claim legislation imposes a reimbursable state-mandated program on local agencies within the meaning of article XIII B, section 6 of the California Constitution and GC section 17514.

On January 29, 2010, the CSM approved the amendments to the P's & G's to update the "boilerplate language" clarifying source documentation requirements and record retention language as requested by the SCO.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any county, or city and county, as defined in GC section 17515, that incurs increased costs as a result of this mandate is eligible to claim for reimbursement.

Reimbursement Claim Deadline

Claims for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **To expedite the process, please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

Domestic Violence Treatment Services — Authorization and Case Management **05-PGA-30 (96-281-01)**

This amendment is effective beginning with claims filed for the
July 1, 2005 through June 30, 2006 period of reimbursement.

I. Summary and Source of the Mandate

The test claim legislation provides that if an accused is convicted of a domestic violence crime and granted probation as part of sentencing, the defendant is required to successfully complete a batterer's treatment program as a condition of probation.

The Commission determined that probation *is a penalty* for conviction of a crime. The successful completion of probation is required before the unconditional release of the defendant. If the defendant fails to successfully complete a batterer's treatment program, the test claim legislation subjects the defendant to further sentencing and incarceration.

Since the legislature changed the penalty for domestic violence crimes by changing the requirements for probation, the Commission determined that the "crimes and infractions" disclaimer in Government Code section 17556, subdivision (g), applies to this claim. Based on the plain and ordinary meaning of the words used by the Legislature, the Commission concluded that subdivision (g) applies to those activities required by the test claim legislation that are directly related to the enforcement of the statute which changed the penalty for a crime.

The Commission concluded that the activities listed below are *not* directly related to the enforcement of the test claim statute under Government Code section 17556, subdivision (g), and, therefore, are reimbursable:

- Administration and regulation of batterers' treatment programs (Pen. Code, § 1203.097, subds. (c)(1), (c)(2), and (c)(5)) offset by the claimant's fee authority under Penal Code section 1203.097, subdivision (c)(5)(B).
- Providing services for victims of domestic violence. (Pen. Code, § 1203.097, subd. (b)(4).)
- Assessing the future probability of the defendant committing murder. (Pen. Code, § 1203.097, subd. (b)(3)(I).)

II. Eligible Claimants

Eligible claimants include counties, and city and county.

III. Period of Reimbursement

This amendment is effective beginning with claims filed for the July 1, 2005 through June 30, 2006 period of reimbursement.

Section 17557 of the Government Code states that a test claim must be submitted on or before December 31 following a given fiscal year to establish eligibility for reimbursement for that fiscal year. The test claim was filed by the County of Los Angeles on October 4, 1996. Statutes of 1995, Chapter 641, became effective and operative on January 1, 1996. Therefore, costs incurred on or after January 1, 1996, are eligible for reimbursement.

Actual costs for one fiscal year shall be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable.

Pursuant to Government Code section 17561, subdivision (d)(1), all claims for reimbursement of initial years' costs shall be submitted within 120 days of issuance of the claiming instructions by the State Controller.

If total costs for a given year do not exceed \$200, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

IV. Reimbursable Activities

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating, "I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct based upon personal knowledge." Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate. For each eligible claimant, all direct and indirect costs of labor, supplies, services, travel and training, for the following activities are eligible for reimbursement:

- A. Administration and regulation of batterers' treatment programs (Pen. Code, §§ 1203.097, subds. (c)(1), (c)(2) and (c)(5)) offset by the claimant's fee authority under Penal Code section 1203.097, subdivision (c)(5)(B).
 - 1. Development of an approval and annual renewal process for batterers' programs, not previously claimed under former Penal Code sections 1000.93 and 1000.95. (One-time activity.)

- a. Meeting and conferring with and soliciting input from criminal justice agencies and domestic violence victim advocacy programs.
 - b. Staff training regarding the administration and regulation of batterers' treatment programs. (One-time for each employee performing the mandated activity.)
- 2. Processing of initial and annual renewal approvals for vendors, including:
 - a. Application review.
 - b. On-site evaluations.
 - c. Notification of application approval, denial, suspension or revocation.
- B. Victim Notification. (Pen. Code, § 1203.097, subd. (b)(4).)
 - 1. The probation department shall attempt to:
 - a. Notify victims regarding the requirement for the defendant's participation in a batterer's program.
 - b. Notify victims regarding available victim resources.
 - c. Inform victims that attendance in any program does not guarantee that an abuser will not be violent.
 - 2. Staff training on the following activities:
 - a. Notify victims regarding the requirement for the defendant's participation in a batterer's program, and inform victims that attendance in any program does not guarantee that an abuser will not be violent. (One-time for each employee performing the mandated activities.)
 - b. Notify victims regarding available victim resources. (Once-a-year training for each employee performing the mandated activity.)
- C. Assessing the future probability of the defendant committing murder. (Pen. Code, § 1203.097, subd. (b)(3)(I).)
 - 1. Evaluation and selection of a homicidal risk assessment instrument.
 - 2. Purchasing or developing a homicidal risk assessment instrument.
 - 3. Training staff on the use of the homicidal risk assessment instrument.
 - 4. Evaluation of the defendant using the homicidal risk assessment instrument, interviews and investigation, to assess the future probability of the defendant committing murder.

In the event a local agency obtains a new homicidal risk assessment instrument, documentation substantiating the improved value of the new instrument is required to be provided with the claim.

V. Claim Preparation

Claims for reimbursement must be timely filed and identify each cost element for which reimbursement is claimed under this mandate. Claimed costs must be identified to each reimbursable activity identified in Section IV of this document.

SUPPORTING DOCUMENTATION

Claimed costs shall be supported by the following cost element information:

A. Direct Costs

Direct Costs are defined as costs that can be traced to specific goods, services, units, programs, activities or functions.

Claimed costs shall be supported by the following cost element information:

1. Salaries and Benefits

Identify the employee(s), and/or show the classification of the employee(s) involved.

Describe the reimbursable activities performed and specify the actual time devoted to each reimbursable activity by each employee, productive hourly rate and related fringe benefits.

Reimbursement for personal services includes compensation paid for salaries, wages and employee fringe benefits. Employee fringe benefits include regular compensation paid to an employee during periods of authorized absences (e.g., annual leave, sick leave) and the employer's contribution of social security, pension plans, insurance and worker's compensation insurance. Fringe benefits are eligible for reimbursement when distributed equitably to all job activities which the employee performs.

2. Materials and Supplies

Only expenditures that can be identified as direct costs of this mandate may be claimed. List the cost of the materials and supplies consumed specifically for the purposes of this mandate. Purchases shall be claimed at the actual price after deducting cash discounts, rebates and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged based on a recognized method of costing, consistently applied.

3. Contract Services

Provide the name(s) of the contractor(s) who performed the services, including any fixed contracts for services. Describe the reimbursable activity(ies) performed by each named contractor and give the number of actual hours spent on the activities, if applicable. Show the inclusive dates when services were performed and itemize all costs for those services.

4. Fixed Assets

List the costs of the fixed assets that have been acquired specifically for the purpose of this mandate. If the fixed asset is utilized in some way not directly related to the mandated program, only the pro-rata portion of the asset which is used for the purposes of the mandated program is eligible for reimbursement.

5. Travel

Travel expenses for mileage, per diem, lodging and other employee entitlements are eligible for reimbursement in accordance with the rules of the local jurisdiction. Provide the name(s) of the traveler(s), purpose of travel, inclusive dates and times of travel, destination points and travel costs.

6. Training

The cost of training an employee to perform the mandated activities is eligible for reimbursement. Identify the employee(s) by name and job classification. Provide the title

and subject of the training session, the date(s) attended and the location. Reimbursable costs may include salaries and benefits, registration fees, transportation, lodging and per diem.

B. Indirect Costs

Indirect costs are defined as costs which are incurred for a common or joint purpose, benefiting more than one program and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include both (1) overhead costs of the unit performing the mandate; and (2) the costs of central government services distributed to other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in the OMB A-87. Claimants have the option of using 10% of direct labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) for the department if the indirect cost rate claimed exceeds 10%. If more than one department is claiming indirect costs for the mandated program, each department must have its own ICRP prepared in accordance with OMB A-87. An ICRP must be submitted with the claim when the indirect cost rate exceeds 10%.

VI. Records Retention

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter¹ is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If the Controller has initiated an audit during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. Data for Development of a Statewide Cost Estimate

The State Controller's Office is directed to include in the claiming instructions a request that claimants send an additional copy of the test claim specific form for the initial years' reimbursement claim by mail or facsimile to the Commission on State Mandates, 1300 I Street, Suite 950, Sacramento, California 95814, Facsimile number: (916) 445-0278. Although providing this information to the Commission on State Mandates is not a condition of reimbursement, claimants are encouraged to provide this information to enable the Commission to develop a statewide cost estimate which will be the basis for the Legislature's appropriation for this program.

VIII. Offsetting Savings and Other Reimbursement

Any offsetting savings the claimant experiences as a direct result of the subject mandate must be deducted from the costs claimed. In addition, reimbursement for this mandate received from any source, including but not limited to, service fees collected under Penal Code section 1203.097,

¹ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

subdivision (c)(5)(B), federal funds and other state funds shall be identified and deducted from this claim.

IX. State Controller's Office Required Certification

An authorized representative of the claimant shall be required to provide a certification of the claim, as specified in the State Controller's claiming instructions, for those costs mandated by the State contained herein.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2012-41
HEALTH BENEFITS FOR SURVIVORS OF PEACE OFFICERS AND FIREFIGHTERS
LOCAL AGENCIES
REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Health Benefits for Survivors of Peace Officers and Firefighters program. The amended Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On October 26, 2000, the Commission on State Mandates (CSM) adopted a Statement of Decision finding that the test claim legislation imposes a reimbursable state-mandated program on local agencies within the meaning of article XIII B, section 6 of the California Constitution and GC section 17514.

On January 29, 2010, the CSM approved the amendments to the P's & G's to update the "boilerplate language" clarifying source documentation requirements and record retention language as requested by the SCO.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any city, county, or specified special district (see below), as defined in GC section 17518, that incurs increased costs as a result of this mandate is eligible to claim for reimbursement.

Special districts, subject to tax and spend limitations pursuant to the provisions of Articles XIII A and B of the California Constitution, are eligible to file a claim for reimbursement. To establish proof of eligibility and to minimize payment delays, SCO requests that special district claimants submit a supporting document that affirms the special district received an annual allocation of property tax revenue from the county pursuant to Article XIII A of the California Constitution. This may include a Board of Directors Resolution establishing the appropriation limit for the fiscal year being claimed, in compliance with Article XIII B of the California Constitution.

Reimbursement Claim Deadline

Claims for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC Section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**), provided that a county may submit a combined claim on behalf of direct service districts or special districts within their county if the combined claim exceeds **\$1,000**, even if the individual direct service district's or special district's claim does not each exceed **\$1,000**. The county shall determine if the submission of the combined claim is economically feasible and shall be responsible for disbursing the funds to each direct service district or special district. These combined claims may be filed only when the county is the fiscal agent for the districts. A combined claim must show the individual claim costs for each eligible district. All subsequent claims based upon the same mandate shall only be filed in the combined form unless a direct service district or special district provides a written notice of its intent to file a separate claim to the county and to the SCO, at least 180 days prior to the deadline for filing the claim.

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

Amendment to Parameters and Guidelines

Labor Code Section 4856, Government Code Section 21635

Statutes 1996, Chapter 1120

Statutes 1997, Chapter 193

Health Benefits for Survivors of Peace Officers and Firefighters 05-PGA-32 (97-TC-25)

This amendment is effective beginning with claims filed for the
July 1, 2005 through June 30, 2006 period of reimbursement

I. SUMMARY AND SOURCE OF THE MANDATE

Statutes 1996, chapter 1120 enacted Labor Code section 4856, which requires local agencies to provide lifelong health benefits to the survivors of peace officers and firefighters who die in the line of duty. Statutes 1997, chapter 193 further amended Labor Code section 4856 by applying this benefit retroactively. Additionally, chapter 1120 amended Government Code section 21635, by deleting language exempting local agencies from collective bargaining under the Meyers-Milias-Brown Act with their employees for survivor health benefits.

On October 26, 2000, the Commission adopted its Statement of Decision that the test claim legislation constitutes a reimbursable state mandated program upon local governments within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514.

II. ELIGIBLE CLAIMANTS

1. Providing Survivor Health Benefits (Labor Code Section 4856)

Counties, cities, a city and county, and special districts, as defined in Government Code section 17518 that employ peace officers and firefighters, and school districts, as defined in Government Code section 17519, that employ peace officers are eligible claimants.

2. Collective Bargaining (Government Code Section 21635)

Counties, cities, a city and county and special districts, as defined in Government Code section 17518 are eligible claimants.

III. PERIOD OF REIMBURSEMENT

This amendment is effective beginning with claims filed for the July 1, 2005 through June 30, 2006 period of reimbursement.

Section 17557 of the Government Code, prior to its amendment by Statutes 1998, chapter 681, (effective September 22, 1998), stated that a test claim must be submitted on or before December 31 following a given fiscal year to establish eligibility for reimbursement for that fiscal year. The test claim for this mandate was filed on June 9, 1998.

Statutes 1996, chapter 1120, an urgency statute, became effective September 30, 1996. It requires that local agencies provide health benefits to the survivors of peace officers and firefighters killed in the line of duty *after* September 30, 1996. And it allows collective bargaining for the continued health benefits coverage of a surviving spouse. Therefore, costs incurred for Statutes 1996, chapter 1120, are eligible for reimbursement on or after July 1, 1997.

Statutes 1997, chapter 193, became effective on January 1, 1998. It requires that local agencies provide health benefits to the survivors of peace officers and firefighters killed in the line of duty *before* September 30, 1996. Therefore, cost incurred for Statutes 1997, chapter 193, are eligible for reimbursement on or after January 1, 1998.

Actual costs for one fiscal year shall be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. Pursuant to section 17561, subdivision (d)(1) of the Government Code, all claims for reimbursement of initial years' costs shall be submitted within 120 days of notification by the State Controller of the issuance of claiming instructions.

If total costs for a given year do not exceed \$200, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating, "I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct based upon personal knowledge." Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

For each eligible claimant, all direct and indirect costs of labor, materials, supplies and services, training and travel for the performance of the following activities, are eligible for reimbursement:

Component A. Providing Survivor Health Benefits (Labor Code Section 4856)

1. Developing or updating internal policies, procedures and manuals as necessary to provide health benefits to the deceased peace officer's or firefighter's surviving spouse and eligible dependents, as required under Labor Code section 4856 (one-time activity).
2. 3. Dependent Notification
 - a. Upon the death of a peace officer or firefighter killed in the line of duty, providing a one-time notification to the surviving spouse that the local government employer must continue providing health benefits to the deceased employee's spouse and minor dependents under the same terms and conditions provided before death, or prior to the accident or injury that caused death. If there is no surviving spouse, then providing a one-time notification to the minor dependents, or guardian, that the local government employer must continue providing health benefits until the minor dependents reach the age of 21 years.
 - b. Providing a one-time notice to the minor dependents of peace officers or firefighters killed in the line of duty, when they are no longer eligible for continued health benefits under the surviving spouse's coverage. Or, if there is no surviving spouse, when the minor dependents reach the age of 21 years.
 - c. Upon remarriage of the surviving spouse, providing a one-time notice to the surviving spouse that the new spouse or stepchildren cannot be added as family members under the continued health benefits coverage of the surviving spouse.
4. Upon the death of a peace officer or firefighter killed in the line of duty, communicating with the insurance plan provider for the purpose of notifying the insurance plan provider of the peace officer's or firefighter's death, and coordinating with the insurance plan provider to ensure that the deceased peace officer's or firefighter's surviving spouse and eligible dependents will continue receiving health benefits under the same terms and conditions as provided before death, or prior to the accident or injury that caused death.
5. Upon the death of a peace officer or firefighter killed in the line of duty, the amount of the insurance premiums paid to HMOs, or the contributions to self-insured pools, for the continued health benefits coverage to the deceased peace officer's or firefighter's surviving spouse, as required under Labor Code section 4856, is reimbursable. Eligible minor dependents are provided health benefits under the surviving spouse's coverage. If there is no surviving spouse, eligible dependents are provided health benefits until the age of 21 years. A surviving spouse's new spouse

or stepchildren are ineligible for continued health benefits under the surviving spouse's coverage.

Component B. Collective Bargaining for the Continued Health Benefits Coverage of a Surviving Spouse (Government Code Section 21635)

1. Developing or updating internal policies, procedures and manuals as necessary to collectively bargain with local employee representatives (one-time activity).
2. Maintaining files manually or electronically related to collective bargaining.
3. The cost of up to five employer representatives and the cost of up to five employee representatives will be reimbursed for the following activities if a representative of a recognized employee organization requests that the local governmental employer meet and confer in good faith.
 - a. Reviewing the recognized employee organization's initial contract proposal.
 - b. Developing and presenting the local government employer's response to the recognized employee organization's initial contract proposal.
 - c. Participating in negotiating planning sessions in preparation of pending negotiations with the recognized employee organization's representatives.
 - d. Negotiating with the recognized employee organization's representatives.
 - e. Holding public hearings, pursuant to Government Code 3505.1, so that the governing board can approve the memorandum of understanding.
 - f. Reproducing and distributing to employer representatives (supervisory, management, and confidential) that portion of the final contract agreement. Reproducing and distributing copies of the final contract to collective bargaining unit members are not reimbursable.

V. CLAIM PREPARATION AND SUBMISSION

Claims for reimbursement must be timely filed and identify each cost element for which reimbursement is claimed under this mandate. Claimed costs must be identified to each reimbursable activity identified in Section IV of this document.

SUPPORTING DOCUMENTATION

Claimed costs shall be supported by the following cost element information:

A. Direct Costs

Direct Costs are defined as costs that can be traced to specific goods, services, units, programs, activities or functions.

Claimed costs shall be supported by the following cost element information:

1. Salaries and Benefits

Identify the employee(s), and/or show the classification of the employee(s) involved. Describe the reimbursable activities performed and specify the actual time devoted to each reimbursable activity, the productive hourly rate, and related employee benefits.

Reimbursement includes compensation paid for salaries, wages, and employee benefits. Employee benefits include regular compensation paid to an employee during periods of authorized absences (e.g., annual leave, sick leave) and the employer's contributions to social security, pension plans, insurance, and workers' compensation insurance. Employee benefits are eligible for reimbursement when distributed equitably to all job activities performed by the employee.

2. Materials and Supplies

Only expenditures that can be identified as a direct cost of this mandate may be claimed. List the cost of the materials and supplies consumed specifically for the purposes of this mandate. Purchases shall be claimed at the actual price after deducting cash discounts, rebates and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged based on a recognized method of costing, consistently applied.

3. Contract Services

Contracted services for participation of employer representatives in contract negotiations and negotiation planning sessions will be reimbursed. Provide the name(s) of the contractor(s) who performed the services, including any fixed contracts for services. Describe the reimbursable activity(ies) performed by each named contractor and give the number of actual hours spent on the activities, if applicable. Show the inclusive dates when services were performed and itemize all costs for those services. Submit contract consultant and attorney invoices with the claim.

4. Travel

Travel expenses for mileage, per diem, lodging, and other employee entitlements are eligible for reimbursement in accordance with the rules of the local jurisdiction. Provide the name(s) of the traveler(s), purpose of travel, inclusive dates and times of travel, destination points and travel costs.

5. Training

Reimbursable costs may include salaries and benefits, registration fees, transportation, lodging, and per diem.

B. Indirect Costs

Indirect costs are defined as costs which are incurred for a common or joint purpose, benefiting more than one program and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include both (1) overhead costs of the unit performing the mandate; and (2) the costs of central government services distributed to other departments based on a systematic and rational basis through a cost allocation plan.

Cities, Counties, and Special Districts

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in the OMB A-87. Claimants have the option of using 10% of direct labor,

excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in OMB Circular A-87 Attachments A and B) and the indirect costs shall exclude capital expenditures and unallowable costs (as defined and described in OMB Circular A-87 Attachments A and B). However, unallowable costs must be included in the direct costs if they represent activities to which indirect costs are properly allocable.

The distribution base may be (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc.), (2) direct salaries and wages, or (3) another base which results in an equitable distribution.

In calculating an ICRP, the Claimant shall have the choice of one of the two following methodologies:

1. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by (1) classifying a department's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected; or
2. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by (1) separating a department into groups, such as divisions or sections, and then classifying the division's or section's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected.

School Districts

1. School districts must use the J-380 (or subsequent replacement) non-restrictive indirect cost rate provisionally approved by the California Department of Education.
2. County offices of education must use the J-580 (or subsequent replacement) non-restrictive indirect cost rate provisionally approved by the State Department of Education.
3. Community colleges have the option of using (1) a federally approved rate, utilizing the cost accounting principles from the Office of Management and Budget Circular A-21 "Cost Principles of Educational Institutions", (2) the rate calculated on State Controller's Form FAM-29C, or (3) a 7% indirect cost rate.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter¹ is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If the Controller has initiated an audit during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. OFFSETTING SAVINGS AND OTHER REIMBURSEMENT

Any offsetting savings the claimant experiences as a direct result of the subject mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate received from any source, including but not limited to, service fees collected, federal funds and other state funds shall be identified and deducted from this claim.

VIII. STATE CONTROLLER'S OFFICE REQUIRED CERTIFICATION

An authorized representative of the claimant shall be required to provide a certification of the claim, as specified in the State Controller's claiming instructions, for those costs mandated by the State contained herein.

IX. PARAMETERS AND GUIDELINES AMENDMENTS

Pursuant to Title 2, California Code of Regulations, section 1183.2, Parameters and Guidelines amendments filed before the deadline for initial claims as specified in the Claiming Instructions shall apply to all years eligible for reimbursement as defined in the original parameters and guidelines. A Parameters and Guidelines amendment filed after the initial claiming deadline must be submitted on or before January 15, following a fiscal year in order to establish eligibility for reimbursement for that fiscal year.

¹ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2011-16
IDENTITY THEFT

SEPTEMBER 30, 2011

REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Identity Theft (IT) program. The Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On March 27, 2009, the Commission on State Mandates found that Penal Code section 530.6(a), as added by Chapter 956, Statutes of 2000, mandates a new program or higher level of service for local law enforcement agencies within the meaning of Article XIII B, section 6 of the California Constitution, and imposes costs mandated by the state pursuant to GC section 17514.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any city or county whose law enforcement agency incurs increased costs as a result of this mandate is eligible to claim for reimbursement.

Reimbursement Claim Deadline

Claims for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to GC sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all

documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

PARAMETERS AND GUIDELINES

Penal Code Section 530.6(a)

Statutes 2000, Chapter 956

Identity Theft

03-TC-08

I. SUMMARY OF THE MANDATE

The test claim statute requires local law enforcement agencies to take a police report and begin an investigation when a complainant residing within their jurisdiction reports suspected identity theft.

On March 27, 2009, the Commission found that Penal Code section 530.6(a), as added by Statutes 2000, chapter 956, mandates a new program or higher level of service for local law enforcement agencies within the meaning of article XIII B, section 6 of the California Constitution, and imposes costs mandated by the state pursuant to Government Code section 17514 for the following activities only:

- take a police report supporting a violation of Penal Code section 530.5 which includes information regarding the personal identifying information involved and any uses of that personal identifying information that were non-consensual and for an unlawful purpose, including, if available, information surrounding the suspected identity theft, places where the crime(s) occurred, and how and where the suspect obtained and used the personal identifying information; and,
- begin an investigation of the facts, including the gathering of facts sufficient to determine where the crime(s) occurred and what pieces of personal identifying information were used for an unlawful purpose.

II. ELIGIBLE CLAIMANTS

Any city, county, or city and county whose law enforcement agency incurs increased costs as a result of this reimbursable state-mandated program is eligible to claim reimbursement of these costs.

III. PERIOD OF REIMBURSEMENT

Government Code section 17557(e), states that a test claim shall be submitted on or before June 30 following a given fiscal year to establish eligibility for that fiscal year. The City of Newport Beach filed the test claim on September 25, 2003, establishing eligibility for reimbursement beginning July 1, 2002. Therefore, costs incurred for compliance with the mandated activities are reimbursable on or after July 1, 2002.

Reimbursement for state-mandated costs may be claimed as follows:

1. Actual costs for one fiscal year shall be included in each claim.
2. Pursuant to Government Code section 17561(d)(1)(A), all claims for reimbursement of initial fiscal year costs shall be submitted to the State Controller within 120 days of the issuance date for the claiming instructions.
3. Pursuant to Government Code section 17560(a), a local agency may, by February 15 following the fiscal year in which costs were incurred, file an annual reimbursement claim that details the costs actually incurred for that fiscal year.
4. In the event revised claiming instructions are issued by the Controller pursuant to Government Code section 17558(c), between November 15 and February 15, a local agency filing an annual reimbursement claim shall have 120 days following the issuance date of the revised claiming instructions to file a claim. (Gov. Code §17560 (b).)
5. If the total costs for a given fiscal year do not exceed \$1,000, no reimbursement shall be allowed except as otherwise allowed by Government Code section 17564(a).
6. There shall be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any given fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable to and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, time sheets, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, calendars, and declarations. Declarations must include a certification or declaration stating, "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise reported in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below.

For each eligible claimant, the following ongoing activities are eligible for reimbursement:

1. Either a) or b) below:
 - a) Take a police report supporting a violation of Penal Code section 530.5 which includes information regarding the personal identifying information involved and any uses of that personal identifying information that were non-consensual and for an unlawful purpose, including, if available, information surrounding the suspected

- identity theft, places where the crime(s) occurred, and how and where the suspect obtained and used the personal identifying information. This activity includes drafting, reviewing, and editing the identity theft police report; or
- b) Reviewing the identity theft report completed on-line by the identity theft victim.
2. Begin an investigation of the facts, including the gathering of facts sufficient to determine where the crime(s) occurred and what pieces of personal identifying information were used for an unlawful purpose. The purpose of the investigation is to assist the victims in clearing their names. Reimbursement is not required to complete the investigation for purposes of criminal prosecution.

Providing a copy of the report to the complainant is not reimbursable under this program.

Referring the matter to the law enforcement agency where the suspected crime was committed for further investigation of the facts is also not reimbursable under this program,

V. CLAIM PREPARATION AND SUBMISSION

Each of the following cost elements must be identified for the reimbursable activities identified in section IV of this document. Each reimbursable cost must be supported by source documentation as described in section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for reimbursable activities. The following direct costs are eligible for reimbursement.

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities and attach a copy of the contract to the claim. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the dates when services were performed and itemize all costs for those services during the period covered by the reimbursement claim. If the contract services were also used for purposes other than the reimbursable activities, only the pro-rata portion of the services used to implement the reimbursable activities can be

claimed. Submit contract consultant and invoices with the claim and a description of the contract scope of services.

4. Fixed Assets

Report the purchase price paid for fixed assets (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

5. Travel

Report the name of the employee traveling for the purpose of the reimbursable activities. Include the date of travel, destination, the specific reimbursable activity requiring travel, and related travel expenses reimbursed to the employee in compliance with the rules of the local jurisdiction. Report employee travel time according to the rules of cost element A.1, Salaries and Benefits, for each applicable reimbursable activity.

B. Indirect Cost Rates

Indirect costs are costs that are incurred for a common or joint purpose, benefiting more than one program, and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include: (1) the overhead costs of the unit performing the mandate; and (2) the costs of the central government services distributed to the other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in 2 CFR Part 225 (Office of Management and Budget (OMB) Circular A-87). Claimants have the option of using 10% of labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)) and the indirect costs shall exclude capital expenditures and unallowable costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)). However, unallowable costs must be included in the direct costs if they represent activities to which indirect costs are properly allocable.

The distributions base may be: (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc.); (2) direct salaries and wages; or (3) another base which results in an equitable distribution.

In calculating an ICRP, the claimant shall have the choice of one of the following methodologies:

1. The allocation of allowable indirect costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)) shall be accomplished by: (1) classifying a department's total costs for the base period as either direct or indirect; and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The

rate should be expressed as a percentage which the total amount of allowable indirect costs bears to the base selected; or

2. The allocation of allowable indirect costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)) shall be accomplished by: (1) separating a department into groups, such as divisions or sections, and then classifying the division's or section's total costs for the base period as either direct or indirect; and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate that is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount of allowable indirect costs bears to the base selected.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5(a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter¹ is subject to the initiation of an audit by the State Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. OFFSETTING REVENUES AND REIMBURSEMENTS

Any offsets the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate received from any federal, state or non-local source shall be identified and deducted from this claim.

VIII. STATE CONTROLLER'S CLAIMING INSTRUCTIONS

Pursuant to Government Code section 17558(b), the Controller shall issue claiming instructions for each mandate that requires state reimbursement not later than 60 days after receiving the adopted parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The claiming instructions shall be derived from the test claim decision and the parameters and guidelines adopted by the Commission.

Pursuant to Government Code section 17561(d)(1)(A), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon the request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for

¹ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557(d)(1), and California Code of Regulations, title 2, section 1183.2.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The statement of decision is legally binding on all parties and provides the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record, including the statement of decision, is on file with the Commission.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2013-12
LOCAL AGENCY ETHICS

JANUARY 03, 2013

REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Local Agency Ethics (LAE) program. The Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On May 25, 2012, the Commission on State Mandates (CSM) adopted a Statement of Decision finding that the test claim statute imposes a partially reimbursable state-mandated program on general law counties and those eligible special districts subject to the tax and spend provisions of articles XIII A and XIII B, that are required by their enabling acts to provide reimbursement of expenses, within the meaning of Article XIII B, section 6 of the California Constitution and GC section 17514.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

General law counties and those eligible special districts (see below) subject to the tax and spend provisions of articles XIII A and XIII B of the California Constitution, that are required by their enabling act to provide reimbursement of expenses to perform the reimbursable activities are eligible to claim reimbursement.

For special districts, to establish proof of eligibility and to minimize payment delays, SCO requests that special district claimants submit a supporting document that affirms the special district received an annual allocation of property tax revenue from the county pursuant to Article XIII A of the California Constitution. This may include a Board of Directors Resolution establishing the appropriation limit for the fiscal year being claimed, in compliance with Article XIII B of the California Constitution.

Reimbursement Claim Deadline

Claims for fiscal year **2012-13** may be filed with the SCO by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was

made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

Statutes 2005, Chapter 700

Local Agency Ethics (AB 1234)

07-TC-04

I. SUMMARY OF THE MANDATE

The test claim statute addresses activities of local agencies related to transparency and ethics training for members of the legislative bodies of local agencies. Specifically, it addresses the policymaking, reporting, recordkeeping, ethics training and notice requirements imposed on local agencies if they provide any type of compensation, salary, or stipend to a member of a legislative body, or provide reimbursement for actual and necessary expenses incurred by a member of a legislative body in the performance of official duties.

On May 25, 2012, the Commission on State Mandates (Commission) adopted a statement of decision finding that the test claim statute imposes a partially reimbursable state-mandated program on general law counties and those eligible special districts subject to the tax and spend provisions of articles XIII A and XIII B, that are required by their enabling acts to provide reimbursement of expenses to perform the following:

1. Adopt a written policy, in a public meeting specifying the types of occurrences that qualify a member of the legislative body to receive reimbursement of expenses relating to travel, meals, lodging and other actual and necessary expenses;¹
2. Provide expense report forms;²
3. Provide information on training courses to meet the ethics training requirements imposed by the test claim statute to its local officials at least once annually;³
4. Maintain training records, inclusive of training date and training provider, for five years⁴

II. ELIGIBLE CLAIMANTS

General law counties and those eligible special districts subject to the tax and spend provisions of articles XIII A and XIII B of the California Constitution, that are required by their enabling act to provide reimbursement of expenses to perform the reimbursable activities are eligible to claim reimbursement.

¹ Government Code section 53232.2(b).

² Government Code section 53232.3(a).

³ Government Code section 53235(f).

⁴ Government Code section 53235.2(a).

III. PERIOD OF REIMBURSEMENT

Government Code section 17557(e), states that a test claim shall be submitted on or before June 30 following a given fiscal year to establish eligibility for that fiscal year. The City of Newport Beach filed the test claim on October 23, 2007, establishing eligibility for reimbursement for the 2006-2007 fiscal year. Therefore, costs incurred are reimbursable on or after July 1, 2006.

Reimbursement for state-mandated costs may be claimed as follows:

1. Actual costs for one fiscal year shall be included in each claim.
2. Pursuant to Government Code section 17561(d)(1)(A), all claims for reimbursement of initial fiscal year costs shall be submitted to the State Controller within 120 days of the issuance date for the claiming instructions.
3. Pursuant to Government Code section 17560(a), a local agency may, by February 15 following the fiscal year in which costs were incurred, file an annual reimbursement claim that details the costs actually incurred for that fiscal year.
4. If revised claiming instructions are issued by the Controller pursuant to Government Code section 17558(c), between November 15 and February 15, a local agency filing an annual reimbursement claim shall have 120 days following the issuance date of the revised claiming instructions to file a claim. (Government Code section 17560(b).)
5. If the total costs for a given fiscal year do not exceed \$1,000, no reimbursement shall be allowed except as otherwise allowed by Government Code section 17564(a).
6. There shall be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, and declarations. Declarations must include a certification or declaration stating, "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

For each eligible claimant that is required by their enabling act to provide reimbursement of expenses to members of their legislative bodies, and that incurs increased costs, the following activities are reimbursable:

1. Adopt a written policy, in a public meeting specifying the types of occurrences that qualify a member of the legislative body to receive reimbursement of expenses relating to travel, meals, lodging and other actual and necessary expenses;⁵
2. Provide expense report forms to the members of the legislative body;⁶
3. Provide information on training courses to meet the ethics training requirements imposed by the test claim statute to its local officials at least once annually;⁷
4. Maintain training records indicating the dates that local officials satisfied the ethics training and the entity that provided the training, for five years.⁸

V. CLAIM PREPARATION AND SUBMISSION

Each of the following cost elements must be identified for each reimbursable activity identified in Section IV, Reimbursable Activities, of this document. Each claimed reimbursable cost must be supported by source documentation as described in Section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. The following direct costs are eligible for reimbursement.

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. If the contractor bills for time and materials, report the number of hours spent

⁵ Government Code section 53232.2(b).

⁶ Government Code section 53232.3(a).

⁷ Government Code section 53235(f).

⁸ Government Code section 53235.2(a).

on the activities and all costs charged. If the contract is a fixed price, report the services that were performed during the period covered by the reimbursement claim. If the contract services are also used for purposes other than the reimbursable activities, only the pro-rata portion of the services used to implement the reimbursable activities can be claimed. Submit contract consultant and attorney invoices with the claim and a description of the contract scope of services.

4. Fixed Assets

Report the purchase price paid for fixed assets (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

5. Travel

Report the name of the employee traveling for the purpose of the reimbursable activities. Include the date of travel, destination, the specific reimbursable activity requiring travel, and related travel expenses reimbursed to the employee in compliance with the rules of the local jurisdiction. Report employee travel time according to the rules of cost element A.1., Salaries and Benefits, for each applicable reimbursable activity.

B. Indirect Cost Rates

Indirect costs are costs that are incurred for a common or joint purpose, benefiting more than one program, and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include both: (1) overhead costs of the unit performing the mandate; and (2) the costs of the central government services distributed to the other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in 2 CFR Part 225 (Office of Management and Budget (OMB) Circular A-87). Claimants have the option of using 10% of direct labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B) and the indirect costs shall exclude capital expenditures and unallowable costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B). However, unallowable costs must be included in the direct costs if they represent activities to which indirect costs are properly allocable.

The distribution base may be: (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc.); (2) direct salaries and wages; or (3) another base which results in an equitable distribution.

In calculating an ICRP, the claimant shall have the choice of one of the following methodologies:

1. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by: (1) classifying a department's total costs for the base period as either direct or indirect; and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount of allowable indirect costs bears to the base selected; or
2. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by: (1) separating a department into groups, such as divisions or sections, and then classifying the division's or section's total costs for the base period as either direct or indirect; and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate that is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount of allowable indirect costs bears to the base selected.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter⁹ is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. OFFSETTING REVENUES AND REIMBURSEMENTS

Any offsetting revenue the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate from any source, including but not limited to, service fees collected, federal funds, and other state funds, shall be identified and deducted from this claim.

VIII. STATE CONTROLLER'S CLAIMING INSTRUCTIONS

Pursuant to Government Code section 17558(b), the Controller shall issue claiming instructions for each mandate that requires state reimbursement not later than 90 days after receiving the adopted parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The claiming instructions shall be derived from the test claim decision and the parameters and guidelines adopted by the Commission.

⁹ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

Pursuant to Government Code section 17561(d)(1), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions and the Controller shall modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557(d), and California Code of Regulations, title 2, section 1183.2.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The statements of decision for the test claim and parameters and guidelines are legally binding on all parties and provide the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record. The administrative record is on file with the Commission.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2005-08
LOCAL ELECTIONS: CONSOLIDATION

SEPTEMBER 30, 2005

REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants can use for filing claims for the Local Elections: Consolidation program. SCO issues these claiming instructions subsequent to adoption of the program's Parameters and Guidelines (P's & G's). The P's & G's are included as an integral part of the claiming instructions.

On July 27, 2004, the Governor enacted Chapter 206, Statutes of 2004, (AB 2854, Laird) to make optional the requirement that counties conduct an analysis to determine the cost-effectiveness of a consolidation request and submit the cost-effectiveness report to the board of supervisors.

On November 8, 2004, the SCO requested that the Commission amend the P's and G's for the Local Elections: Consolidation program to clarify that the above activities are no longer eligible for reimbursement.

On July 28, 2005, the Commission adopted the P's and G's amendment to clarify that conducting a cost-benefit analysis and submitting a cost-effectiveness report to the board of supervisors are not eligible for reimbursement effective July 27, 2004. The Amended P's & G's are included as an integral part of the claiming instructions.

Eligible Claimants

Counties that do not approve an election consolidation request are eligible for reimbursement.

Reimbursement Claim Deadline

An actual claim for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to GC sections 17551, 17560 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, notices of order of suspension or revocation, sworn reports, arrest reports, notices to appear, employee time records, or time logs, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, and declarations. Declarations must include a certification or declaration stating: "I certify, (or declare), under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of the Code of Civil Procedure Section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the Commission. If any adjustments are made to a claim, a "Notice of Claim Adjustment" specifying the claim activity adjusted, the amount adjusted, and the reason for the adjustment, will be mailed within 30 days after payment of the claim.

Pursuant to GC Section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency pursuant to this chapter is subject to the initiation of an audit by the SCO no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim is filed, the time for the SCO to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

Local Elections: Consolidation 04-PGA-21 (CSM- 4317)

I. SUMMARY OF THE MANDATE

The test claim legislation authorizes city councils and the governing boards of school districts and community college districts and the members of county boards of education to request that counties consolidate elections for city officials and board members with the statewide primary or general election or the general municipal election in the area. The county board of supervisors may deny such a request only if the ballot style, voting equipment, or computer capacity is such that additional elections or materials cannot be handled at the election for which the consolidation request has been made. County boards of supervisors are first required to obtain a report on the cost-effectiveness of such consolidation requests.

On April 27, 1989, the Commission on State Mandates (Commission) adopted the Statement of Decision for this program, finding that the test claim legislation constituted a new program or higher level of service and imposed a reimbursable state-mandated program upon counties that do not approve an election consolidation request, within the meaning of article XIII B, section 6, of the California Constitution and Government Code section 17514. On September 21, 1989, the Commission adopted parameters and guidelines for this program, finding that (1) conducting a public board of supervisors meeting to consider a consolidation request and noticing that public meeting; (2) conducting an impact analysis to determine if the county's voting systems are capable of accommodating a consolidated hearing; (3) conducting an analysis to determine the cost-effectiveness of the proposed consolidation, and (4) submitting the report on cost-effectiveness to the board of supervisors prior to approval or denial of the request for consolidation, are reimbursable activities.

On July 27, 2004, the Governor enacted Statutes 2004, chapter 206 (AB 2854, Laird) to make optional the requirement that counties conduct an analysis to determine the cost-effectiveness of a consolidation request and submit the cost-effectiveness report to the board of supervisors. On November 8, 2004, the State Controller's Office requested that the Commission amend the parameters and guidelines for the *Local Elections: Consolidation* program to clarify that the above activities are no longer eligible for reimbursement. On July 28, 2005, the Commission adopted the parameters and guidelines amendment to clarify that conducting a cost-benefit analysis and submitting a cost-effectiveness report to the board of supervisors are not eligible for reimbursement effective July 27, 2004.

II. ELIGIBLE CLAIMANTS

Counties that do not approve an election consolidation request are eligible for reimbursement.

III. PERIOD OF REIMBURSEMENT

The period of reimbursement for this amendment begins on July 27, 2004.¹

Pursuant to Government Code section 17560, reimbursement for state-mandated costs may be claimed as follows:

1. A local agency or school district may file an estimated reimbursement claim by January 15 of the fiscal year in which costs are to be incurred, and, by January 15 following that fiscal year shall file an annual reimbursement claim that details the costs actually incurred for that fiscal year; or it may comply with the provisions of subdivision (b).
2. A local agency or school district may, by January 15 following the fiscal year in which costs are incurred, file an annual reimbursement claim that details the costs actually incurred for that fiscal year.
3. In the event revised claiming instructions are issued by the Controller pursuant to subdivision (c) of section 17558 between October 15 and January 15, a local agency or school district filing an annual reimbursement claim shall have 120 days following the issuance date of the revised claiming instructions to file a claim.

Reimbursable actual costs for one fiscal year shall be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. Pursuant to Government Code section 17561 (d)(1), all claims for reimbursement of initial years' costs shall be submitted within 120 days of the issuance of the State Controller's claiming instructions. If the total costs for a given fiscal year do not exceed \$1,000, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

There shall be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

¹On July 27, 2004, the activities of conducting a cost-benefit analysis and submitting a cost-effectiveness report to the board of supervisors was made optional (Stats. 2004, ch. 206). Therefore, effective July 27, 2004, these activities are not eligible for reimbursement.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, and declarations. Declarations must include a certification or declaration stating, "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

For each eligible claimant, the following activities are reimbursable:

1. Preparing and mailing the required notice to affected districts.
2. Preparing public notice of board of supervisors meeting held for the sole purpose of considering the request for consolidation.
3. Conducting an impact analysis review of the voting systems capacity to include a review of the ballot style, voting equipment, computer capacity, and assessing the potential future impact of jurisdiction division being considered for election consolidation and the affect any jurisdiction divisions would have on the voting system. Specifically, the study would focus on those areas that would be directly impacted such as additional voting precincts, election boards, voting materials, administrative costs, and other election costs.
4. Conducting a Benefit/Cost Analysis to determine the cost effectiveness of the proposed action and submitting the report to the Board of Supervisors prior to the adoption of a resolution to either approve or deny a consolidation request.
(Reimbursement period for this activity ends July 27, 2004.)

V. CLAIM PREPARATION AND SUBMISSION

Each of the following cost elements must be identified for each reimbursable activity identified in Section IV, Reimbursable Activities, of this document. Each claimed reimbursable cost must be supported by source documentation as described in Section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. The following direct costs are eligible for reimbursement.

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. Attach a copy of the contract to the claim. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the dates when services were performed and itemize all costs for those services.

4. Fixed Assets and Equipment

Report the purchase price paid for fixed assets and equipment (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset or equipment is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

B. Indirect Cost Rates

Indirect costs are defined as costs that are incurred for a common or joint purpose, benefiting more than one program, and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include both (1) overhead costs of the unit performing the mandate; and (2) the costs of the central government services distributed to the other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in the Office of Management and Budget (OMB) Circular A-87. Claimants have the option of using 10% of direct labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in OMB Circular A-87 Attachments A and B) and the indirect costs shall exclude capital expenditures and unallowable costs (as defined and described in OMB A-87 Attachments A and B). However, unallowable costs must be included in the direct costs if they represent activities to which indirect costs are properly allocable.

The distribution base may be (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc.), (2) direct salaries and wages, or (3) another base which results in an equitable distribution.

In calculating an ICRP, the claimant shall have the choice of one of the following methodologies:

1. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by (1) classifying a department's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate, which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage, which the total amount allowable indirect costs bear to the base selected; or
2. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by (1) separating a department into groups, such as divisions or sections, and then classifying the division's or section's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate that is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bear to the base selected.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter² is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. OFFSETTING SAVINGS AND REIMBURSEMENTS

Any offsetting savings the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate from any source, including but not limited to, services fees collected, federal funds, and other state funds, shall be identified and deducted from this claim.

VIII. STATE CONTROLLER'S CLAIMING INSTRUCTIONS

Pursuant to Government Code section 17558, subdivision (b), the Controller shall issue claiming instructions for each mandate that requires state reimbursement not later than 60 days after receiving the adopted parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The

² This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

claiming instructions shall be derived from the test claim decision and the parameters and guidelines adopted by the Commission.

Pursuant to Government Code section 17561, subdivision (d)(1), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions and the Controller shall modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557, subdivision (d), and California Code of Regulations, title 2, section 1183.2.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The Statement of Decision is legally binding on all parties and provides the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record, including the Statement of Decision, is on file with the Commission.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2009-05
LOCAL GOVERNMENT EMPLOYEE RELATIONS

AUGUST 3, 2009

REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants can use for filing claims for the Local Government Employee Relations program. SCO issues these claiming instructions subsequent to adoption of the program's Parameters and Guidelines (P's & G's). The P's & G's are included as an integral part of the claiming instructions.

On December 4, 2006, the Commission on State Mandates (CSM) adopted a Statement of Decision finding that the test claim legislation imposes a reimbursable state-mandated program on local agencies within the meaning of article XIII B, section 6 of the California Constitution and GC section 17514.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any county, city, special district (see below) or other local agency subject to the jurisdiction of the Public Employment Relations Board (PERB) that incurs increased costs as a result of this mandate is eligible to claim reimbursement.

The City of Los Angeles and the County of Los Angeles are not eligible claimants because they are specifically excluded from PERB's jurisdiction pursuant to Government Code Section 3507.

Special districts, subject to tax and spend limitations pursuant to the provisions of Articles XIII A and B of the California Constitution, are eligible to file a claim for reimbursement. To establish proof of eligibility and to minimize payment delays, SCO requests that special district claimants submit a supporting document that affirms the special district received an annual allocation of property tax revenue from the county pursuant to Article XIII A of the California Constitution. This may include a Board of Directors Resolution establishing the appropriation limit for the fiscal year being claimed, in compliance with Article XIII B of the California Constitution.

Reimbursement Claim Deadline

Claims for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC Section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**), provided that a county may submit a combined claim on behalf of direct service districts or special districts within their county if the combined claim exceeds **\$1,000**, even if the individual direct service district's or special district's claim does not each exceed **\$1,000**. The county shall determine if the submission of the combined claim is economically feasible and shall be responsible for disbursing the funds to each direct service district or special district. These combined claims may be filed only when the county is the fiscal agent for the districts. A combined claim must show the individual claim costs for each eligible district. All subsequent claims based upon the same mandate shall only be filed in the combined form unless a direct service district or special district provides a written notice of its intent to file a separate claim to the county and to the SCO, at least 180 days prior to the deadline for filing the claim.

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, notices of order of suspension or revocation, sworn reports, arrest reports, notices to appear, employee time records, or time logs, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas training packets, and declarations. Declarations must include a certification or declaration stating: "I certify, (or declare), under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of the Code of Civil Procedure Section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the Commission. If any adjustments are made to a claim, a "Notice of Claim Adjustment" specifying the claim activity adjusted, the amount adjusted, and the reason for the adjustment, will be mailed within 30 days after payment of the claim.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC Section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date that the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Local Government Employee Relations
01-TC-30

I. SUMMARY OF THE MANDATE

The test claim statute amended the Meyers-Milias-Brown Act (hereinafter the “MMBA”) regarding employer-employee relations between local public agencies and their employees. The test claim statute and its attendant regulations created an additional method for creating an agency shop arrangement, and expanded the jurisdiction of the Public Employment Relations Board (hereinafter “PERB”) to include resolving disputes and enforcing the statutory duties and rights of those public employers and employees subject to the MMBA.

On December 4, 2006, the Commission on State Mandates found that the test claim statute and regulations impose a partially reimbursable state-mandated program on local agencies for the following activities:

1. Deduct from an employees’ wages the payment of dues or service fees required pursuant to an agency shop arrangement that was established under subdivision (b) of Government Code section 3502.5, and transmit such fees to the employee organization. (Gov. Code § 3508.5, subd. (b)).
2. Receive from the employee any proof of in lieu fee payments made to charitable organizations required pursuant to an agency shop arrangement that was established under subdivision (b) of Government Code section 3502.5. (Gov. Code, § 3502.5, subd. (c)).
3. Follow PERB procedures in responding to charges and appeals filed with PERB, by an entity other than the local public agency employer, concerning an unfair labor practice, a unit determination, representation by an employee organization, recognition of an employee organization, or election. Mandated activities are:
 - a. procedures for filing documents or extensions for filing documents with PERB (Cal.Code Reg., tit. 8, §§ 32132, 32135 (Register 2001, No. 49));
 - b. proof of service (Cal. Code Regs., tit. 8, § 32140 (Register 2001, No. 49));

- c. responding to subpoenas and investigative subpoenas (Cal. Code Regs., tit. 8, §§ 32149, 32150 (Register 2001, No. 49));
- d. conducting depositions (Cal. Code Regs., tit. 8, § 32160 (Register 2001, No. 49));
- e. participate in hearings and responding as required by PERB agent, PERB Administrative Law Judge, or the five-member PERB (Cal. Code Regs., tit. 8, §§ 32168, 32170, 32175, 32176, 32180, 32205, 32206, 32207, 32209, 32210, 32212, 32310, 32315, 32375, 32455, 32620, 32644, 32649, 32680, 32980, 60010, 60030, 60050 and 60070 (Register 2001, No. 49)); and
- f. filing and responding to written motions in the course of the hearing. (Cal. Code Regs. tit. 8, § 32190. (Register 2001, No. 49.)

II. ELIGIBLE CLAIMANTS

Any county, city, or city and county, special district or other local agency subject to the jurisdiction of PERB that incurs increased costs as a result of this reimbursable state-mandated program is eligible to claim reimbursement of those costs. However, the City of Los Angeles and the County of Los Angeles are not eligible claimants because they are specifically excluded from PERB jurisdiction pursuant to Government Code section 3507.

III. PERIOD OF REIMBURSEMENT

Government Code section 17557 states that a test claim shall be submitted on or before June 30 following a given fiscal year to establish eligibility for reimbursement for that fiscal year. The test claim for this mandate was filed by the test claimants, the County of Sacramento and the City of Sacramento, on August 1, 2002. Therefore, the period of reimbursement begins on July 1, 2001.

Actual costs for one fiscal year shall be included in each claim. Pursuant to Government Code section 17561, subdivision (d)(1)(A), all claims for reimbursement of initial fiscal year costs shall be submitted to the State Controller within 120 days of the issuance date for the claiming instructions.

If the total costs for a given year do not exceed \$1,000, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any given fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices and receipts.

Evidence corroborating the source documents may include, but is not limited to, time sheets, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, calendars, and declarations. Declarations must include a certification or declaration stating, "I

certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct,” and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise reported in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below.

Claimants may use time studies to support salary and benefit costs when an activity is task-repetitive. Time study usage is subject to the review and audit conducted by the State Controller’s Office.

For each eligible claimant, the following activities are eligible for reimbursement:

A. One Time Activities

1. Establish procedures and documentation for deduction from employees’ wages the payment of dues, or service fees, including transmittal of such payments, and handling proof of in lieu fee payments made to charitable organizations as required by the agency shop agreement pursuant to Government Code sections 3502.5, subdivisions (b) and (c).

3. V. CLAIM PREPARATION AND SUBMISSION

Each of the following cost elements must be identified for the reimbursable activities identified in section IV of this document. Each reimbursable cost must be supported by source documentation as described in section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for reimbursable activities. The following direct costs are eligible for reimbursement.

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the services that were performed during the period covered by the reimbursement claim. If the contract services were also used for purposes other than the reimbursable activities, only the pro-rata portion of the services used to implement the reimbursable activities can be claimed. Submit contract consultant and invoices with the claim and a description of the contract scope of services.

4. Fixed Assets and Equipment

Report the purchase price paid for fixed assets and equipment (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset or equipment is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

5. Travel

Report the name of the employee traveling for the purpose of the reimbursable activities. Include the date of travel, destination point, the specific reimbursable activity requiring travel, and related travel expenses reimbursed to the employee in compliance with the rules of the local jurisdiction. Report employee travel time according to the rules of cost element A.1, Salaries and Benefits, for each applicable reimbursable activity.

B. Indirect Cost Rates

Indirect costs are costs that are incurred for a common or joint purpose, benefiting more than one program, and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include (1) the overhead costs of the unit performing the mandate; and (2) the costs of the central government services distributed to the other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in the 2 CFR Part 225 (Office of Management and Budget (OMB) Circular A-87). Claimants have the option of using 10% of labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)) and the indirect shall exclude capital expenditures and unallowable costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B).) However, unallowable costs must be included in the direct costs if they represent activities to which indirect costs are properly allocable.

The distributions base may be (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc.), (2) direct salaries and wages, or (3) another base which results in an equitable distribution.

In calculating an ICRP, the claimant shall have the choice of one of the following methodologies:

1. The allocation of allowable indirect costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)) shall be accomplished by (1) classifying a department's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected; or
2. The allocation of allowable indirect costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)) shall be accomplished by (1) separate a department into groups, such as divisions or sections, and then classifying the division's or section's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate that is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected.

VI. RECORDS RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter⁴ is subject to the initiation of an audit by the State Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. OFFSETTING REVENUES AND REIMBURSEMENTS

Any offsets the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate received from any federal, state or non-local source shall be identified and deducted from this claim.

VIII. STATE CONTROLLER'S CLAIMING INSTRUCTIONS

Pursuant to Government Code section 17558, subdivision (b), the Controller shall issue claiming instructions for each mandate that requires state reimbursement not later than 60 days after receiving the adopted parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The claiming instructions shall be derived from the test claim decision and the parameters and guidelines adopted by the Commission.

⁴ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

Pursuant to Government Code section 17561, subdivision (d)(1)(A), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon the request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557, subdivision (a), and California Code of Regulations, title 2, section 1183.2.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The Statement of Decision is legally binding on all parties and provides the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record, including the Statement of Decision, is on file with the Commission.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2012-42
MEDI-CAL BENEFICIARY PROBATE

REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Medi-Cal Beneficiary Probate program. The amended Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On December 2, 1982, the Commission on State Mandates (CSM) adopted a Statement of Decision finding that the test claim legislation imposes a reimbursable state-mandated program on local agencies within the meaning of article XIII B, section 6 of the California Constitution and GC section 17514.

On January 29, 2010, the CSM approved the amendments to the P's & G's to update the "boilerplate language" clarifying source documentation requirements and record retention language as requested by the SCO.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any county, as defined in GC section 17515, that incurs increased costs as a result of this mandate is eligible to claim for reimbursement.

Reimbursement Claim Deadline

Claims for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all

documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

Amended and Adopted: 2-3-83
Amended: 3-28-84
Amended: 1-29-10

Amendment to Parameters and Guidelines

Statutes 1981, Chapters 102 and 1163; and

DHS All County Letters

Medi-Cal Beneficiary Probate

05-PGA-33 (4032)

This amendment is effective beginning with claims filed for the
July 1, 2005 through June 30, 2006 period of reimbursement.

I. SUMMARY OF MANDATE

Statutes 1981, chapter 102, effective June 28, 1981 added Probate Code Section 700.1; and Statutes 1981, chapter 1163 effective October 2, 1981 amended Probate Code Section 700.1. In part, Section 700.1 states that where a deceased person has received or may have received health care under the provisions of Chapter 7 (commencing with Section 14000) of Chapter 8 (commencing with Section 14200), Part 3, Division 9, Welfare and Institutions Code, the heirs, the executor, the administrator, or the person in possession of any property of the decedent shall give the Director of Health Services or his or her successor notice of the death no later than 90 days from the date of death. Such notice shall be mailed postage prepaid, and addressed to the director at his or her Sacramento office.

The Department of Health Services prepared two (2) all county letters to Public Guardians/Public Administrators; one dated February 118, 1982 and the second dated March 31, 1982 which included a suggested form letter. The purpose of the all county letters was to provide clarification of Probate Code Section 700.1 and request specific information.

II. BOARD OF CONTROL DECISION

On December 2, 1982 the Board of Control found that Statutes 1981, Chapters.102 and 1163, and State Department of Health Services all county letters of February 18, 1982 and March 31, 1982 imposed reimbursable state mandated costs.

III. ELIGIBLE CLAIMANTS

Only counties are eligible to file for reimbursement, as under State of California law the Office of Public Guardian/Public Administrator is a county function.

IV. PERIOD OF REIMBURSEMENT

This amendment is effective beginning with claims filed for the July 1, 2005 through June 30, 2006 period of reimbursement.

Statutes 1981, chapter 102 became operative on June 28, 1981. Statutes 1981, chapter 1163 became operative on October 2, 1981. The test claim was filed on July 8, 1982. Revenue and Taxation Code Section 2253.8 states that test claims must be submitted on or before November 30 following a given fiscal year in order to obtain reimbursement for costs incurred during the given fiscal year. Therefore, costs incurred during 1981-82 and subsequent fiscal years would be reimbursable unless otherwise limited.

V. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating, "I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct based upon personal knowledge." Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

Probate Code Section 700.1, and the all county letters of February 18, 1982 and March 31, 1982 with its form letter requested the following information:

<u>Description</u>	Probate Code	All County	
<u>Section 700.1</u>	letters dated	<u>2-18-82 & 3-31-92</u>

VI. REIMBURSABLE COSTS

Salary and Fringe Benefits:

Classification of employee, number of- hours devoted to mandated functions, hourly rate, and fringe benefits.

Other Costs:

Computer costs, mileage, death certificates, forms, etc. Claimants must provide justification for these costs.

Allowable Indirect Costs:

Indirect costs are defined as costs, which are incurred for a common or joint purpose, benefiting more than one program, and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include both (1) overhead costs of the unit performing the mandate, and (2) the costs of central government services distributed to other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in the OMB Circular A-87. Claimants have the option of using 10 % of direct labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) for the department if the indirect cost rate claimed exceeds 10%. If more than one department is claiming indirect costs for the mandated program, each department must have its own ICRP prepared in accordance with OMB Circular A-87. An ICRP must be submitted with the claim when the indirect cost rate exceeds 10%.

Offsetting Revenues:

Claimants shall pursue reimbursement for the costs claimed above, from a decedent's estate before seeking SB 90 reimbursement. The full amount of estate reimbursement shall be subtracted from the SB 90 reimbursement claim.

VII. CLAIM PREPARATION

Claimants shall categorize the activities necessary to carry out the mandated functions using the categories cited in the Reimbursable Costs Section. Claimants shall provide appropriate case load statistics to support claimed costs.

VIII. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter¹ is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section V, must be retained during the period subject to audit. If the Controller has initiated an audit during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

¹ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Modified Primary Election (MPE) program. The Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On October 27, 2011, the Commission on State Mandates (CSM) found that Chapter 898, Statutes of 2000, as it amended Elections Code sections 2151 and 13102(b), mandates a new program or higher level of service on counties within the meaning of Article XIII B, section 6 of the California Constitution, and imposes costs mandated by the state pursuant to GC section 17514.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any county, or city and county, as defined in GC section 17515, that incurs increased costs as a result of this mandate is eligible to claim for reimbursement.

Reimbursement Claim Deadline

Claims for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to GC sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all

documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

PARAMETERS AND GUIDELINES

Elections Code Sections 2151 and 13102(b)

Statutes 2000, Chapter 898 (SB 28)

Modified Primary Election

01-TC-13

I. SUMMARY OF THE MANDATE

This program deals with changes to the partisan primary system in California. In 1996 and earlier, California had a closed primary system in which registered voters who were declared members of any political party could only vote for members of their own party in partisan primary contests, and any voters who declined to state a party affiliation could only vote on non-partisan matters at a primary election. This changed in 1996 when Proposition 198, the “Open Primary Act,” was approved by the California voters. However, Proposition 198 was challenged and litigated up to the United States Supreme Court in *California Democratic Party v. Jones* (2000) 530 U.S. 567, which found the law unconstitutional.

Following the court’s decision, the test claim statute was enacted (Statutes 2000, chapter 898) and largely repealed and reenacted the code sections that had been amended by Proposition 198 – generally restoring the language to the law that was in place immediately prior to Proposition 198. However, by amending a few of the Elections Code sections, the test claim statute altered the prior closed primary system to one in which those voters who decline to state a political party affiliation may choose any political party’s partisan primary ballot, if that political party allows it. This created a form of open primary.

The Commission concluded that Statutes 2000, chapter 898, as it amended Elections Code sections 2151 and 13102(b), mandates a new program or higher level of service on counties within the meaning of article XIII B, section 6 of the California Constitution, and imposes costs mandated by the state pursuant to Government Code section 17514 for the following specific new activities:

- Add information to the voter registration card stating that voters who declined to state a party affiliation shall be entitled to vote a party ballot if the political party, by party rule duly noticed to the Secretary of State, authorizes such a person to do so. (Elec. Code, § 2151.)
- Allow voters who declined to state a party affiliation to vote a party ballot if the political party, by party rule duly noticed to the Secretary of State, authorizes such a person to do so. (Elec. Code, §§ 2151 and 13102(b).)

The remaining allegations pled in the test claim were denied by the Commission.

II. ELIGIBLE CLAIMANTS

Any county, or city and county, that incurs increased costs as a result of this reimbursable state-mandated program is eligible to claim reimbursement.

III. PERIOD OF REIMBURSEMENT

Government Code section 17557(e), states that a test claim shall be submitted on or before June 30 following a given fiscal year to establish eligibility for that fiscal year. The County of Orange filed the test claim on April 18, 2002, establishing eligibility for reimbursement beginning July 1, 2000. However, the operative and effective date of the test claim statute was January 1, 2001. Therefore, costs incurred for compliance with the mandated activities are reimbursable on or after January 1, 2001.

Reimbursement for state-mandated costs may be claimed as follows:

1. Actual costs for one fiscal year shall be included in each claim.
2. Pursuant to Government Code section 17561(d)(1)(A), all claims for reimbursement of initial fiscal year costs shall be submitted to the State Controller within 120 days of the issuance date for the claiming instructions.
3. Pursuant to Government Code section 17560(a), a local agency may, by February 15 following the fiscal year in which costs were incurred, file an annual reimbursement claim that details the costs actually incurred for that fiscal year.
4. In the event revised claiming instructions are issued by the Controller pursuant to Government Code section 17558(c), between November 15 and February 15, a local agency filing an annual reimbursement claim shall have 120 days following the issuance date of the revised claiming instructions to file a claim. (Gov. Code §17560(b).)
5. If the total costs for a given fiscal year do not exceed \$1,000, no reimbursement shall be allowed except as otherwise allowed by Government Code section 17564(a).
6. There shall be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any given fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable to and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, time sheets, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, calendars, and declarations. Declarations must include a certification or declaration stating, "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise reported in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for the increased costs of the reimbursable activities identified below.

A. One-Time Activities

1. Conduct a meeting with the Secretary of State's Office and a meeting with employees from the County elections department regarding the implementation of the *Modified Primary* program.
2. Develop new internal policies and procedures relating to the activities mandated by Elections Code sections 2151 and 13102(b) to allow voters who decline to state a party affiliation to vote a party ballot in a primary election if authorized by the political party to do so, and to add such information regarding the modified primary statutes to the voter registration card.
3. Add information to the voter registration card stating that voters who decline to state a party affiliation shall be entitled to vote a party ballot if the political party, by party rule duly noticed to the Secretary of State, authorizes that vote. (Elec. Code, § 2151.)

B. On-going Activities

From January 1, 2001 through December 31, 2010, these activities apply to all primary elections. Beginning January 1, 2011, these activities apply only to primary elections for President of the United States or for a party committee and do not apply to primary elections for state elective or congressional offices. (Proposition 14, June 2010.)

1. If authorized by the political party, and upon receipt of the application to vote by mail by decline to state voters, deliver to the decline to state voters the partisan ballot requested for the primary election. (Elec. Code, § 3009.)

This activity includes and reimbursement is authorized for entering into the computer a request from the decline to state voter to vote a partisan ballot at a primary election following the receipt of the vote by mail application sent pursuant to Elections Code section 3006 in order to ensure that the proper ballot is delivered.¹

2. If authorized by the political party, provide partisan ballots at the polls to decline to state voters that request a partisan ballot for the primary election. (Elec. Code, § 13300(c).)
3. Inform and train poll workers before each primary election regarding the option for the decline to state voter to vote a party ballot if authorized, by party rule duly noticed to the Secretary of State, by the political party.

¹ The costs for the administration of the *Absentee Ballot* program (CSM 3713), as required by Statutes 1978, chapter 77 and Statutes 2002, chapter 1032, are not reimbursable under these parameters and guidelines.

V. CLAIM PREPARATION AND SUBMISSION

Each of the following cost elements must be identified for the reimbursable activities identified in section IV of this document. Each reimbursable cost must be supported by source documentation as described in section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for reimbursable activities. The following direct costs are eligible for reimbursement.

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. Attach a copy of the contract to the claim. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the dates when services were performed and itemize all costs for those services during the period covered by the reimbursement claim. If the contract services were also used for purposes other than the reimbursable activities, only the pro-rata portion of the services used to implement the reimbursable activities can be claimed. Submit contract consultant and invoices with the claim and a description of the contract scope of services.

4. Fixed Assets

Report the purchase price paid for fixed assets (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

5. Travel

Report the name of the employee traveling for the purpose of the reimbursable activities. Include the date of travel, destination, the specific reimbursable activity requiring travel, and related travel expenses reimbursed to the employee in compliance with the rules of the local jurisdiction. Report employee travel time according to the rules of cost element A.1, Salaries and Benefits, for each applicable reimbursable activity.

6. Training

Report the cost of training an employee to perform the reimbursable activities, as specified in Section IV of this document. Report the name and job classification of each employee preparing for, attending, and/or conducting training necessary to implement the reimbursable activities. Provide the title, subject, and purpose (related to the mandate of the training session), dates attended, and location. If the training encompasses subjects broader than the reimbursable activities, only the pro-rata portion can be claimed. Report employee training time for each applicable reimbursable activity according to the rules of cost element A.1., Salaries and Benefits, and A.2., Materials and Supplies. Report the cost of consultants who conduct the training according to the rules of cost element A.3., Contracted Services.

B. Indirect Cost Rates

Indirect costs are costs that are incurred for a common or joint purpose, benefiting more than one program, and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include: (1) the overhead costs of the unit performing the mandate; and (2) the costs of the central government services distributed to the other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in 2 CFR Part 225 (Office of Management and Budget (OMB) Circular A-87). Claimants have the option of using 10% of labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)) and the indirect costs shall exclude capital expenditures and unallowable costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)). However, unallowable costs must be included in the direct costs if they represent activities to which indirect costs are properly allocable.

The distributions base may be: (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc.); (2) direct salaries and wages; or (3) another base which results in an equitable distribution.

In calculating an ICRP, the claimant shall have the choice of one of the following methodologies:

1. the allocation of allowable indirect costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)) shall be accomplished by: (1) classifying a department's total costs for the base period as either direct or indirect; and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount of allowable indirect costs bears to the base selected; or
2. the allocation of allowable indirect costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)) shall be

accomplished by: (1) separating a department into groups, such as divisions or sections, and then classifying the division's or section's total costs for the base period as either direct or indirect; and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate that is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount of allowable indirect costs bears to the base selected.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5(a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter² is subject to the initiation of an audit by the State Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. OFFSETTING REVENUES AND REIMBURSEMENTS

Any offsetting revenues the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate received from any federal, state or non-local source shall be identified and deducted from this claim.

VIII. STATE CONTROLLER'S CLAIMING INSTRUCTIONS

Pursuant to Government Code section 17558(b), the Controller shall issue claiming instructions for each mandate that requires state reimbursement not later than 60 days after receiving the adopted parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The claiming instructions shall be derived from the test claim decision and the parameters and guidelines adopted by the Commission.

Pursuant to Government Code section 17561(d)(1)(A), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon the request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

² This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557(d)(1), and California Code of Regulations, title 2, section 1183.2.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The statement of decision is legally binding on all parties and provides the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record, including the statement of decision, is on file with the Commission.

If an ICRP is submitted, multiply applicable costs used in the distribution base for the computation of the indirect cost rate, by the Indirect Cost Rate, line (06). If more than one department is reporting costs, each must have its own ICRP for the program.
- (08) Enter the sum of Total Direct Costs, line (05)(g), and Total Indirect Costs, line (07).
- (09) If applicable, enter any revenue received by the claimant for this mandate from any state or federal source.
- (10) If applicable, enter the amount of other reimbursements received from any source including, but not limited to, service fees collected, federal funds, and other state funds, which reimbursed any portion of the mandated cost program. Submit a schedule detailing the reimbursement sources and amounts.
- (11) From Total Direct and Indirect Costs, line (08), subtract the sum of Offsetting Revenues, line (09), and Other Reimbursements, line (10). Enter the remainder on this line and carry the amount forward to Form FAM-27, line (13) for the Reimbursement Claim.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2011-05
MUNICIPAL STORM WATER AND URBAN RUNOFF DISCHARGES

MAY 31, 2011

REVISED JULY 1, 2013

This program will be in effect beginning July 1, 2002, until a new national pollutant discharge elimination system (NPDES) permit issued by the Regional Water Quality Control Board for Los Angeles is adopted.

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Municipal Storm Water and Urban Runoff Discharges program. The Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On July 31, 2009, the Commission adopted a Statement of Decision finding that part 4F5c3 of the Permit CAS004001 adopted by the Los Angeles Regional Water Quality Control Board imposes a partially reimbursable state-mandated program on specified local agencies for the activities listed in the P's & G's which are included as an integral part of these claiming instructions.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

The following local agencies (special districts see below) that incur increased costs as a result of this mandate are eligible to claim for reimbursement:

- Local agency permittees identified in the Los Angeles Regional Water Quality Control Board Order No. 01-182, Permit CAS004001, that are *not* subject to a trash total maximum daily load (TMDL) are eligible to claim reimbursement for the mandated activities.
- The following local agency permittees that are subject to the Ballona Creek trash TMDL are eligible to claim reimbursement for the mandated activities only to the extent they have transit stops located in areas not covered by the Ballona Creek trash TMDL requirements:

Beverly Hills, Culver City, Inglewood, Los Angeles (City), Los Angeles County, Santa Monica, and West Hollywood

- From August 28, 2002, until September 22, 2008, the following local agency permittees that are subject to the Los Angeles River trash TMDL are eligible to claim reimbursement for the mandated activities:

Alhambra, Arcadia, Bell, Bell Gardens, Bradbury, Burbank, Calabasas, Carson, Commerce, Compton, Cudahy, Downey, Duarte, El Monte, Glendale, Hidden Hills, Huntington Park, Irwindale, La Canada Flintridge, Los Angeles (City), Los Angeles County, Lynwood, Maywood, Monrovia, Montebello, Monterey Park, Paramount, Pasadena, Pico Rivera, Rosemead, San Fernando, San Gabriel, San Marino, Santa Clarita, Sierra Madre, Signal Hill, Simi Valley, South El Monte, South Gate, South Pasadena, Temple City, and Vernon

- Beginning September 23, 2008, the following local agency permittees that are subject to the Los Angeles River trash TMDL are eligible to claim reimbursement for the mandated activities only to the extent they have transit stops located in areas not covered by the Los Angeles River trash TMDL requirements:

Alhambra, Arcadia, Bell, Bell Gardens, Bradbury, Burbank, Calabasas, Carson, Commerce, Compton, Cudahy, Downey, Duarte, El Monte, Glendale, Hidden Hills, Huntington Park, Irwindale, La Canada Flintridge, Los Angeles (City), Los Angeles County, Lynwood, Maywood, Monrovia, Montebello, Monterey Park, Paramount, Pasadena, Pico Rivera, Rosemead, San Fernando, San Gabriel, San Marino, Santa Clarita, Sierra Madre, Signal Hill, Simi Valley, South El Monte, South Gate, South Pasadena, Temple City, and Vernon

Special districts, subject to tax and spend limitations pursuant to the provisions of Articles XIII A and B of the California Constitution, are eligible to file a claim for reimbursement. To establish proof of eligibility and to minimize payment delays, SCO requests that special district claimants submit a supporting document that affirms the special district received an annual allocation of property tax revenue from the county pursuant to Article XIII A of the California Constitution. This may include a Board of Directors Resolution establishing the appropriation limit for the fiscal year being claimed, in compliance with Article XIII B of the California Constitution.

Reimbursement Claim Deadline

Claims for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to GC sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, a Notice of Claim Adjustment specifying the activity adjusted, the amount adjusted, and the reason for the adjustment, will be mailed within thirty days after payment of the claim.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, Subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the Controller to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the

retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **To expedite the process, please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

I. SUMMARY OF THE MANDATE

This consolidated test claim was filed by the County of Los Angeles and several cities in the Los Angeles region, alleging that various sections of the 2001 storm water permit (Permit CAS004001) adopted by the Los Angeles Regional Water Quality Control Board constitute a reimbursable state-mandated program within the meaning of article XIII B, section 6 of the California Constitution. On July 31, 2009, the Commission adopted a Statement of Decision, finding that part 4F5c3 of the permit imposes a partially reimbursable state-mandated program on specified local agencies. (California Regional Water Quality Control Board, Los Angeles Region, Order No. 01-182, Permit CAS004001 (12/13/01), part 4F5c3, page 49.) Part 4F5c3 states the following:

Permittees not subject to a trash TMDL [total maximum daily load] shall [¶]...[¶] Place trash receptacles at all transit stops within its jurisdiction that have shelters no later than August 1, 2002, and at all other transit stops within its jurisdiction no later than February 3, 2003. All trash receptacles shall be maintained as necessary.

The Commission found that each local agency subject to the permit and not subject to a trash total maximum daily load (TMDL), is entitled to reimbursement to: "Place trash receptacles at all transit stops within its jurisdiction that have shelters no later than August 1, 2002, and at all other transit stops within its jurisdiction no later than February 3, 2003. All trash receptacles shall be maintained as necessary." All other activities pled in the test claim were denied by the Commission. The Statement of Decision was issued in September 2009.

II. ELIGIBLE CLAIMANTS

The following local agencies that incur increased costs as a result of this mandate are eligible to claim reimbursement:

- Local agency permittees identified in the Los Angeles Regional Water Quality Control Board Order No. 01-182, Permit CAS004001, that are *not* subject to a trash TMDL are eligible to claim reimbursement for the mandated activities.

- The following local agency permittees that are subject to the Ballona Creek trash TMDL are eligible to claim reimbursement for the mandated activities only to the extent they have transit stops located in areas not covered by the Ballona Creek trash TMDL requirements:

Beverly Hills, Culver City, Inglewood, Los Angeles (City), Los Angeles County Santa Monica, and West Hollywood

- From August 28, 2002, until September 22, 2008, the following local agency permittees that are subject to the Los Angeles River trash TMDL are eligible to claim reimbursement for the mandated activities:

Alhambra, Arcadia, Bell, Bell Gardens, Bradbury, Burbank, Calabasas, Carson, Commerce, Compton, Cudahy, Downey, Duarte, El Monte, Glendale, Hidden Hills, Huntington Park, Irwindale, La Canada Flintridge, Los Angeles (City), Los Angeles County, Lynwood, Maywood, Monrovia, Montebello, Monterey Park, Paramount, Pasadena, Pico Rivera, Rosemead, San Fernando, San Gabriel, San Marino, Santa Clarita, Sierra Madre, Signal Hill, Simi Valley, South El Monte, South Gate, South Pasadena, Temple City, and Vernon

- Beginning September 23, 2008, the following local agency permittees that are subject to the Los Angeles River trash TMDL are eligible to claim reimbursement for the mandated activities only to the extent they have transit stops located in areas not covered by the Los Angeles River trash TMDL requirements:

Alhambra, Arcadia, Bell, Bell Gardens, Bradbury, Burbank, Calabasas, Carson, Commerce, Compton, Cudahy, Downey, Duarte, El Monte, Glendale, Hidden Hills, Huntington Park, Irwindale, La Canada Flintridge, Los Angeles (City), Los Angeles County, Lynwood, Maywood, Monrovia, Montebello, Monterey Park, Paramount, Pasadena, Pico Rivera, Rosemead, San Fernando, San Gabriel, San Marino, Santa Clarita, Sierra Madre, Signal Hill, Simi Valley, South El Monte, South Gate, South Pasadena, Temple City, and Vernon

III. PERIOD OF REIMBURSEMENT

Government Code section 17557 states that a test claim shall be submitted on or before June 30 following a given fiscal year to establish eligibility for reimbursement for that fiscal year. The County of Los Angeles filed a test claim on *Transit Trash Receptacles* (03-TC-04) on September 2, 2003. The Cities of Artesia, Beverly Hills, Carson, La Mirada, Monrovia, Norwalk, Rancho Palos Verdes, San Marino, and Westlake Village filed a test claim on *Waste Discharge Requirements* (03-TC-20) on September 30, 2003. The Cities of Baldwin Park, Bellflower, Cerritos, Covina, Downey, Monterey Park, Pico Rivera, Signal Hill, South Pasadena, and West Covina filed a test claim on *Storm Water Pollution Requirements* (03-TC-21) on September 30, 2003. Each test claim alleged that Part 4F5C3 of the Los Angeles Regional Water Quality Control Board Order No. 01-182,

Permit CAS004001 was a reimbursable state-mandated program. The filing dates of these test claims establish eligibility for reimbursement beginning July 1, 2002, pursuant to Government Code section 17557, subdivision (e), and continues until a new NPDES permit issued by the Regional Water Quality Control Board for Los Angeles is adopted. Reimbursement for state-mandated costs may be claimed as follows:

1. Costs for one fiscal year shall be included in each claim.
2. All claims for reimbursement of initial fiscal year costs shall be submitted to the State Controller within 120 days of the issuance date for the claiming instructions. (Gov. Code, § 17561, subd. (b)(1)(A).)
3. A local agency may, by February 15 following the fiscal year in which costs were incurred, file an annual reimbursement claim that details the costs actually incurred for that fiscal year. (Gov. Code, § 17560, subd. (a).)
4. In the event revised claiming instructions are issued by the Controller pursuant to Government Code section 17558, subdivision (c), between November 15 and February 15, a local agency filing an annual reimbursement claim shall have 120 days following the issuance date of the revised claiming instructions to file a claim. (Gov. Code, § 17560, subd. (b).)
5. If the total costs for a given fiscal year do not exceed \$1,000, no reimbursement shall be allowed except as otherwise allowed by Government Code section 17564, subdivision (a).
6. There shall be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed for the one-time activities in section IV. A below. The ongoing activities in section IV. B below are reimbursed under a reasonable reimbursement methodology.

Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual costs were incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, timesheets, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, calendars, and declarations. Declarations must include a certification or declaration stating, “I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct,” and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise reported in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

For each eligible local agency, the following activities are reimbursable:

A. Install Trash Receptacles (one-time per transit stop, reimbursed using actual costs):

1. Identify locations of all transit stops within the jurisdiction required to have a trash receptacle pursuant to the Permit.
2. Select receptacle and pad type, evaluate proper placement of receptacles and prepare specifications and drawings.
3. Prepare contracts, conduct specification review process, advertise bids, and review and award bids.
4. Purchase or construct receptacles and pads and install receptacles and pads.
5. Move (including replacement if required) receptacles and pads to reflect changes in transit stops, including costs of removal and restoration of property at former receptacle location and installation at new location.

B. Maintain Trash Receptacles and Pads (on-going, reimbursed using the reasonable reimbursement methodology):

1. Collect and dispose of trash at a disposal/recycling facility. *This activity is limited to no more than three times per week.*
2. Inspect receptacles and pads for wear, cleaning, emptying, and other maintenance needs.
3. Maintain receptacles and pads. This activity includes painting, cleaning, and repairing receptacles; and replacing liners. The cost of paint, cleaning supplies and liners is reimbursable. *Graffiti removal is not reimbursable.*
4. Replace individual damaged or missing receptacles and pads. The costs to purchase and install replacement receptacles and pads and dispose of or recycle replaced receptacles and pads are reimbursable.

V. CLAIM PREPARATION AND SUBMISSION OF ACTUAL COSTS FOR THE REIMBURSABLE ACTIVITIES IDENTIFIED IN SECTION IV.A.

Each of the following cost elements must be identified for the reimbursable activities identified in section IV of this document. Each reimbursable cost must be supported by source documentation as described in section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for reimbursable activities. The following direct costs are eligible for reimbursement.

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the services that were performed during the period covered by the reimbursement claim. If the contract services were also used for purposes other than the reimbursable activities, only the pro-rata portion of the services used to implement the reimbursable activities can be claimed. Submit contract consultant and attorney invoices with the claim and a description of the contract scope of services.

4. Fixed Assets and Equipment

Report the purchase price paid for fixed assets and equipment (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset or equipment is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

5. Travel

Report the name of the employee traveling for the purpose of the reimbursable activities. Include the date of travel, destination point, the specific reimbursable activity requiring travel, and related travel expenses reimbursed to the employee in compliance with the rules of the local jurisdiction. Report employee travel time according to the rules of cost element A.1, Salaries and Benefits, for each applicable reimbursable activity.

B. Indirect Cost Rates

Indirect costs are costs that are incurred for a common or joint purpose, benefiting more than one program, and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include: (1) the overhead costs of the unit performing the mandate; and (2) the costs of the central government services distributed to the other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in the 2 CFR Part 225 (Office of Management and Budget (OMB) Circular A-87). Claimants have the option of using 10% of labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B) and the indirect shall exclude capital expenditures and unallowable costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B).) However, unallowable costs must be included in the direct costs if they represent activities to which indirect costs are properly allocable.

The distributions base may be: (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc.); (2) direct salaries and wages; or (3) another base which results in an equitable distribution.

In calculating an ICRP, the claimant shall have the choice of one of the following methodologies:

1. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by: (1) classifying a department's total costs for the base period as either direct or indirect; and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected; or
2. The allocation of allowable indirect costs (as defined and described in (OMB Circular A-87 Attachments A and B) shall be accomplished by: (1) separate a department into groups, such as divisions or sections, and then classifying the division's or section's total costs for the base period as either direct or indirect; and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate that is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected.

VI. CLAIM PREPARATION AND SUBMISSION OF THE REASONABLE REIMBURSEMENT METHODOLOGY FOR THE REIMBURSABLE ACTIVITIES IDENTIFIED IN SECTION IV.B

Direct and Indirect Costs

The Commission is adopting a reasonable reimbursement methodology to reimburse eligible local agencies for all direct and indirect costs for the on-going activities identified in section IV.B of these parameters and guidelines to maintain trash receptacles. (Gov. Code, §§ 17557, subd. (b) & 17518.)

The RRM is in lieu of filing detailed documentation of actual costs. Under the RRM, the unit cost of \$6.74, during the period of July 1, 2002 to June 30, 2009, for each trash collection or “pickup” is multiplied by the annual number of trash collections (number of receptacles times pickup events for each receptacle), subject to the limitation of no more than three pickups per week. Beginning in fiscal year 2009-2010, the RRM shall be adjusted annually by the implicit price deflator as forecast by the Department of Finance.

VII. RECORDS RETENTION

A. Actual Costs

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter¹ is subject to the initiation of an audit by the State Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

B. Reasonable Reimbursement Methodology

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a school district pursuant to this chapter² is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced.

Pursuant to Government Code section 17561, subdivision (d)(2), the Controller has the authority to audit the application of a reasonable reimbursement methodology.

Local agencies must retain documentation which supports the reimbursement of the maintenance costs identified in Section IV.B of these parameters and guidelines during the period subject to audit, including documentation showing the number of trash receptacles in the jurisdiction and the number of trash collections or pickups. If an audit has been initiated by the Controller during the period subject to audit, the record retention period is extended until the ultimate resolution of any audit findings.

¹ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

² This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

VIII. OFFSETTING REVENUES AND REIMBURSEMENTS

Any offsetting revenue the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate received from any federal, state or non-local source shall be identified and deducted from this claim.

VIII. STATE CONTROLLER'S CLAIMING INSTRUCTIONS

Pursuant to Government Code section 17558, subdivision (b), the Controller shall issue claiming instructions for each mandate that requires state reimbursement not later than 60 days after receiving the adopted parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The claiming instructions shall be derived from the test claim decision and the parameters and guidelines adopted by the Commission.

Pursuant to Government Code section 17561, subdivision (d)(1)(A), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon the request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557, subdivision (d), and California Code of Regulations, title 2, section 1183.2.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The Statement of Decision is legally binding on all parties and provides the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record, including the Statement of Decision, is on file with the Commission.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2006-04
PEACE OFFICER PERSONNEL RECORDS: UNFOUNDED COMPLAINTS AND
DISCOVERY

FEBRUARY 21, 2006

REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Peace Officer Personnel Records: Unfounded Complaints and Discovery program. The Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On September 25, 2003, the Commission on State Mandates (CSM) adopted a Statement of Decision finding that the test claim legislation imposes a reimbursable state-mandated program on local agencies within the meaning of article XIII B, section 6 of the California Constitution and GC section 17514.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any city or county, as defined in GC sections 17511 and 17515, that incurs increased costs as a result of this mandate is eligible to claim for reimbursement.

Reimbursement Claim Deadline

Claims for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all

documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original FAM-27 and one copy with required documents. **Please sign the FAM-27 in blue ink and attach the copy to the top of the claim package.**

Peace Officer Personnel Records: Unfounded Complaints and Discovery (00-TC-24)

City of Hayward and County of San Mateo, Claimants

I. SUMMARY OF THE MANDATE

On June 29, 2001, claimant, City of Hayward (City), submitted a test claim alleging a reimbursable state mandate for employers of peace officers was imposed by amendments to Penal Code section 832.5. On the same date,¹ claimant, County of San Mateo (County), submitted a test claim alleging a reimbursable state mandate for employers of peace officers arising from additions and amendments to the Evidence and Penal Codes, including Penal Code section 832.5.

On September 13, 2002,² the Commission on State Mandates (Commission) received two test claims from claimant, Santa Monica Community College District, alleging substantially similar (but not identical) test claim legislation and activities on behalf of school district employers of peace officers to the claims originally filed by the City and County. On May 1, 2003, the Commission consolidated all four claims designating them *Peace Officer Personnel Records: Unfounded Complaints and Discovery (00-TC-24)*.

The Commission heard and decided this test claim during regularly scheduled hearings on July 31, 2003, and September 25, 2003. At the July 31, 2003 hearing, the Commission heard and decided the test claim allegations from the city and county claimants. At the September 25, 2003 hearing, the Commission heard the test claim allegations from the school district claimant.

On September 25, 2003, the Commission adopted the Statement of Decision for *Peace Officer Personnel Records: Unfounded Complaints and Discovery (00-TC-24)*. The Commission found that Evidence Code sections 1043, subdivision (a), Penal Code sections 832.5, subdivisions (b) and (c), and 832.7, subdivisions (b) and (e), constitute a new program or higher level of service and impose a reimbursable state-mandated program on local agency employers of peace officers within the meaning of article XIII B, section 6, of the California Constitution and Government Code section 17514. Accordingly, the Commission approved this test claim for the following reimbursable activities:

¹ Reimbursement period begins no earlier than July 1, 1999. (Gov. Code, § 17557, subd. (c).)

² Reimbursement period begins no earlier than July 1, 2001. (Gov. Code, § 17557, subd. (c).)

- Upon receipt of the notice that discovery or disclosure is sought of peace officer personnel records, the local agency served shall immediately notify the individual whose records are sought. (Evid. Code, § 1043, subd. (a).)³
- Retain complaints against peace officers by members of the public, and any reports or findings relating to these complaints, either in the officer's general personnel file or in a separate file, for an additional three years (a higher level of service above the two-year record retention requirement pursuant to Government Code sections 26202 and 34090). Complaints found to be frivolous, unfounded, or exonerated shall not be maintained in that officer's general personnel file, but shall be retained in other, separate files. (Pen. Code, § 832.5, subds. (b) and (c).)⁴
- Release to the complaining party a copy of his or her own statements at the time the complaint against the peace officer is filed. (Pen. Code, § 832.7, subd. (b).)⁵
- Provide written notification to the complaining party of the disposition of the complaint against the peace officer within 30 days of the disposition. (Pen. Code, § 832.7, subd. (e).)⁶

The Commission concluded that Evidence Code sections 1044, 1045, 1046 and 1047, Penal Code section 832.8, and none of the additional activities or costs claimed for receiving, responding to, or defending against a discovery motion, or investigating complaints against peace officers, constitute a new program or higher level of service within the meaning of the California Constitution, article XIII B, section 6.

The Commission also found that forming a school district police department and employing peace officers is a discretionary activity on the part of all school districts. Pursuant to Education Code sections 38000 and 72330, school districts remain free to discontinue providing their own police department, and statutory duties that follow from discretionary activities do not impose a reimbursable state mandate. Thus, the Commission concluded that school districts are not eligible claimants for the test claim statutes.

The Commission denied any remaining alleged costs or activities because they do not impose a new program or higher level of service, and do not impose costs mandated by the state.

II. ELIGIBLE CLAIMANTS

Any city, county, and city and county that incurs increased costs as a direct result of this reimbursable state-mandated program is eligible to claim reimbursement of those costs.

³ As amended by Statutes 1978, chapter 630; test claim allegation filed June 29, 2001, reimbursement period begins no earlier than July 1, 1999. (Gov. Code, § 17557, subd. (c).)

⁴ As amended by Statutes 1978, chapter 630; test claim allegation filed June 29, 2001, reimbursement period begins no earlier than July 1, 1999. (Gov. Code, § 17557, subd. (c).)

⁵ As amended by Statutes 1994, chapter 741; test claim allegation filed September 13, 2002, reimbursement period begins no earlier than July 1, 2001. (Gov. Code, § 17557, subd. (c).)

⁶ *Ibid.*

III. PERIOD OF REIMBURSEMENT

Government Code section 17557 states that a test claim must be submitted on or before June 30 following a fiscal year to establish eligibility for that fiscal year. The test claims for this mandate were filed on June 29, 2001 and September 13, 2002. Therefore, costs incurred for compliance with Evidence Code section 1043, subdivision (a), and Penal Code section 832.5, subdivisions (b) and (c), are reimbursable on or after July 1, 1999, and costs incurred for compliance with Penal Code section 832.7, subdivisions (b) and (e), are reimbursable on or after July 1, 2001.

Actual costs for one fiscal year shall be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. Pursuant to Government Code section 17561, subdivision (d)(1)(A), all claims for reimbursement of initial fiscal year costs shall be submitted to the State Controller within 120 days of the issuance date for the claiming instructions.

If the total costs for a given year do not exceed \$1,000, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, and declarations. Declarations must include a certification or declaration stating, "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

For each eligible claimant, the following activities are reimbursable:

- A. Notice to Peace Officers (Evid. Code, § 1043, subd. (a).) Reimbursement period begins July 1, 1999.
 - 1. Provide immediate notice to an officer that his personnel file is the subject of discovery or disclosure.

B. Record Retention (Pen. Code, § 832.5, subds. (b) and (c).) Reimbursement period begins July 1, 1999.

1. Retain complaints against peace officers and any reports on findings relating to these complaints, for an *additional* three years. This is limited to the cost of retaining complaints against peace officers and any reports on findings relating to these complaints, including file storage of those records for the three-year period of time after the mandatory two-year retention period provided in Government Code sections 26202 and 34090. No staff time is required or reimbursable for this activity.
2. Maintain those complaints found to be frivolous, unfounded or exonerated in a file separate from the officer's general personnel file.

C. Notice to Complaining Party (Pen. Code, § 832.7, subds. (b) and (e).) Reimbursement period begins July 1, 2001.

1. Make a copy of the complaining party's own statements at the time the complaint against the peace officer is filed, and provide the complaining party a copy of that statement.
2. Provide written notification to the complaining party of the disposition of the complaint against the peace officer within thirty days of the disposition.

V. CLAIM PREPARATION AND SUBMISSION

Each of the following cost elements must be identified for each reimbursable activity identified in Section IV, Reimbursable Activities, of this document. Each claimed reimbursable cost must be supported by source documentation as described in Section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. The following direct costs are eligible for reimbursement.

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the services that

were performed during the period covered by the reimbursement claim. If the contract services are also used for purposes other than the reimbursable activities, only the pro-rata portion of the services used to implement the reimbursable activities can be claimed. Submit contract consultant and attorney invoices with the claim and a description of the contract scope of services.

4. Fixed Assets and Equipment

Report the purchase price paid for fixed assets and equipment (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset or equipment is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

B. Indirect Cost Rates

Indirect costs are costs that are incurred for a common or joint purpose, benefiting more than one program, and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include both: (1) overhead costs of the unit performing the mandate; and (2) the costs of the central government services distributed to the other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in the Office of Management and Budget (OMB) Circular A-87. Claimants have the option of using 10% of direct labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in OMB Circular A-87 Attachments A and B) and the indirect costs shall exclude capital expenditures and unallowable costs (as defined and described in OMB A-87 Attachments A and B). However, unallowable costs must be included in the direct costs if they represent activities to which indirect costs are properly allocable.

The distribution base may be (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc.), (2) direct salaries and wages, or (3) another base which results in an equitable distribution.

In calculating an ICRP, the Claimant shall have the choice of one of the following methodologies:

1. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by (1) classifying a department's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected; or
2. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by (1) separating a department into groups, such as divisions or sections, and then classifying the division's or section's total costs for the base period as either direct or indirect, and (2) dividing the total allowable

indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate that is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter⁷ is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. OFFSETTING SAVINGS AND REIMBURSEMENTS

Any offsetting savings the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate from any source, including but not limited to, services fees collected, federal funds, and other state funds, shall be identified and deducted from this claim. Service fees collected include cost reimbursements received by counties pursuant to Government Code, Sections 27135, 27013, and 53684, subdivision (b).

VIII. STATE CONTROLLER'S CLAIMING INSTRUCTIONS

Pursuant to Government Code, section 17558, subdivision (b), the Controller shall issue claiming instructions for each mandate that requires state reimbursement not later than 60 days after receiving the adopted parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The claiming instructions shall be derived from the test claim decision and the parameters and guidelines adopted by the Commission.

Pursuant to Government Code, section 17561, subdivision (d)(1), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code, section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions and the Controller shall modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

⁷ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code, section 17557, subdivision (d), and California Code of Regulations, title 2, section 1183.2.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The Statement of Decision is legally binding on all parties and provides the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record, including the Statement of Decision, is on file with the Commission.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2009-10
PEACE OFFICERS PROCEDURAL BILL OF RIGHTS (POBOR)

LOCAL AGENCIES

OCTOBER 5, 2009

REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants can use for filing claims for the Peace Officers Procedural Bill of Rights (POBOR) program. The SCO issues these claiming instructions subsequent to adoption of the program's Parameters and Guidelines (P's & G's). The P's & G's are included as an integral part of the claiming instructions.

On July 27, 2000, the Commission on State Mandates (CSM) adopted P's & G's that listed counties, cities, school districts, and special districts that employ peace officers as eligible claimants.

On July 31, 2009, the CSM amended the decision to deny reimbursement to school districts, community college districts, and special districts that are permitted by statute but not required to employ peace officers who supplement the general law enforcement units of cities and counties. The Amended P's & G's are included as an integral part of the claiming instructions.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any city, county or special police protection district (see below) named in GC sections 17511, 17515 and 53060.7 that wholly supplants the law enforcement functions of the county within their jurisdiction is an eligible claimant.

School districts, community college districts, and special districts that are permitted by statute, but not required, to employ peace officers who supplement the general law enforcement units of cities and counties are not eligible claimants to reimbursement.

Special districts, subject to tax and spend limitations pursuant to the provisions of Articles XIII A and B of the California Constitution, are eligible to file a claim for reimbursement. To establish proof of eligibility and to minimize payment delays, SCO requests that special district claimants submit a supporting document that affirms the special district received an annual allocation of property tax revenue from the county pursuant to Article XIII A of the California Constitution. This may include a Board of Directors Resolution establishing the appropriation

limit for the fiscal year being claimed, in compliance with Article XIII B of the California Constitution.

Reimbursement Claim Deadline

An actual claim for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC Section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**), provided that a county may submit a combined claim on behalf of direct service districts or special districts within their county if the combined claim exceeds **\$1,000**, even if the individual direct service district's or special district's claim does not each exceed **\$1,000**. The county shall determine if the submission of the combined claim is economically feasible and shall be responsible for disbursing the funds to each direct service district or special district. These combined claims may be filed only when the county is the fiscal agent for the districts. A combined claim must show the individual claim costs for each eligible district. All subsequent claims based upon the same mandate shall only be filed in the combined form unless a direct service district or special district provides a written notice of its intent to file a separate claim to the county and to the SCO, at least 180 days prior to the deadline for filing the claim.

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is

true and correct,” and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO’s claiming instructions and the P’s & G’s adopted by the CSM. If any adjustments are made to a claim, a Notice of Claim Adjustment specifying the activity adjusted, the amount adjusted, and the reason for the adjustment, will be mailed within 30 days after payment of the claim.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

Peace Officers Procedural Bill of Rights

05-RL-4499-01(4499)

06-PGA-06

BEGINNING IN FISCAL YEAR 2006-2007

I. SUMMARY AND SOURCE OF THE MANDATE

In order to ensure stable employer-employee relations and effective law enforcement services, the Legislature enacted Government Code sections 3300 through 3310, known as the Peace Officers Procedural Bill of Rights (POBOR).

The test claim legislation provides procedural protections to peace officers employed by local agencies and school districts¹ when a peace officer is subject to an interrogation by the employer, is facing punitive action or receives an adverse comment in his or her personnel file.

In 1999, the Commission approved the test claim and adopted the original Statement of Decision. The Commission found that certain procedural requirements under POBOR were rights already provided to public employees under the due process clause of the United States and California Constitutions. Thus, the Commission denied the procedural requirements of POBOR that were already required by law on the ground that they did not impose a new program or higher level of service, or impose costs mandated by the state pursuant to Government Code section 17556, subdivision (c). Government Code section 17556, subdivision (c), generally provides that the Commission shall not find costs mandated by the state for test claim statutes that implement a federal law, unless the test claim statute mandates costs that exceed the federal mandate. The Commission approved

¹ Government Code section 3301 states: "For purposes of this chapter, the term public safety officer means all peace officers specified in Sections 830.1, 830.2, 830.3, 830.31, 830.32, 830.33, except subdivision (e), 830.34, 830.35, except subdivision (c), 830.36, 830.37, 830.38, 830.4, and 830.5 of the Penal Code."

the activities required by POBOR that exceeded the requirements of existing state and federal law.

On July 27, 2000, the Commission adopted parameters and guidelines that authorized reimbursement, beginning July 1, 1994, to counties, cities, a city and county, school districts, and special districts that employ peace officers for the ongoing activities summarized below:

- Developing or updating policies and procedures.
- Training for human resources, law enforcement, and legal counsel.
- Updating the status of cases.
- Providing the opportunity for an administrative appeal for permanent, at-will, and probationary employees that were subject to certain disciplinary actions that were not covered by the due process clause of state and federal law.
- When a peace officer is under investigation, or becomes a witness to an incident under investigation, and is subjected to an interrogation by the employer that could lead to certain disciplinary actions, the following costs and activities are eligible for reimbursement: compensation to the peace officer for interrogations occurring during off-duty time; providing prior notice to the peace officer regarding the nature of the interrogation and identification of investigating officers; tape recording the interrogation; providing the peace officer employee with access to the tape prior to any further interrogation at a subsequent time or if any further specified proceedings are contemplated; and producing transcribed copies of any notes made by a stenographer at an interrogation, and copies of complaints of reports or complaints made by investigators.
- Performing certain activities, specified by the type of local agency or school district, upon the receipt of an adverse comment against a peace officer employee.

A technical correction was made to the parameters and guidelines on August 17, 2000.

In 2005, Statutes 2005, chapter 72, section 6 (AB 138) added section 3313 to the Government Code to direct the Commission to “review” the Statement of Decision, adopted in 1999, on the *Peace Officer Procedural Bill of Rights* test claim (commonly abbreviated as “POBOR”) to clarify whether the subject legislation imposed a mandate consistent with California Supreme Court Decision in *San Diego Unified School Dist. v. Commission on State Mandates* (2004) 33 Cal.4th 859 and other applicable court decisions.

On April 26, 2006, the Commission reviewed its original findings and adopted a Statement of Decision on reconsideration (05-RL-4499-01). The Statement of Decision on reconsideration became final on May 1, 2006.

The Commission found that the *San Diego Unified School Dist.* case supports the Commission’s 1999 Statement of Decision that the test claim legislation constitutes a partial reimbursable state-mandated program within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514 for all activities previously approved by the Commission for counties, cities, school districts, and

special districts identified in Government Code section 3301 that employ peace officers, except the following:

- The activity of providing the opportunity for an administrative appeal to probationary and at-will peace officers (except when the chief of police is removed) pursuant to Government Code section 3304 is no longer a reimbursable state-mandated activity because the Legislature amended Government Code section 3304 in 1998. The amendment limited the right to an administrative appeal to only those peace officers “who successfully completed the probationary period that may be required” by the employing agency and to situations where the chief of police is removed. (Stats. 1998, ch. 786, § 1.)
- The activities of obtaining the signature of the peace officer on the adverse comment or noting the officer’s refusal to sign the adverse comment, pursuant to Government Code sections 3305 and 3306, when the adverse comment results in a punitive action protected by the due process clause² does not constitute a new program or higher level of service and does not impose costs mandated by the state pursuant to Government Code section 17556, subdivision (c).

The Statement of Decision adopted by the Commission on this reconsideration applies to costs incurred and claimed for the 2006-2007 fiscal year.

On February 6, 2009, the Third District Court of Appeal, in *Department of Finance v. Commission on State Mandates* (2009) 170 Cal.App.4th 1355, 1357, determined that POBOR is not a reimbursable mandate as to school districts and special districts that are permitted by statute, but not required, to employ peace officers who supplement the general law enforcement units of cities and counties.

On May 8, 2009, the Sacramento County Superior Court issued a judgment and writ in Case No. 07CS00079, pursuant to the Third District Court of Appeal’s decision in *Department of Finance v. Commission on State Mandates* (2009) 170 Cal.App.4th 1355, requiring the Commission to:

- a. Set aside the portion of its reconsideration decision in “Case No. 05-RL-4499-01 Peace Officer Procedural Bill of Rights” (reconsideration decision) that found that the Peace Officer Procedural Bill of Rights program constitutes a reimbursable state-mandated program for school districts, community college districts, and special districts that are permitted by statute, but not required, to employ peace officers who supplement the general law enforcement units of cities and counties;
- b. Issue a new decision denying the portion of the reconsideration decision approving reimbursement for school districts, community college districts, and special districts that are permitted by statute, but not required, to employ peace officers who supplement the general law enforcement units of cities and counties; and

² Due process attaches when a permanent employee is dismissed, demoted, suspended, receives a reduction in salary, or receives a written reprimand. Due process also attaches when the charges supporting a dismissal of a probationary or at-will employee constitute moral turpitude that harms the employee’s reputation and ability to find future employment and, thus, a name-clearing hearing is required.

- c. Amend the parameters and guidelines consistent with this judgment.

This judgment does not affect cities, counties, or special police protection districts named in Government Code section 53060.7, which wholly supplant the law enforcement functions of the County within their jurisdiction.

Accordingly, on July 31, 2009, the Commission amended the decision to deny reimbursement to school districts, community college districts, and special districts that are permitted by statute, but not required, to employ peace officers who supplement the general law enforcement units of cities and counties.

II. ELIGIBLE CLAIMANTS

Counties, cities, a city and county, and special police protection districts named in Government Code section 53060.7 that wholly supplant the law enforcement functions of the county within their jurisdiction are eligible claimants.

School districts, community college districts, and special districts that are permitted by statute, but not required, to employ peace officers who supplement the general law enforcement units of cities and counties are not eligible claimants entitled to reimbursement.

III. PERIOD OF REIMBURSEMENT

The period of reimbursement for the activities and reasonable reimbursement methodology in this parameters and guidelines amendment begins on July 1, 2006.

Pursuant to Government Code section 17560, reimbursement for state-mandated costs may be claimed as follows:

1. A local agency may, by February 15 following the fiscal year in which costs are incurred, file an annual reimbursement claim for that fiscal year.
2. In the event revised claiming instructions are issued by the Controller pursuant to subdivision (c) of section 17558 between November 15 and February 15, a local agency filing an annual reimbursement claim shall have 120 days following the issuance date of the revised claiming instructions to file a claim.

Reimbursable costs for one fiscal year shall be included in each claim. If total costs for a given year do not exceed \$1,000, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

There shall be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any fiscal year, an eligible claimant may file a reimbursement claim based on the reasonable reimbursement methodology described in Section V A. or for actual costs, as described in Section V. B.

V. CLAIM PREPARATION AND SUBMISSION

Claimants may be reimbursed for the Reimbursable Activities described in Section IV above by claiming costs mandated by the state pursuant to the reasonable reimbursement methodology or by filing an actual cost claim, as described below:

A. Reasonable Reimbursement Methodology

The Commission is adopting a *reasonable reimbursement methodology* to reimburse local agencies for all direct and indirect costs, as authorized by Government Code section 17557, subdivision (b), in lieu of payment of total actual costs incurred for the reimbursable activities specified in Section IV above.

1. Definition

The definition of reasonable reimbursement methodology is in Government Code section 17518.5, as follows:

- (a) *Reasonable reimbursement methodology* means a formula for reimbursing local agency and school districts for costs mandated by the state, as defined in Section 17514.
- (b) A reasonable reimbursement methodology shall be based on cost information from a representative sample of eligible claimants, information provided by associations of local agencies and school districts, or other projections of local costs.
- (c) A reasonable reimbursement methodology shall consider the variation in costs among local agencies and school districts to implement the mandate in a cost-efficient manner.
- (d) Whenever possible, a *reasonable reimbursement methodology* shall be based on general allocation formulas, uniform cost allowances, and other approximations of local costs mandated by the state rather than detailed documentation of actual local costs. In cases when local agencies and school districts are projected to incur costs to implement a mandate over a period of more than one fiscal year, the determination of a reasonable reimbursement methodology may consider local costs and state reimbursements over a period of greater than one fiscal year, but not exceeding 10 years.
- (e) A reasonable reimbursement methodology may be developed by any of the following:
 - (1) The Department of Finance.
 - (2) The Controller.
 - (3) An affected state agency.
 - (4) A claimant.
 - (5) An interested party.

2. Formula

The reasonable reimbursement methodology shall allow each eligible claimant to be reimbursed at the rate of \$ 37.25 per full-time sworn peace officer employed by the agency for all direct and indirect costs of performing the activities, as described in Section IV, Reimbursable Activities.

The rate per full-time sworn peace officer shall be adjusted each year by the Implicit Price Deflator referenced in Government Code section 17523.

Reimbursement is determined by multiplying the rate per full time sworn peace officer for the appropriate fiscal year by the number of full time sworn peace officers employed by the agency and reported to the Department of Justice.

B. ACTUAL COST CLAIMS

Although the Commission adopted a reasonable reimbursement methodology for this mandated program, any eligible claimant may instead choose to file a reimbursement claim based on actual costs.

Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating, "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

Claimants may use time studies to support salary and benefit costs when an activity is task-repetitive. Time study usage is subject to the review and audit conducted by the State Controller's Office.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified above. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

Each of the following cost elements must be identified for each reimbursable activity identified in Section IV, Reimbursable Activities, of this document. Each claimed reimbursable cost must be supported by source documentation as described above. Additionally, each reimbursement claim must be filed in a timely manner.

1. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. The following direct costs are eligible for reimbursement.

a. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

b. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

c. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. If the contractor bills for time and materials, report the

number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the services that were performed during the period covered by the reimbursement claim. If the contract services are also used for purposes other than the reimbursable activities, only the pro-rata portion of the services used to implement the reimbursable activities can be claimed. Submit contract consultant and attorney invoices with the claim and a description of the contract scope of services.

d. Fixed Assets and Equipment

Report the purchase price paid for fixed assets and equipment (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset or equipment is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

e. Travel

Report the name of the employee traveling for the purpose of the reimbursable activities. Include the date of travel, destination point, the specific reimbursable activity requiring travel, and related travel expenses reimbursed to the employee in compliance with the rules of the local jurisdiction. Report employee travel time according to the rules of cost element B. 1. a. Salaries and Benefits, for each applicable reimbursable activity.

f. Training

Report the cost of training an employee to perform the reimbursable activities, as specified in Section IV of this document. Report the name and job classification of each employee preparing for, attending, and/or conducting training necessary to implement the reimbursable activities. Provide the title, subject, and purpose (related to the mandate of the training session), dates attended, and location. If the training encompasses subjects broader than the reimbursable activities, only the pro-rata portion can be claimed. Report employee training time for each applicable reimbursable activity according to the rules of cost element B.1.a, Salaries and Benefits, and B.1.b, Materials and Supplies. Report the cost of consultants who conduct the training according to the rules of cost element B.1.c, Contracted Services.

2. Indirect Cost Rates

a. Local Agencies

Indirect costs are costs that are incurred for a common or joint purpose, benefiting more than one program, and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include both (1) overhead costs of the unit performing the mandate; and (2) the costs of the central government services distributed to the other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in 2 CFR Part 225 (the Office of Management and Budget

(OMB) Circular A-87). Claimants have the option of using 10% of direct labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in 2 CFR Part 225 (OMB Circular A-87 Attachments A and B) and the indirect costs shall exclude capital expenditures and unallowable costs (as defined and described in 2 CFR Part 225 (OMB Circular A-87 Attachments A and B). However, unallowable costs must be included in the direct costs if they represent activities to which indirect costs are properly allocable.

The distribution base may be (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc.), (2) direct salaries and wages, or (3) another base which results in an equitable distribution.

In calculating an ICRP, the claimant shall have the choice of one of the following methodologies:

- i. The allocation of allowable indirect costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)) shall be accomplished by (1) classifying a department's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected; or
- ii The allocation of allowable indirect costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)) shall be accomplished by (1) separating a department into groups, such as divisions or sections, and then classifying the division's or section's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate that is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter⁶ is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the application of a reasonable reimbursement methodology

⁶ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

must also be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. OFFSETTING REVENUES AND OTHER REIMBURSEMENTS

Any offsets the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate received from any source, including but not limited to, service fees collected, federal funds and other state funds shall be identified and deducted from this claim.

VIII. STATE CONTROLLER'S REVISED CLAIMING INSTRUCTIONS

Pursuant to Government Code section 17558, subdivision (c), the Controller shall issue revised claiming instructions for each mandate that requires state reimbursement not later than 60 days after receiving the revised parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The revised claiming instructions shall be derived from the test claim decision and the revised parameters and guidelines adopted by the Commission.

Pursuant to Government Code section 17561, subdivision (d)(2), issuance of the revised claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon the revised parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions and the Controller shall modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557, subdivision (d), and California Code of Regulations, title 2, section 1183.2.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The Statement of Decision (CSM 4499) and the Statement of Decision on Reconsideration (05-RL-4499-01) are legally binding on all parties and provide the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim, and in *Department of Finance v. Commission on State Mandates* (2009) 170 Cal.App.4th 1355. The administrative record, including the Statement of Decision and the Statement of Decision on Reconsideration, is on file with the Commission.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COST CLAIMING INSTRUCTIONS NO. 2012-17
PERMANENT ABSENT VOTERS II

FEBRUARY 6, 2012

REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Permanent Absent Voters II (PAV II) program. The Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On July 28, 2006, the Commission on State Mandates (CSM) adopted a Statement of Decision finding that Elections Code sections 3201 and 3203, subdivision (b)(2), mandate a new program or higher level of service on counties within the meaning of article XIII B, section 6 of the California Constitution and impose costs mandated by the state pursuant to GC section 17514.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any county, or city and county, as defined in GC section 17515, that incurs increased costs as a result of this mandate is eligible to claim for reimbursement.

Reimbursement Claim Deadline

Claims for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all

documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

Statutes 2001, Chapter 922

Statutes 2003, Chapter 347

Permanent Absent Voters II

03-TC-11

I. SUMMARY OF THE MANDATE

The test claim on *Permanent Absent Voters II* (03-TC-11) was filed to reflect changes in the election law pertaining to Permanent Absent Voters. In 1989, the Commission originally determined that Elections Code sections 1450 through 1456 imposed a reimbursable state-mandated program in *Permanent Absent Voters* (CSM-4358). Elections Code sections 1450 through 1456 provided that only voters with specified disabilities could apply for permanent absent voter status.

Statutes 1994, chapter 920 reorganized the entire Elections Code, including the repeal of Elections Code sections 1450 through 1456, and reenactment of those provisions as Elections Code sections 3200 through 3206. The other statutes claimed in *Permanent Absent Voters II*, further amended the Elections Code, including substantive changes in 2001 allowing *all* registered voters to apply for permanent absent voter status, rather than limiting eligibility to those voters with specific disabilities or conditions, as was the case under prior law.

In *Permanent Absent Voters II*, the Commission concluded that Elections Code sections 3201 and 3203(b)(2) mandate a new program or higher level of service on counties within the meaning of article XIII B, section 6 of the California Constitution, and impose costs mandated by the state pursuant to Government Code section 17514, for the following specific new activities:

- County elections officials shall make an application for permanent absent voter status available to any voter. (Elec. Code, § 3201, as amended by Stats. 2001, ch. 922, Stats. 2002, ch. 664, and Stats. 2003, ch. 347.)

The above activity replaces the activity in *Permanent Absent Voters I* which was limited to those voters who provided evidence of certain physical disabilities.

- Include in all absentee ballot mailings to the voter an explanation of the absentee voting procedure and an explanation of Elections Code section 3206. (Elec. Code, § 3203(b)(2), as amended by Stats. 2001, ch. 922.)

The Commission further concluded that Elections Code sections 3200, 3202, 3203(a) and (b)(1) and (b)(3), 3204, 3205(a) and 3206, as renumbered and reenacted by Statutes 1994, chapter 920 do not mandate *new* reimbursable state-mandated programs within the meaning of article XIII B, section 6, and Government Code section 17514, but remain a part of the Permanent Absent Voter program as it now exists.

II. ELIGIBLE CLAIMANTS

Any county, or city and county, that incurs increased costs as a result of this reimbursable state-mandated program is eligible to claim reimbursement.

III. PERIOD OF REIMBURSEMENT

Government Code section 17557(e), states that a test claim shall be submitted on or before June 30 following a given fiscal year to establish eligibility for that fiscal year. The County of Sacramento filed the test claim on September 26, 2003, establishing eligibility for reimbursement beginning July 1, 2002.

Reimbursement for state-mandated costs may be claimed as follows:

1. Actual costs for one fiscal year shall be included in each claim.
2. Pursuant to Government Code section 17561(d)(1)(A), all claims for reimbursement of initial fiscal year costs shall be submitted to the State Controller within 120 days of the issuance date for the claiming instructions.
3. Pursuant to Government Code section 17560(a), a local agency may, by February 15 following the fiscal year in which costs were incurred, file an annual reimbursement claim that details the costs actually incurred for that fiscal year.
4. In the event revised claiming instructions are issued by the Controller pursuant to Government Code section 17558(c), between November 15 and February 15, a local agency filing an annual reimbursement claim shall have 120 days following the issuance date of the revised claiming instructions to file a claim. (Gov. Code §17560(b).)
5. If the total costs for a given fiscal year do not exceed \$1,000, no reimbursement shall be allowed except as otherwise allowed by Government Code section 17564(a).
6. There shall be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any given fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable to and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, time sheets, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, calendars, and declarations. Declarations must include a certification or declaration stating, "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise reported in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for the increased costs of the reimbursable activities identified below.

- A. One-Time Activity – add information to all absentee ballot mailings explaining the absentee voting procedure in Elections Code sections 3200 et seq. and the requirements of Elections Code section 3206 when a voter fails to return an executed absent voter ballot for any statewide direct primary or general election.
- B. Ongoing Activities
 1. Make an application for permanent absent voter status available to any voter.
 2. Upon receipt of an application or request for permanent absent voter status:
 - a. Determine (1) whether the applicant is a registered voter and, (2) whether the signature of the applicant and residence address on the application or request appears to be the same as that on the original affidavit of registration.
 - b. Mark the permanent absent voter affidavit for identification.
 3. For each application or request for permanent absent voter status received and verified for registration, place the voter's name on a list of those whom an absentee ballot is sent each time there is an election within the voter's precinct.
 4. Maintain a copy of the list on file open to public inspection for election and governmental purposes.
 5. Send a copy of the list of all voters who qualify as permanent absent voters to each city elections official or district elections official charged with the duty of conducting an election within the county on the sixth day before an election.
 6. Process and count ballots received from voters on the permanent absent voter list in the same manner as all other absent voter ballots.
 7. If the permanent absent voter fails to return an executed absent voter ballot for any statewide direct primary or general election, delete the voter's name from the list of permanent absent voters.

If costs to perform the activities identified above have been claimed under the Absentee Ballots program (CSM 3713), the Permanent Absent Voter I program (CSM 4358), or any other program, the costs are not eligible for reimbursement under these parameters and guidelines.

V. CLAIM PREPARATION AND SUBMISSION

Each of the following cost elements must be identified for the reimbursable activities identified in section IV of this document. Each reimbursable cost must be supported by source documentation as described in section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for reimbursable activities. The following direct costs are eligible for reimbursement.

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. Attach a copy of the contract to the claim. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the dates when services were performed and itemize all costs for those services during the period covered by the reimbursement claim. If the contract services were also used for purposes other than the reimbursable activities, only the pro-rata portion of the services used to implement the reimbursable activities can be claimed. Submit contract consultant and invoices with the claim and a description of the contract scope of services.

4. Fixed Assets

Report the purchase price paid for fixed assets (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

B. Indirect Cost Rates

Indirect costs are costs that are incurred for a common or joint purpose, benefiting more than one program, and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include: (1) the overhead costs of the unit performing the mandate; and (2) the costs of the central government services distributed to the other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in 2 CFR Part 225 (Office of Management and Budget (OMB) Circular A-87). Claimants have the option of using 10% of labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)) and the indirect costs shall exclude capital expenditures and unallowable costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)). However, unallowable costs must be included in the direct costs if they represent activities to which indirect costs are properly allocable.

The distributions base may be: (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc.); (2) direct salaries and wages; or (3) another base which results in an equitable distribution.

In calculating an ICRP, the claimant shall have the choice of one of the following methodologies:

1. the allocation of allowable indirect costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)) shall be accomplished by: (1) classifying a department's total costs for the base period as either direct or indirect; and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount of allowable indirect costs bears to the base selected; or
2. the allocation of allowable indirect costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)) shall be accomplished by: (1) separating a department into groups, such as divisions or sections, and then classifying the division's or section's total costs for the base period as either direct or indirect; and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate that is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount of allowable indirect costs bears to the base selected.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5(a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter¹ is subject to the initiation of an audit by the State Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

¹ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

VII. OFFSETTING REVENUES AND REIMBURSEMENTS

Any offsetting revenues the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate received from any federal, state or non-local source shall be identified and deducted from this claim.

VIII. STATE CONTROLLER'S CLAIMING INSTRUCTIONS

Pursuant to Government Code section 17558(b), the Controller shall issue claiming instructions for each mandate that requires state reimbursement not later than 60 days after receiving the adopted parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The claiming instructions shall be derived from the test claim decision and the parameters and guidelines adopted by the Commission.

Pursuant to Government Code section 17561(d)(1)(A), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon the request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557(d)(1), and California Code of Regulations, title 2, section 1183.2.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The statement of decision is legally binding on all parties and provides the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record, including the statement of decision, is on file with the Commission.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2009-09
PESTICIDE USE REPORTS
OCTOBER 5, 2009
REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Pesticide Use Reports program. The Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On January 21, 1993, the Commission on State Mandates (CSM) adopted a Statement of Decision finding that the test claim legislation imposes a reimbursable state-mandated program on local agencies within the meaning of article XIII B, section 6 of the California Constitution and GC section 17514.

On July 31, 2009, the CSM amended the P's & G's to align the mandate reimbursement with current law and regulations which include mill disbursement, contracts, and unclaimed gas tax funds received by the claimant as offsetting revenues and other reimbursements. The Amended P's & G's are included as an integral part of the claiming instructions.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any city or county, as defined in GC sections 17511 and 17515, that incurs increased costs as a result of this mandate is eligible to claim for reimbursement.

Reimbursement Claim Deadline

Claims for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Exceptions and Limitations

1. Activities related to reports for the use of pesticides that are classified by the State as restricted materials or for the use of pesticides that are applied by commercial pest control applicators and businesses are not reimbursable because those reports were required prior to the enactment of Food and Agricultural Code Section 12979, Chapter 1200, Statutes of 1989, and its implementing regulations in Title 3 of the CCR.
2. If the purpose of the travel includes activities broader than the reimbursable activities, only the pro-rata portion can be claimed.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to GC sections 17551, 17560 and 17561, unless such a claim exceeds one thousand dollars (\$1,000).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

I. SUMMARY OF THE MANDATE

On January 21, 1993, the Commission on State Mandates (Commission) adopted a Statement of Decision finding that Food and Agricultural Code section 12979, as added by Statutes 1989, Chapter 1200, and its implementing regulations in Title 3 of the California Code of Regulations, required county agricultural commissioners to implement a new program or higher level of service in an existing program within the meaning of Government Code section 17514 and article XIII B, section 6 of the California Constitution.

The enactment of the test claim statute and adoption of implementing regulations resulted in county agricultural commissioners receiving a greatly expanded number of pesticide use reports. While the chapter contained a funding mechanism, the Commission found that the funding was not sufficient to cover all of the increase in costs experienced by counties. Costs related to activities required by Food and Agricultural Code section 12979, and its implementing regulations in Title 3 of the California Code of Regulations that are not otherwise reimbursed by the Food Safety Account and increased mill assessment, were therefore found to be reimbursable costs mandated by the state.

Counties shall be reimbursed for the costs of increased pesticide use reporting requirements resulting from the enactment of Food and Agricultural Code section 12979, of Chapter 1200, Statutes of 1989 and its implementing regulations in Title 3 of the California Code of Regulations (Title 3, California Code of Regulations, sections 6000, 6393(c), 6562, 6568, 6619, 6622, 6623, 6624, 6626, 6627, 6627.1, 6628), which increased pesticide use reporting requirements on pesticide users to include all agricultural users; increased record keeping requirements on pesticide dealers that are licensed by the state; and required county agricultural commissioners to issue operator and site identification numbers to specified persons, inspect and audit certain records, and file the newly-required pesticide use reports with the state.

Activities related to reports from the use of pesticides that are classified by the state as restricted materials or for the use of pesticides that are applied by commercial pest control applicators and businesses are not reimbursable because those reports were required prior to the enactment of Food and Agricultural Code section 12979, of Chapter 1200, Statutes 1989, and its implementing regulations in Title 3 of the California Code of Regulations (3 CCR).

II. ELIGIBLE CLAIMANTS

Any city, county, and city and county that incurs increased costs as a result of this reimbursable state-mandated program is eligible to file a reimbursement claim for those costs.

III. PERIOD OF REIMBURSEMENT

This parameters and guidelines amendment is effective for the period of reimbursement beginning on July 1, 2005.

Pursuant to Government Code section 17560, reimbursement for state-mandated costs may be claimed as follows:

1. A county or city and county may, by February 15 following the fiscal year in which costs were incurred, file an annual reimbursement claim that details the costs actually incurred for that fiscal year.
2. In the event that revised claiming instructions are issued by the Controller pursuant to subdivision (c) of section 17558 between November 15 and February 15, a local agency or school district filing an annual reimbursement claim shall have 120 days following the issuance date of the revised claiming instructions to file a claim.

Reimbursable costs for one fiscal year shall be included in each claim. Pursuant to Government Code section 17561, subdivision (d)(1), all claims for reimbursement of initial years' costs shall be submitted within 120 days of the issuance of the State Controller's claiming instructions. If the total costs for a given fiscal year do not exceed \$1,000, no reimbursement shall be allowed, except as otherwise provided by Government Code section 17564.

There shall be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts. and Pesticide Regulatory Activity Monthly Reports (PRAMR).

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating, "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

For each eligible claimant, costs of performing the following activities are reimbursable:

1. Issuing operator identification numbers for the use of pesticides that are not classified by the state as restricted materials pursuant to 3 CCR section 6622.
2. Issuing site identification numbers for the use of pesticides that are not classified by the state as restricted materials pursuant to 3 CCR section 6623.
3. Reviewing and filing with the Department of Pesticide Regulation pesticide use reports other than those specified in V below. This activity may be performed by unlicensed persons.
4. Inspecting pesticide use records of growers and other property operators who the county agricultural commissioner had reason to believe failed to report to the commissioner the use of pesticides that are not classified by the state as restricted materials.
5. Auditing the pesticide use records of growers who submitted pesticide use reports to the county agricultural commissioner for the use of pesticides that are not classified by the state as restricted materials.
6. Audit the sales records of pesticide dealers as specified in 3 CCR section 6352, for the sale of pesticides that are not classified by the state as restricted materials.

V. NON-REIMBURSABLE ACTIVITIES

Activities related to reports for the use of pesticides that are classified by the state as restricted materials or for the use of pesticides that are applied by commercial pest control applicators and businesses are not reimbursable because those reports were required prior to the enactment of Food and Agricultural Code section 12979, of Chapter 1200, Statutes of 1989, and its implementing regulations in Title 3 of the California Code of Regulations.

If the purpose of the travel includes activities broader than the reimbursable activities, only the pro-rata portion can be claimed.

VI. CLAIM PREPARATION AND SUBMISSION

Each of the following cost elements must be identified for each reimbursable activity identified in Section IV, Reimbursable Activities, of this document. Each claimed reimbursable cost must be supported by source documentation as described in Section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. The following direct costs are eligible for reimbursement.

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by

productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

Claimants may use time studies to support salary and benefit costs when an activity is task repetitive in nature. Time study usage is subject to the time study guidelines included in the State Controller's annual claiming instructions.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the services that were performed during the period covered by the reimbursement claim. If the contract services are also used for purposes other than the reimbursable activities, only the pro-rata portion of the services used to implement the reimbursable activities can be claimed. Submit contract consultant and attorney invoices with the claim and a description of the contract scope of services.

4. Fixed Assets and Equipment

Report the purchase price paid for fixed assets and equipment (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset or equipment is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

5. Travel

Report the name of the employee traveling for the purpose of the reimbursable activities. Include the date of travel, destination point, the specific reimbursable activity requiring travel, and related travel expenses reimbursed to the employee in compliance with the rules of the local jurisdiction. Report employee travel time according to the rules of cost element A.1, Salaries and Benefits, for each applicable reimbursable activity

6. Training

Report the cost of training an employee to perform the reimbursable activities, as specified in Section IV of this document. Report the name and job classification of each employee preparing for, attending, and/or conducting training necessary to implement the reimbursable activities. Provide the title, subject, and purpose (related to the mandate of the training session), dates attended, and location. If the training encompasses subjects broader than the reimbursable activities, only the pro-rata portion can be claimed. Report employee training time for each applicable reimbursable activity according to the rules of cost element A.1. Salaries and Benefits, and A.2, Materials and Supplies. Report the cost

of consultants who conduct the training according to the rules of cost element A.3, Contracted Services.

B. Indirect Cost Rates

Indirect costs are costs that are incurred for a common or joint purpose, benefiting more than one program, and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include both (1) overhead costs of the unit performing the mandate; and (2) the costs of the central government services distributed to the other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in 2 CFR Part 225 (the Office of Management and Budget (OMB) Circular A-87). Claimants have the option of using 10% of direct labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)) and the indirect costs shall exclude capital expenditures and unallowable costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)). However, unallowable costs must be included in the direct costs if they represent activities to which indirect costs are properly allocable.

The distribution base may be (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc.), (2) direct salaries and wages, or (3) another base which results in an equitable distribution.

In calculating an ICRP, the claimant shall have the choice of one of the following methodologies:

1. The allocation of allowable indirect costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)) shall be accomplished by (1) classifying a department's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected; or
2. The allocation of allowable indirect costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B)) shall be accomplished by (1) separating a department into groups, such as divisions or sections, and then classifying the division's or section's total costs for the base period as either direct or indirect, and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate that is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount allowable indirect costs bears to the base selected.

VII. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a county or city and county pursuant to this chapter¹ is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section IV, and offsetting revenues and reimbursements, as described in Section VIII, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VIII. OFFSETTING REVENUES AND REIMBURSEMENTS

Any offsets the claimant experiences in the same program as a direct result of the same statute or executive orders found to contain the mandate from any source, including and not limited to, service fees collected, federal funds, and other state funds, shall be identified and deducted from the costs claimed

Specifically, the following revenues and reimbursements must be deducted from any costs claimed:

1. The mill disbursement funds allocated to each county pursuant to California Code of Regulations, title 3, section 6393, subdivision (b) (1), (2), and (9) that are based on the reimbursable activities in Section IV of the parameters and guidelines.
2. The mill disbursement funds allocated to each county pursuant to California Code of Regulations, title 3, section 6393, subdivision (b) (4), (5) and (6) that are used to offset the reimbursable activities in Section IV of the parameters and guidelines.
3. The payments received under each county's contract with DPR for the review and filing of pesticide use reports (electronic submittal to DPR) that are identified as reimbursable in Section IV of the parameters and guidelines.

And, if unclaimed gas tax funds are used for any of the reimbursable activities in Section IV of the parameters and guidelines, that amount must be deducted from any costs claimed.

IX. STATE CONTROLLER'S REVISED CLAIMING INSTRUCTIONS

The Controller shall, within 60 days after receiving amended parameters and guidelines prepare and issue revised claiming instructions for mandates that require state reimbursement established by Commission action pursuant to Government Code section 17557, section 17557.2, or any decision or order of the Commission pursuant to section 17559. The claiming instructions shall be derived from the test claim decision and the parameters and guidelines adopted by the Commission. Pursuant to Government Code section 17561, subdivision (d)(1), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the

¹ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

Commission. In preparing revised claiming instructions, the Controller may request the assistance of other state agencies. (Gov. Code, § 17558, subdivision (c).)

If revised claiming instructions are issued by the Controller pursuant to subdivision (c) of section 17558 between November 15 and February 15, a local agency or school district filing an annual reimbursement claim shall have 120 days following the issuance date of the revised claiming instructions to file a claim.

X. REMEDIES BEFORE THE COMMISSION

Upon request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions and the Controller shall modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557, subdivision (d), and California Code of Regulations, title 2, section 1183.2.

XI. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The Statement of Decision (CSM-4220) is legally binding on all parties and provides the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record, including the Statement of Decision, is on file with the Commission.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2012-49
RAPE VICTIMS COUNSELING CENTER NOTICE

REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Rape Victims Counseling Center Notice (RVCN) program. The amended Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On July 22, 1993, the Commission on State Mandates (CSM) adopted a Statement of Decision finding that the test claim legislation imposes a reimbursable state-mandated program on local agencies within the meaning of article XIII B, section 6 of the California Constitution and GC section 17514.

On January 29, 2010, the CSM approved the amendments to the P's & G's to update the "boilerplate language" clarifying source documentation requirements and record retention language as requested by the SCO.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any city or county, as defined in GC sections 17511 and 17515, that incurs increased costs as a result of this mandate is eligible to claim for reimbursement.

Reimbursement Claim Deadline

Claims for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all

documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

Mandated costs claiming instructions and forms are available online at the SCO's website: **www.sco.ca.gov/ard_mancost.html**.

Amendment to Parameters and Guidelines

Penal Code Section 264.2, Subdivisions (b)(1) and (b)(2)
Penal Code Section 13701

Statutes 1991, Chapter 999
Statutes 1992, Chapter 224

Rape Victims Counseling Center Notice 05-PGA-41 (CSM-4426)

This amendment is effective beginning with claims filed for the
July 1, 2005 through June 30, 2006 period of reimbursement.

I. Summary of Mandate

The provisions of Penal Code section 264.2, subdivisions (b)(1) and (b)(2), as added and amended by Statutes 1991, chapter 999, and Statutes 1992, chapter 224, and Penal Code Section 13701, as amended by Statutes 1991, chapter 999, require local law enforcement agencies to: reprint existing "Victims of Domestic Violence" cards with new information to assist rape victims, furnish a rape victim with a "Victims of Domestic Violence" card, obtain victim consent to notify a local rape victim counseling center, notify the victim-selected center, and subject to the approval of the victim and upon the treating hospital's request, verify whether the local rape victim counseling center has been notified.

II. Commission on State Mandates Decision

At its July 22, 1993, hearing, the Commission on State Mandates determined that the provisions of Penal Code section 264.2, subdivisions (b)(1), and (b)(2), as added and amended by Statutes 1991, chapter 999, and Statutes 1992, chapter 224, and Penal Code section 13701, as amended by Statutes 1991, chapter 999, impose a reimbursable state mandated program by requiring local law enforcement agencies to notify the local rape victim counseling center when the victim is transported to a hospital for examination and the victim approves of that notification; subject to the approval of the victim and upon a request from the treating hospital, to verify whether the local rape victim counseling center has been notified; to revise the "Victims of Domestic Violence" card by adding information to assist rape victims, and to furnish a rape victim with a "Victims of Domestic Violence" card.

III. Eligible Claimants

Any city or county which incurs increased costs as a result of the subject state mandates is eligible to claim reimbursement of those costs.

IV. Period of Reimbursement

This amendment is effective beginning with claims filed for the July 1, 2005 through June 30, 2006 period of reimbursement.

Statutes 1991, chapter 999, was approved by the Governor on October 13, 1991 and became operative on January 1, 1992 and Statutes 1992, chapter 224, was approved by the Governor on July 14, 1992 and became effective operative on January 1, 1993.

Section 17557 of the Government Code states that a test claim must be submitted on or before December 31 following a given fiscal year to establish eligibility for reimbursement for that fiscal year. The test claim for the state subject mandates was filed by the County of Los Angeles on December 29, 1992. Therefore, costs incurred for Statutes 1991, chapter 999, on or after its operative date of January 1, 1992, and costs incurred for Statutes 1992, chapter 224, on or after its effective operative date of January 1, 1993, are eligible for reimbursement.

Pursuant to Government Code section 17561, actual costs for one fiscal year shall be included in each claim, and estimated costs for the subsequent year may be included on the same claim, if applicable.

If total costs for a given fiscal year do not exceed \$200, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

V. Reimbursable Activities and Related Costs

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating, "I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct based upon personal knowledge." Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

A. Scope of Mandate

Local law enforcement agencies shall be reimbursed for the increased costs which they are required to incur to: reprint existing "Victims of Domestic Violence" cards with new information to assist rape victims, furnish a rape victim with a "Victims of Domestic Violence" card, obtain victim consent to notify a local rape counseling center, notify the victim-selected local rape counseling center, and subject to the victim's approval and upon the treating hospital's request, verify whether the local rape victim counseling center has been notified.

B. For each eligible claimant, the following one-time costs and continuing costs are reimbursable:

1. Reimbursable One-Time Costs

- a. Costs of updating policies and procedures to conform with the special requirements of Chapter 999, Statutes of 1991 and Chapter 224, Statutes of 1992.
- b. Costs of modifying existing record-keeping systems to provide reliable and timely retrieval of verification information required by Chapter 224, Statutes of 1992, but not to exceed \$2,000.

2. Reimbursable Continuing Costs

- a. Costs of reprinting the existing "Victims of Domestic Violence" card to add information, relating to rape victim services, required by Chapter 999, Statutes of 1991, but not to exceed one reprinting per fiscal year.
- b. Law enforcement's road officer, clerical, and dispatcher costs required to: request each victim's consent to notify a rape counseling center, each time alleged violation(s) include at least one violation of Penal Code section 261, 261.5, 262, 286, 288a, 289, alleged separately or in combination with other violations; furnish a rape victim with a "Victims of Domestic Violence" card; record, file, and/or data-process state mandated information; and, provide hospital verification whether the local rape victim counseling center has been notified, upon the consent of the victim.

VI. Claim Preparation and Submission

One-time costs and continuing costs that are reimbursable are limited to:

A. Employee Salaries and Benefits

- 1. For one-time costs and reprinting costs described in part V, paragraph B, 2 (a), show the name of the employee involved, the classification of the employee, state mandated functions performed, number of hours devoted to the function, productive hourly rates and benefits.
- 2. For continuing costs, excluding reprinting costs described in part V, paragraph B, 2 (a), unit costs must be claimed for each specified victim, based upon the following standard times:
 - a. 10 minutes - road officer's time related to the subject state mandates
 - b. 4 minutes - clerical duties related to recording, filing, and/or data processing
 - c. 2 minutes - dispatcher's time related to hospital verification

Each standard time is multiplied by the average productive hourly rate, including applicable indirect cost as specified in part VI, paragraph D herein, for road officers, clerical staff, and dispatchers assigned state mandated duties, and, the results totaled to obtain a reimbursable unit cost. Such reimbursable unit cost is

then multiplied by the total number of reported incidents regarding alleged violations described in part V, paragraph B, 2 (b), above.

B. Services, Equipment and Supplies

Allowed only for one-time costs and reprinting costs described in part V, paragraph B, 2 (a). Claimed expenditures must be identified with a direct cost reimbursable activity resulting from the subject state mandates. List the cost of materials or equipment acquired which have been consumed or expended specifically for the purposes of the subject state mandates.

C. Contract Services

Allowed only for one time costs and reprinting costs described in part V, paragraph B, 2 (a). List costs incurred for contract services for the subject state mandates. Contracting costs are reimbursable to the extent that the function performed requires special skills or knowledge that is not readily available from the claimant's staff. Use of contract services must be justified by the claimant.

D. Allowable Overhead Cost

Allowed for one-time costs and for continuing costs. Cities and counties have the option of using 10% of direct labor as indirect costs or preparing a departmental Indirect Cost Rate Proposal. If the city or county elects to prepare an Indirect Cost Rate Proposal, the Proposal must be prepared in accordance with Office of Management and Budget Circular A-87 (OMB A-87).

VII. Record Retention

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter¹ is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section V, must be retained during the period subject to audit. If the Controller has initiated an audit during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VIII. Offsetting Savings and Other Reimbursement

Any offsetting savings the claimant experiences as a direct result of the subject statutes must be deducted from the costs claimed. In addition, reimbursements for the subject state mandates received from any source, e.g., federal, state, etc., shall be identified and deducted from this claim.

IX. State Controller's Office Required Certification

¹ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

An authorized representative of the claimant will be required to provide a certification of the claim, as specified in the State Controller's claiming instructions, for those costs mandated by the state contained herein.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2012-34
SEXUALLY VIOLENT PREDATORS

REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Sexually Violent Predators program. The amended Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On June 25, 1998, the Commission on State Mandates (CSM) adopted a Statement of Decision finding that the test claim legislation imposes a reimbursable state-mandated program on local agencies within the meaning of article XIII B, section 6 of the California Constitution and GC section 17514.

On October 30, 2010, the CSM approved the amendments to the P's & G's to update the "boilerplate language" clarifying source documentation requirements and record retention language as requested by the SCO.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any county, or city and county, as defined in GC section 17515, that incurs increased costs as a result of this mandate is eligible to claim for reimbursement.

Reimbursement Claim Deadline

Claims for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all

documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

AMENDMENT TO PARAMETERS AND GUIDELINES

Welfare and Institutions Code Sections 6250 and 6600 through 6608

Statutes 1995, Chapter 762

Statutes 1995, Chapter 763

Statutes 1996, Chapter 4

Sexually Violent Predators

05-PGA-43 (CSM-4509)

This amendment is effective beginning with claims filed for the
July 1, 2005 through June 30, 2006 period of reimbursement.

I. Summary and Source of the Mandate

Chapters 762 and 763, Statutes of 1995, and Chapter 4, Statutes of 1996, established new civil commitment procedures for the continued detention and treatment of sexually violent offenders following their completion of a prison term for certain sex-related offenses. Before detention and treatment are imposed, the county attorney is required to file a petition for civil commitment. A trial is then conducted to determine if the inmate is a sexually violent predator beyond a reasonable doubt. If the inmate accused of being a sexually violent predator is indigent, the test claim legislation requires counties to provide the indigent with the assistance of counsel and experts necessary to prepare the defense.

On June 25, 1998, the Commission adopted a Statement of Decision which approved reimbursement for the following services:

- Designation by the County Board of Supervisors of the appropriate District Attorney or County Counsel who will be responsible for the sexually violent predator civil commitment proceedings. (Welf. & Inst. Code, § 6601, subd. (i).)
- Initial review of reports and records by the county's designated counsel to determine if the county concurs with the state's recommendation. (Welf. & Inst. Code, § 6601, subd. (i).)
- Preparation and filing of the petition for commitment by the county's designated counsel. (Welf. & Inst. Code, § 6601, subd. (j).)
- Preparation and attendance by the county's designated counsel and indigent defense counsel at the probable cause hearing. (Welf. & Inst. Code, § 6602.)
- Preparation and attendance by the county's designated counsel and indigent defense counsel at trial. (Welf. & Inst. Code, §§ 6603 and 6604.)
- Preparation and attendance by the county's designated counsel and indigent defense counsel at subsequent hearings regarding the condition of the sexually violent predator. (Welf. & Inst. Code, §§ 6605, subds. (b) through (d), and 6608, subds. (a) through (d).)

- Retention of necessary experts, investigators, and professionals for preparation for trial and subsequent hearings regarding the condition of the sexually violent predator. (Welf. & Inst. Code, §§ 6603 and 6605, subd. (d).)
- Transportation and housing for each potential sexually violent predator at a secured facility while the individual awaits trial on the issue of whether he or she is a sexually violent predator. (Welf. & Inst. Code, § 6602.)

Chapters 762 and 763, Statutes of 1995, were enacted on October 11, 1995, and became operative on January 1, 1996. Chapter 4, Statutes of 1996, relating to the transportation and housing of potential sexually violent predators at a secured facility, was enacted as an urgency measure and became operative on January 25, 1996.

II. Eligible Claimants

Counties or cities and counties.

III. Period of Reimbursement

This amendment is effective beginning with claims filed for the July 1, 2005 through June 30, 2006 period of reimbursement.

Section 17557 of the Government Code states that a test claim must be submitted on or before December 31 following a given fiscal year to establish eligibility for reimbursement for that fiscal year. The test claim for this mandate was filed by the County of Los Angeles on May 30, 1996. Therefore, costs incurred for Chapter 762, Statutes of 1995 and Chapter 763, Statutes of 1995, are eligible for reimbursement on or after January 1, 1996. Costs incurred for Chapter 4, Statutes of 1996, regarding transport and secured custody of defendants, are eligible for reimbursement on or after January 25, 1996.

Actual costs for one fiscal year shall be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. Pursuant to section 17561, subdivision (d)(1) of the Government Code, all claims for reimbursement of costs shall be submitted within 120 days of notification by the State Controller of the enactment of the claims bill.

If total costs for a given year do not exceed \$200, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

IV. Reimbursable Activities

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and

declarations. Declarations must include a certification or declaration stating, "I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct based upon personal knowledge." Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

For each eligible claimant, all direct and indirect costs of labor, supplies and services, for the following activities only are eligible for reimbursement:

- A. Designation by the County Board of Supervisors of the appropriate District Attorney or County Counsel who will be responsible for the sexually violent predator civil commitment proceedings.
 - 1. Development of internal policies and procedures (one-time activity).
 - 2. One-time training for each employee who normally works on the sexually violent predator program on the county's internal policies and procedures.
- B. The following reimbursable activities must be specifically identified to a defendant:
 - 1. Initial review of reports and records by the county's designated counsel to determine if the county concurs with the state's recommendation. Such activity includes the following:
 - a. Secretarial and paralegal services to assist the county's designated counsel; and
 - b. Copying and making long distance telephone calls.
 - c. Investigator services that are necessary to determine the sufficiency of the factual evidence supporting a petition.
 - 2. Preparation and filing of the petition for commitment by the county's designated counsel. Such activities include secretarial and paralegal services to assist the county's designated counsel in the preparation and filing of the petition for commitment.
 - 3. Preparation and attendance by the county's designated counsel and indigent defense counsel at the probable cause hearing. Preparation for the probable cause hearing includes the following:
 - a. Secretarial, paralegal and investigator services;
 - b. Copying and making long distance telephone calls; and
 - c. Travel.
 - 4. Preparation and attendance by the county's designated counsel and indigent defense counsel at pre-trial and trial hearings. Preparation for the pre-trial and trial hearings include the following:

- a. Secretarial, paralegal and investigator services;
 - b. Copying and making long distance telephone calls; and
 - c. Travel.
5. Preparation and attendance by the county's designated counsel and indigent defense counsel at subsequent hearings regarding the condition of the sexually violent predator. Preparation for the subsequent hearings includes the following:
- a. Secretarial, paralegal and investigator services;
 - b. Copying and making long distance telephone calls; and
 - c. Travel.
6. Retention of court-approved experts, investigators, and professionals for the indigent defendant in preparation for trial and subsequent hearings regarding the condition of the sexually violent predator. Such activity includes the following:
- a. Copying and long distance telephone calls made by the court-approved expert, investigator and/or professional; and
 - b. Travel.
7. Transportation and housing costs for each potential sexually violent predator at a secured facility while the individual awaits trial on the issue of whether he or she is a sexually violent predator. Counties shall be entitled to reimbursement for such transportation and housing costs, regardless of whether the secured facility is a state facility or county facility, except in those circumstances when the State has directly borne the costs of housing and transportation, in which case no reimbursement of such costs shall be permitted.

V. Claim Preparation and Submission

Claims for reimbursement must be timely filed and identify each cost element for which reimbursement is claimed under this mandate. Claimed costs must be identified to each reimbursable activity identified in Section IV of this document.

SUPPORTING DOCUMENTATION

Claimed costs shall be supported by the following cost element information:

A. Direct Costs

Direct Costs are defined as costs that can be traced to specific goods, services, units, programs, activities or functions.

Claimed costs shall be supported by the following cost element information:

1. Salaries and Benefits

Identify the employee(s), and/or show the classification of the employee(s) involved. Describe the reimbursable activities performed and specify the actual time devoted to each reimbursable activity by each employee, productive hourly rate and related fringe benefits.

Reimbursement for personal services include compensation paid for salaries, wages and employee fringe benefits. Employee fringe benefits include regular compensation paid to an employee during periods of authorized absences (e.g., annual leave, sick leave) and the employer's contribution of social security, pension plans, insurance and worker's compensation insurance. Fringe benefits are eligible for reimbursement when distributed equitably to all job activities which the employee performs.

2. Materials and Supplies

Only expenditures that can be identified as a direct cost of this mandate may be claimed. List the cost of the materials and supplies consumed specifically for the purposes of this mandate. Purchases shall be claimed at the actual price after deducting cash discounts, rebates and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged based on a recognized method of costing, consistently applied.

3. Contract Services

Provide the name(s) of the contractor(s) who performed the services, including any fixed contracts for services. Describe the reimbursable activity(ies) performed by each named contractor and give the number of actual hours spent on the activities, if applicable. Show the inclusive dates when services were performed and itemize all costs for those services. Attach consultant invoices to the claim.

4. Travel

Travel expenses for mileage, per diem, lodging, and other employee entitlements are eligible for reimbursement in accordance with the rules of the local jurisdiction. Provide the name(s) of the traveler(s), purpose of travel, inclusive dates and times of travel, destination points, and travel costs.

5. Training

The cost of training an employee to perform the mandated activities is eligible for reimbursement. Identify the employee(s) by name and job classification. Provide the title and subject of the training session, the date(s) attended, and the location. Reimbursable costs may include salaries and benefits, transportation, lodging, per diem, and registration fees.

6. Fixed Assets

List the costs of the fixed assets that have been acquired specifically for the purpose of this mandate. If the fixed asset is utilized in some way not directly related to the mandated program, only the pro-rata portion of the asset which is used for the purposes of the mandated program is reimbursable.

B. Indirect Costs

Indirect costs are defined as costs which are incurred for a common or joint purpose, benefiting more than one program and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include both (1) overhead costs of the unit performing the mandate; and (2) the costs of central government services distributed to other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in the OMB A-87. Claimants have the option of using 10% of direct labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) for the department if the indirect cost rate claimed exceeds 10%. If more than one department is claiming indirect costs for the mandated program, each department must have its own ICRP prepared in accordance with OMB A-87. An ICRP must be submitted with the claim when the indirect cost rate exceeds 10%.

VI. Record Retention

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter¹ is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If the Controller has initiated an audit during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. Data for Development of a Statewide Cost Estimate

The State Controller's Office is directed to include in the claiming instructions a request that claimants send an additional copy of the test claim specific form for the initial years' reimbursement claim by mail or facsimile to the Commission on State Mandates, 1300 I Street, Suite 950, Sacramento, California 95814, Facsimile number: (916) 445-0278. Although providing this information to the Commission on State Mandates is not a condition of reimbursement, claimants are encouraged to provide this information to enable the Commission to develop a statewide cost estimate which will be the basis for the Legislature's appropriation for this program.

VIII. Offsetting Savings and Other Reimbursement

Any offsetting savings the claimant experiences as a direct result of the subject mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate received from any source, including but not limited to, service fees collected, federal funds and other state funds shall be identified and deducted from this claim.

IX. State Controller's Office Required Certification

An authorized representative of the claimant shall be required to provide a certification of the claim, as specified in the State Controller's claiming instructions, for those costs mandated by the State contained herein.

¹ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2012-50
THREATS AGAINST PEACE OFFICERS
LOCAL AGENCIES

REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Threats Against Peace Officers program. The amended Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On April 24, 1997, the Commission on State Mandates (CSM) adopted a Statement of Decision finding that the test claim legislation imposes a reimbursable state-mandated program on local agencies within the meaning of article XIII B, section 6 of the California Constitution and GC section 17514.

On January 29, 2010, the CSM approved the amendments to the P's & G's to update the "boilerplate language" clarifying source documentation requirements and record retention language as requested by the SCO.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Eligible claimants include any local governmental entity employing peace officers, as defined in Penal Code section 830. Local governmental entities include "local agencies" (special districts see below) as defined in Government Code section 17518, and "school districts" as defined in Government Code section 17519.

Special districts, subject to tax and spend limitations pursuant to the provisions of Articles XIII A and B of the California Constitution, are eligible to file a claim for reimbursement. To establish proof of eligibility and to minimize payment delays, SCO requests that special district claimants submit a supporting document that affirms the special district received an annual allocation of property tax revenue from the county pursuant to Article XIII A of the California Constitution. This may include a Board of Directors Resolution establishing the appropriation limit for the fiscal year being claimed, in compliance with Article XIII B of the California Constitution.

Reimbursement Claim Deadline

Claims for the **2012-13** fiscal year may be filed by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC Section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**), provided that a county may submit a combined claim on behalf of direct service districts or special districts within their county if the combined claim exceeds **\$1,000**, even if the individual direct service district's or special district's claim does not each exceed **\$1,000**. The county shall determine if the submission of the combined claim is economically feasible and shall be responsible for disbursing the funds to each direct service district or special district. These combined claims may be filed only when the county is the fiscal agent for the districts. A combined claim must show the individual claim costs for each eligible district. All subsequent claims based upon the same mandate shall only be filed in the combined form unless a direct service district or special district provides a written notice of its intent to file a separate claim to the county and to the SCO, at least 180 days prior to the deadline for filing the claim.

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

(d) When an appointment does not meet the criteria in (a) and (b) the appointing power may, at his/her discretion, determine in advance that it is in the best interest of the State to reimburse all or part of the actual reasonable and necessary relocation expenses provided in this article as an incentive to recruit employees to positions that are designated by the appointing power as difficult to fill or because of outstanding qualifications of the appointee, or due to unusual and unavoidable hardship to the employee by reason of the change of residence.

(1) Relocations that meet these criteria shall be reimbursed only for the items in this article specifically authorized by the appointing power and may be subject to further limitations designated by the appointing power.

(2) Upon determination that any reimbursement will be made, the appointing power shall:

(A) Determine which provisions will apply to the relocation and establish any additional limitations to those provisions such as dollar limits, weight limits or time limits.

In no event shall the lease settlement include any costs, deposits or fees.

(c) At the discretion of the appointing power, other items may be considered household effects based on a consideration of the estimated cost of the move and a review of the items listed on the

inventory. Expenses related to moving items other than those described in (a) that have not been approved by the appointing power shall be the responsibility of the employee.

Note: Authority cited: Sections 19815.4(d), 19816 and 19820, Government Code. Reference: Section 19841, Government Code.

Section 599.719.1 Reimbursement for Moving Household Effects - Excluded Employees

Reimbursement shall be allowed for the cost of moving an employee's effects either via commercial household goods carrier or by the employee. Reimbursements under this rule shall not exceed the cost of moving the employee's household goods from the old residence to the new headquarters plus 50 miles unless the appointing authority determines that a longer move is in the best interest of the State. Any additional expense associated with an interstate or inter-country move shall be approved in advance by the appointing power. No reimbursement will be allowed for the hiring of casual labor.

(a) When the employee retains a commercial mover, reimbursement for actual and necessary expenses incurred by a commercial mover under this article for the packing, insurance, one pickup, transportation, storage-in-transit (not including warehouse handling charges except when required by interstate tariffs), one delivery, unpacking, and installation at the new location of an employee's household effects shall be allowed subject to the following:

- (1) Weight of household effects for which expenses may be reimbursed shall not exceed 5,000 kilograms (11,000 pounds).
- (2) Duration of storage-in-transit for which charges may be reimbursed shall not exceed 60 calendar days unless a longer period of storage is approved in advance by the appointing authority based on hardship to the employee.
- (3) Rates at which reimbursement is allowed shall not exceed the minimum rates, at the minimum declared valuation, established by the California Public Utilities Commission for household goods carriers, unless a higher rate is approved by the Department of General Services.
- (4) Cost of insurance for which reimbursement is allowed shall not exceed the cost of insurance coverage at \$2.00 valuation for each pound of household effects shipped by household goods carrier.
- (5) Claims for exceptions to the 11,000 pounds statutory limit will be considered by the appointing authority, up to a maximum of 23,000 pounds, only when it has been determined that every reasonable effort had been made to conform to the limit. Exceptions to the number of pick-ups and deliveries may be made by the appointing power when it is reasonably necessary and in the best interest of the state.

(b) When the employee does not retain a commercial mover, reimbursement shall be allowed as follows for expenses related to the movement by the employee of his/her household effects in a truck or trailer.

- (1) Rental of a truck or trailer from a commercial establishment. When not included in the truck rental rate, the cost of gasoline, rental of a furniture dolly, packing cartons and protective pads will be reimbursed. If the total costs exceed \$1,000 the claim must be accompanied by at least one written commercial rate quote. Reimbursement will be made at the rate (including gasoline) which results in the lowest cost; or
- (2) Mileage reimbursement at the rates provided in Section 599.631.1(b) for noncommercial privately-owned motor vehicles used in transporting the employee's household effects.
- (3) Reimbursement for more than one trip by the method described in (b)(1) or (2) above may be allowed if the employee's agency has determined that the total cost would be less than the cost of movement by a commercial household goods carrier.

(c) If household goods are moved exclusively in the employee's personal vehicle, reimbursement for mileage may be claimed at the State mileage rate. No other mileage or moving expense shall be allowed.

(d) All claims for the reimbursement of the movement of household goods require receipts. Unless an exception is granted by the appointing authority, claims shall be submitted no later than 2 years and 60 days from the effective date of appointment or 15 days prior to voluntary separation, whichever is first.

Note: Authority cited: Sections 19815.4(d), 19816 and 19820, Government Code. Reference: Section 19841, Government Code.

Section 599.720.1 Reimbursement for Movement of a Mobile Home - Excluded Employees

(a) Where transportation of the trailer coach is by a commercial mobile home transporter and receipts are submitted:

(1) For tolls, taxes, charges, fees or permits fixed by the State or local authority required for the transportation or assembly of trailer coaches actually incurred by the employee.

(2) Charges for disassembly and assembly of the trailer, including but not limited to, disassembly and assembly of trailer, skirts, awnings, porch, the trailer coach itself and other miscellaneous documented, itemized expenses related to the dissolution of the old household and/or the establishment of the new household, up to \$2,500 unless an exception is approved by the appointing power.

(3) Reimbursement will be allowed for the actual cost supported by voucher of rental and installation of wheels and axles necessary to comply with the requirements of Chapter 5, Article 1 of the California Vehicle Code.

(4) Three competitive bids shall be obtained and reimbursement will be approved at the lowest bid. Based on information documenting the attempt to obtain three bids as provided by the employee, the appointing power may waive the three-bid requirement.

(6) Movement of the trailer coach at rates not exceeding the minimum rates established by the California Public Utilities Commission for mobile home transporters:

(7) Charges at P.U.C. minimum rates to obtain permits identified above;

(8) Storage-in-transit for up to 60 calendar days at P.U.C. minimum rates, unless the appointing authority approves an extension.

(b) Where transportation of the coach is by the employee, expense may be claimed for a one-way trip by submitting gasoline receipts.

(c) Reimbursement will not be allowed for:

(1) Purchase of parts and materials except for those items necessary to comply with minimum requirements of the California Administrative Code, Title 25, Chapter 5.

(2) Repairs including tires and tubes, and breakdown in transit.

(3) Costs associated with maintenance or repair of the trailer coach.

Extensions of the per diem may be granted by the Department of Personnel Administration if the employee suffers unusual hardship. The Relocation Liaison will review the Std. 256 for completeness then forward to the Department of Personnel Administration.

Shipment of Household Goods - The State will pay for the packing, transportation, insurance, storage-in transit, unpacking and installation of employee's household effects. The employer will issue the relocating employee a "Moving Service Authorization" which the employee will give to any licensed mover. The Moving Service Authorization authorizes the mover to bill the State directly. There is no actual dollar limitation, (the State only pays minimum tariff rates); however, there is an 11,000 pound weight limit. If the mover estimates the weight of the household goods to be more than 11,000 pounds, the employee should immediately submit a Std. 256 with the mover's estimate to the Relocation Liaison. The Department of Personnel Administration may approve excess weight provided the employee requests the exception in advance of the actual move.

The storage company should bill the State directly using the authorization of the Moving Service Authorization. Miscellaneous items taken out of storage prior to the moving company delivering all household goods is not reimbursable and must be paid by the employee.

Sale of Residence - The State will pay for certain costs associated with the sale of the employee's dwelling which was his/her residence at the time of notification of the transfer.

Non-reimbursable Costs are:

Seller's points, property tax, repair work and re-inspection fees.

Excluded employees have two years from the reporting date at the new headquarters to submit a claim for reimbursement of seller's costs. There is no extension of the time limit for Non-represented employees.

Settlement of a Lease - The State will pay for the settlement of a lease which was entered into prior to notification of the transfer. Claims for payment of the lease settlement must be submitted within 9 months from the reporting date at the new headquarters.

Request for reimbursement in excess of \$2,500 must be submitted to DPA on a Std. 256 prior to the move; approval will only be given for the lowest of three bids. Household goods must be shipped in the mobile home unless DPA approves a separate shipment.

Miscellaneous - There is a \$200.00 miscellaneous allowance with documentation and certification, which is intended to assist the employee in establishing the new household. This allowance should be used to pay utility installation fees, appliance hook-up fees and the like. It is appropriate to use this allowance for cable hook-up. Amendment to Parameters and Guidelines

Penal Code Section 832.9

Statutes 1992, Chapter 1249

Statutes 1995, Chapter 666

Threats Against Peace Officers

05-PGA-44 (96-365-02)

This amendment is effective beginning with claims filed for the July 1, 2005 through June 30, 2006 period of reimbursement.

I. Summary of the Mandate Source

Statutes 1992, chapter 1249 added Penal Code section 832.9. This statute requires governmental entities employing peace officers to reimburse the officer, or any member of his or her family for actual and necessary moving and relocation expenses incurred when it is necessary to move because the officer has received a threat that a life threatening action may be taken against the officer or his or her immediate family as a result of the peace officer's employment.

Statutes 1995, chapter 666 amended Penal Code section 832.9, by specifying guidelines for reimbursement.

II. Commission on State Mandates Decision

On April 24, 1997, the Commission determined that the requirements of Penal Code section 832.9, as added by Statutes 1992, chapter 1249, and amended by Statutes 1995, chapter 666 imposed upon local governments, a new program or higher level of service, within the meaning of section 6, article XIII B of the California Constitution and section 17514 of the Government Code.

III. Eligible Claimants

Eligible claimants include any local governmental entity employing peace officers, as defined in Penal Code section 830. Local governmental entities include "local agencies" as defined in Government Code section 17518, and "school districts" as defined in Government Code section 17519.

IV. Period of Reimbursement

This amendment is effective beginning with claims filed for the July 1, 2005 through June 30, 2006 period of reimbursement.

Section 17557 of the Government Code states that a test claim must be submitted on or before December 31 following a given fiscal year to establish eligibility for that fiscal year. The test claim for this state mandated program was filed on December 30, 1996, establishing eligibility for Fiscal Year 1995-96, commencing

July 1, 1995. However, both test claim statutes were *not* in effect on July 1, 1995. Therefore, reimbursement claims may be filed as follows:

Actual and necessary costs incurred pursuant to Statutes 1992, chapter 1249, are reimbursable after July 1, 1995.

Actual and necessary costs incurred pursuant to Statutes 1995, chapter 666, are reimbursable after January 1, 1996.

Actual and necessary costs for one fiscal year should be included in each claim. Estimated costs for the subsequent fiscal year may be included on the same claim, if applicable. Pursuant to section 17561, subdivision (d)(3) of the Government Code, all claims for reimbursement of initial year's costs shall be submitted within 120 days of release of claiming instructions by the State Controller.

If the total costs for a given fiscal year do not exceed \$200, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

V. Reimbursable Costs

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating, "I certify under penalty of perjury under the laws of the State of California that the foregoing is true and correct based upon personal knowledge." Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

A. Scope of Mandate

Eligible claimants shall be reimbursed for the costs incurred to reimburse peace officers or any member of their immediate family for actual and necessary moving and relocation expenses when it is necessary to move because the officer has received a credible threat that a life threatening action may be taken against

the officer or his or her immediate family as a result of the peace officer's employment.

B. Reimbursable Activities

 - c. Review and approve claims for actual and necessary moving and relocation expenses incurred when it is necessary to move because the officer has received a threat that a life threatening action may be taken against the officer or his or her immediate family as a result of the peace officer's employment. Costs incurred both before and after the change of residence, including costs of moving household effects either by a commercial household goods carrier or by the employee, are reimbursable. Approval of "actual and necessary relocation costs" is subject to the limitations set forth in Penal Code section 832.9, as amended by Statutes 1995, chapter 666.
 - d. Payment of the approved reimbursement to the peace officer or member of his or her immediate family for actual and necessary moving and relocation expenses.

C. Non-Reimbursable Costs

1. Litigation expenses “allowable as costs” and “not allowable as costs” pursuant to section 1033.5 of the Code of Civil Procedure, are not reimbursable if incurred by claimants and/or local law enforcement agencies responding to and/or defending claims or actions brought under Penal Code section 832.9.
2. After January 1, 1996, the following costs are not reimbursable:
 - a. Moving costs that are *not* included in the Department of Personnel Administration rules governing promotional relocations. (Pen. Code, § 832.9, subd. (1).)

 - d. Unauthorized payment of peace officers’ salaries while moving. (Pen. Code, § 832.9, subd. (b)(4).)
 - e. Temporary relocation housing which exceeds 60 days. (Pen. Code, § 832.9, subd. (b)(6).)
 - f. Relocation costs incurred 120 days after the original notification of a viable threat if the peace officer has failed to relocate. (Pen. Code, § 832.9, subd. (b)(7).)

VI. Claim Preparation and Submission

Each claim for reimbursement pursuant to this mandate must be timely filed and provide documentation in support of the reimbursement claimed for this mandate.

A. Reporting by Components

Claimed costs must be allocated according to the components of reimbursable activity described in Section V.B.

B. Supporting Documentation

Claimed costs should be supported by the following information:

1. Salaries and Benefits

Claimed reimbursement for employee costs should be supported by name, position, hourly productive rate, hours worked, fringe benefits amount, and a brief description of assigned unit and function relative to the mandate.

2. Services and Supplies

The claimant should identify all direct costs for materials, services and supplies which have been purchased, leased, consumed or expended for purposes of compliance with the mandate.

3. Reimbursements to Peace Officer or Member of His or Her Immediate Family for Actual and Necessary Moving and Relocation Expenses
 - a. Show the dates when the claimant received notification of the threat, when moving and relocation expenses were incurred, and when the officer or member of his or her immediate family was reimbursed.
 - b. Submit with the claim, a copy of the contract, invoices, and receipts for the cost of moving and relocation. Identify the independent contractor or employee who provided services for moving and relocation.
 - c. If confidentiality is involved to protect the officer's relocation, mark out sensitive areas of the contract, invoices, and receipts.
4. Allowable Overhead Costs

Government Code section 17564, subdivision (b), provides that claims for indirect costs shall be filed in the manner prescribed by the State Controller's Office.

VII. Records Retention

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter¹ is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section V, must be retained during the period subject to audit. If the Controller has initiated an audit during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VIII. Offsetting Savings and Other Reimbursement

Any offsetting savings the claimant experiences as a direct result of this statute must be deducted from the costs claimed. In addition, reimbursement for this mandate received from any source, e.g., service fees collected, federal funds, other state funds, etc. shall be identified and deducted from this claim.

IX. Required Certification

¹ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

An authorized representative of the claimant will be required to provide a certification of the claim, as specified in the State Controller's claiming instructions, for those costs mandated by the state contained therein.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2013-13
TUBERCULOSIS CONTROL

MARCH 13, 2013

REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Tuberculosis Control (TC) program. The Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On October 27, 2011, the Commission on State Mandates (CSM) adopted a statement of decision finding that the test claim statute imposes a partially reimbursable state-mandated program upon local agencies within the meaning of Article XIII B, section 6 of the California Constitution and GC section 17514.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any city or county, as defined in GC sections 17511 and 17515, that incurs increased costs as a result of this mandate is eligible to claim for reimbursement.

Reimbursement Claim Deadline

Claims for fiscal year **2012-13** may be filed with the SCO by **February 18, 2014**, without a late claim penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all

documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

I. SUMMARY OF THE MANDATE

On October 27, 2011, the Commission on State Mandates (Commission) adopted a statement of decision finding that the test claim statutes impose a partially reimbursable state-mandated program upon local agencies within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514. The Commission approved this test claim for the following reimbursable activities:

- For local detention facilities to:
 - Submit notification and a written treatment plan that includes the information required by Health and Safety Code section 121362 to the Local Health Officer when a person with active TB or reasonably believed to have active TB is discharged or released from the detention facility; and
 - Submit notification and a written treatment plan that includes the information required by Health and Safety Code section 121362 to the Local Health Officer and the medical officer of the local detention facility receiving the person when a person with active TB or reasonably believed to have active TB is transferred to a local detention facility in another jurisdiction
- For Local Health Officers to:
 - Review for approval within 24 hours of receipt only those treatment plans submitted by a health facility; and
 - Notify the medical officer of a parole region or a physician or surgeon designated by the Department of Corrections when there are reasonable grounds to believe that a parolee has active TB and ceases treatment for TB.
- For counties or specified cities to provide counsel to non-indigent TB patients who are subject to an order of detention.

II. ELIGIBLE CLAIMANTS

Any city, county, and city and county that incurs increased costs as a result of this reimbursable state-mandated program is eligible to claim reimbursement of those costs.

III. PERIOD OF REIMBURSEMENT

Government Code section 17557(e), states that a test claim shall be submitted on or before June 30 following a given fiscal year to establish eligibility for that fiscal year. The County of Santa Clara filed the test claim on September 26, 2003, establishing eligibility for reimbursement on or after July 1, 2002. Therefore, costs incurred pursuant to Health and Safety Code sections 121361, 121362 and 121366 are reimbursable on or after July 1, 2002.

Reimbursement for state-mandated costs may be claimed as follows:

1. Actual costs for one fiscal year shall be included in each claim.
2. Pursuant to Government Code section 17561(d)(1)(A), all claims for reimbursement of initial fiscal year costs shall be submitted to the State Controller within 120 days of the issuance date for the claiming instructions.
3. Pursuant to Government Code section 17560(a), a local agency may, by February 15 following the fiscal year in which costs were incurred, file an annual reimbursement claim that details the costs actually incurred for that fiscal year.
4. If revised claiming instructions are issued by the Controller pursuant to Government Code section 17558(c), between November 15 and February 15, a local agency filing an annual reimbursement claim shall have 120 days following the issuance date of the revised claiming instructions to file a claim. (Government Code section 17560(b).)
5. If the total costs for a given fiscal year do not exceed \$1,000, no reimbursement shall be allowed except as otherwise allowed by Government Code section 17564.
6. There shall be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, and declarations. Declarations must include a certification or declaration stating, "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable

activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

Claimants may use time studies to support salary and benefit costs when an activity is task-repetitive. Activities that require varying levels of effort are not appropriate for time studies. Claimants wishing to use time studies to support salary and benefit costs are required to comply with the State Controller's Time-Study Guidelines before a time study is conducted. Time study usage is subject to the review and audit conducted by the State Controller's Office.

For each eligible claimant, the following activities are reimbursable:

- A. The following activities mandated by Health and Safety Code sections 121361 and 121362 are eligible for reimbursement:

1. For local detention facilities:

- a. When a person with active TB or reasonably believed to have active TB is discharged or released from a detention facility:

- i. Draft and submit notification to the Local Health Officer; and
- ii. Submit the written treatment plan that includes the information required by Health and Safety Code section 121362 to the Local Health Officer.

Drafting the written treatment plan is *not* eligible for reimbursement.

- b. When a person with active TB or reasonably believed to have active TB is transferred to a local detention facility in another jurisdiction:

- i. Draft and submit notification to the Local Health Officer and the medical officer of the local detention facility receiving the person; and
- ii. Submit the written treatment plan that includes the information required by Health and Safety Code section 121362 to the Local Health Officer and the medical officer of the local detention facility receiving the person.

Drafting the written treatment plan is *not* eligible for reimbursement.

2. For Local Health Officers or others acting at the direction of the Local Health Officer:

- a. Receive and review for approval within 24 hours of receipt only those treatment plans submitted by a health facility. This activity includes the following:

- Receive health facility's treatment plan.
- Send request to health facility for medical records and information on TB medications, dosages and diagnostic work-up. Review records and information.
- Coordinate with health facility on any adjustments to the treatment plan.

- Send approval to health facility.
- b. Draft and send a notice to the medical officer of a parole region, or a physician or surgeon designated by the Department of Corrections, when there are reasonable grounds to believe that a parolee has active TB and ceases treatment for TB.
- B. The following activity mandated by Health and Safety Code section 121366 is eligible for reimbursement:
 1. For cities, counties, and cities and counties to provide counsel to *non-indigent* TB patients who are subject to a civil order of detention issued by a Local Health Officer pursuant to Health and Safety Code section 121365 upon request of the patient. Services provided by counsel include representation of the TB patient at any court review of the order of detention required by Health and Safety Code section 121366.

V. CLAIM PREPARATION AND SUBMISSION

Each of the following cost elements must be identified for each reimbursable activity identified in Section IV, Reimbursable Activities, of this document. Each claimed reimbursable cost must be supported by source documentation as described in Section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. The following direct costs are eligible for reimbursement.

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the services that were performed during the period covered by the reimbursement claim. If the contract services are also used for purposes other than the reimbursable activities, only the pro-rata portion of the services used to implement the reimbursable activities can be claimed. Submit contract consultant and attorney invoices with the claim and a description of the contract scope of services.

4. Fixed Assets and Equipment

Report the purchase price paid for fixed assets and equipment (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset or equipment is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

5. Travel

Report the name of the employee traveling for the purpose of the reimbursable activities. Include the date of travel, destination, the specific reimbursable activity requiring travel, and related travel expenses reimbursed to the employee in compliance with the rules of the local jurisdiction. Report employee travel time according to the rules of cost element A.1., Salaries and Benefits, for each applicable reimbursable activity.

B. Indirect Cost Rates

Indirect costs are costs that are incurred for a common or joint purpose, benefiting more than one program, and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include both: (1) overhead costs of the unit performing the mandate; and (2) the costs of the central government services distributed to the other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in 2 CFR Part 225 (Office of Management and Budget (OMB) Circular A-87). Claimants have the option of using 10% of direct labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B) and the indirect costs shall exclude capital expenditures and unallowable costs (as defined and described in 2 CFR Part 225, Appendix A and B (OMB Circular A-87 Attachments A and B).

The distribution base may be: (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc.); (2) direct salaries and wages; or (3) another base which results in an equitable distribution.

In calculating an ICRP, the claimant shall have the choice of one of the following methodologies:

1. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by: (1) classifying a department's total costs for the base period as either direct or indirect; and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount of allowable indirect costs bears to the base selected; or
2. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by: (1) separating a department into groups, such as divisions or sections, and then classifying the division's or section's total costs for the base period as either direct or indirect; and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable

distribution base. The result of this process is an indirect cost rate that is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount of allowable indirect costs bears to the base selected.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter¹ is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. OFFSETTING REVENUES AND REIMBURSEMENTS

Any offsetting revenue the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate from any source, including but not limited to, fees and assessments from Health and Safety Code section 101325 to the extent received and applied to the reimbursable activities, service fees collected, federal funds, and other state funds, shall be identified and deducted from this claim.

VIII. STATE CONTROLLER'S CLAIMING INSTRUCTIONS

Pursuant to Government Code section 17558(b), the Controller shall issue claiming instructions for each mandate that requires state reimbursement not later than 90 days after receiving the adopted parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The claiming instructions shall be derived from the test claim decision and the parameters and guidelines adopted by the Commission.

Pursuant to Government Code section 17561(d)(1), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions and the Controller shall modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

¹ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557(d), and California Code of Regulations, title 2, section 1183.2.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The statements of decision adopted for the test claim and parameters and guidelines are legally binding on all parties and provide the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record is on file with the Commission.

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2012-27
VOTER IDENTIFICATION PROCEDURES

JUNE 25, 2012

REVISED JULY 1, 2013

In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Voter Identification Procedures (VIP) program. The Parameters and Guidelines (P's & G's) are included as an integral part of the claiming instructions.

On October 4, 2006, the Commission on State Mandates (CSM) adopted a Statement of Decision finding that Elections Code section 14310 as added by Chapter 260, Statutes of 2000, mandates a new program or higher level of service on local agencies within the meaning of Article XIII B, section 6 of the California Constitution and GC section 17514.

Exception

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

Eligible Claimants

Any city or county, as defined in GC sections 17511 and 17515, that incurs increased costs as a result of this mandate is eligible to claim for reimbursement.

Reimbursement Claim Deadline

Claims for fiscal year **2012-13** may be filed with the SCO by **February 18, 2014**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

Penalty

- **Initial Claims**

When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561, subdivision (d)(3).

- **Annual Reimbursement Claim**

When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount; \$10,000 maximum penalty, pursuant to GC section 17568.

Minimum Claim Cost

GC section 17564, subdivision (a), provides that no claim may be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (**\$1,000**).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

Audit of Costs

All claims submitted to the SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by the SCO as deemed necessary. Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a claimant is subject to audit by the SCO no later than three years after the date the actual reimbursement claim was filed or last amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for the SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to the SCO on request.

Record Retention

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for the Controller to initiate an audit will be from the date of initial payment of the claim. Therefore, all

documentation to support actual costs claimed must be retained for the same period, and must be made available to the SCO on request.

Claim Submission

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

Parameters and Guidelines

Elections Code Section 14310

Statutes 2000, Chapter 260 (SB 414)

Voter Identification Procedures (03-TC-23)

I. SUMMARY OF THE MANDATE

The test claim statute requires that elections officials compare the signature on each provisional ballot envelope with the signature on the voter's affidavit of registration using the procedures that apply to the comparison of signatures on absentee ballots. On October 4, 2006, the Commission on State Mandates (Commission) adopted a statement of decision finding that the test claim statute mandates a new program or higher level of service on local agencies within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 17514 for performing the following specific new activity as part of statutorily-required elections:

- Using the procedures that apply to the comparison of signatures on absentee ballots, the elections official shall compare the signature on each provisional ballot envelope with the signature on the voter's affidavit of registration. If the signatures do not compare, the ballot shall be rejected. (Elec. Code, § 14310(c)(1)).

The Commission further concluded that in a case where a local government calls a special election that could have otherwise been legally consolidated with the next local or statewide election, holding the special election is a voluntary decision on the part of the local government, and the downstream costs for checking signatures on provisional ballots are not reimbursable.

II. ELIGIBLE CLAIMANTS

Any city, county, or city and county that incurs increased costs as a result of this reimbursable state-mandated program is eligible to claim reimbursement.

III. PERIOD OF REIMBURSEMENT

Government Code section 17557(e), states that a test claim shall be submitted on or before June 30 following a given fiscal year to establish eligibility for that fiscal year. The County of San Bernardino filed the test claim on October 1, 2003, establishing eligibility for reimbursement for the 2002-2003 fiscal year. Therefore, costs incurred pursuant to Elections Code section 14310 are reimbursable on or after July 1, 2002.

Reimbursement for state-mandated costs may be claimed as follows:

1. Actual costs for one fiscal year shall be included in each claim.
2. Pursuant to Government Code section 17561(d)(1)(A), all claims for reimbursement of initial fiscal year costs shall be submitted to the State Controller within 120 days of the issuance date for the claiming instructions.

3. Pursuant to Government Code section 17560(a), a local agency may, by February 15 following the fiscal year in which costs were incurred, file an annual reimbursement claim that details the costs actually incurred for that fiscal year.
4. If revised claiming instructions are issued by the Controller pursuant to government Code section 17558(c), between November 15 and February 15, a local agency filing an annual reimbursement claim shall have 120 days following the issuance date of the revised claiming instructions to file a claim. (Gov. Code, § 17560(b).)
5. If the total costs for a given fiscal year do not exceed \$1,000, no reimbursement shall be allowed except as otherwise allowed by Government Code section 17564(a).
6. There shall be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable to and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, , and declarations. Declarations must include a certification or declaration stating, “I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct,” and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for the reimbursable activity identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

Claimants may use time studies to support salary and benefit costs when an activity is task-repetitive. Activities that require varying levels of effort are not appropriate for time studies. Claimants wishing to use time studies to support salary and benefit costs are required to comply with the State Controller’s Time-Study Guidelines before a time study is conducted. Time study usage is subject to the review and audit conducted by the State Controller’s Office.

For each eligible claimant, the following ongoing activity is reimbursable:

- Using the procedures that apply to the comparison of signatures on absentee ballots, the elections official shall compare the signature on each provisional ballot envelope with the signature on the voter’s affidavit of registration. If the signatures do not compare, the ballot shall be rejected. (Elec. Code, § 14310(c)(1).)

When a local government calls a special election that could have otherwise been legally consolidated with the next local or statewide election, holding the special election is a voluntary decision on the part of the local government, and the downstream costs for checking signatures on provisional ballots are not reimbursable.

V. CLAIM PREPARATION AND SUBMISSION

Each of the following cost elements must be identified for each reimbursable activity identified in Section IV, Reimbursable Activities, of this document. Each claimed reimbursable costs must be supported by source documentation as described in Section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. The following direct costs are eligible for reimbursement.

1. Salaries and Benefits

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. Materials and Supplies

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. Attach a copy of the contract to the claim. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the services that were performed during the period covered by the reimbursement claim. If the contract services are also used for purposes other than the reimbursable activities, only the pro-rata portion of the services used to implement the reimbursable activities can be claimed. Submit contract consultant and attorney invoices with the claim and a description of the contract scope of services.

4. Fixed Assets

Report the purchase price paid for fixed assets (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

5. Travel

Report the name of the employee traveling for the purpose of the reimbursable activities. Include the date of travel, destination, the specific reimbursable activity requiring travel, and related travel expenses reimbursed to the employee in compliance with the rules of the local jurisdiction. Report employee travel time according to the rules of cost element A.1., Salaries and Benefits, for each applicable reimbursable activity.

B. Indirect Cost Rates

Indirect costs are costs that are incurred for a common or joint purpose, benefiting more than one program, and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include both: (1) overhead costs of the unit performing the mandate; and (2) the costs of the central government services distributed to the other departments based on a systematic and rational basis through a cost allocation plan.

Compensation for indirect costs is eligible for reimbursement utilizing the procedure provided in the Office of Management and Budget (OMB) Circular A-87. Claimants have the option of using 10% of direct labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) if the indirect cost rate claimed exceeds 10%.

If the claimant chooses to prepare an ICRP, both the direct costs (as defined and described in OMB Circular A-87 Attachments A and B) and the indirect costs shall exclude capital expenditures and unallowable costs (as defined and described in OMB Circular A-87 Attachments A and B). However, unallowable costs must be included in the direct costs if they represent activities to which indirect costs are properly allocable.

The distribution base may be (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, major subcontracts, etc.); (2) direct salaries and wages; or (3) another base which results in an equitable distribution.

In calculating an ICRP, the claimant shall have the choice of one of the following methodologies:

1. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by (1) classifying a department's total costs for the base period as either direct or indirect; and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate which is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount of allowable indirect costs bears to the base selected; or
2. The allocation of allowable indirect costs (as defined and described in OMB Circular A-87 Attachments A and B) shall be accomplished by (1) separating a department into groups, such as divisions or sections, and then classifying the division's or section's total costs for the base period as either direct or indirect; and (2) dividing the total allowable indirect costs (net of applicable credits) by an equitable distribution base. The result of this process is an indirect cost rate that is used to distribute indirect costs to mandates. The rate should be expressed as a percentage which the total amount of allowable indirect costs bears to the base selected.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter¹ is subject to the initiation of an audit by the State Controller's Office no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the State Controller's Office to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the State Controller's Office during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. OFFSETTING REVENUES AND REIMBURSEMENTS

Any offsetting revenues the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate from any source, including but not limited to, service fees collected, federal funds, and other state funds, shall be identified and deducted from this claim.

VIII. STATE CONTROLLER'S OFFICE CLAIMING INSTRUCTIONS

Pursuant to Government Code section 17558, subdivision (b), the State Controller's Office shall issue claiming instructions, for each mandate that requires state reimbursement, not later than 90 days after receiving the adopted parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The claiming instructions shall be derived from the test claim decision and the parameters and guidelines adopted by the Commission.

Pursuant to Government Code section 17561, subdivision (d)(1), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller's Office or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the State Controller's Office to modify the claiming instructions and the State Controller's Office shall modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557, subdivision (d), and California Code of Regulations, title 2, section 1183.2.

¹ This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The statement of decision is legally binding on all parties and provides the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record, including the statement of decision, is on file with the Commission.

(b) For the purposes of this article, a move occurs on the official reporting date to the new headquarters, and when a change in residence is reasonably to be required. Relocation shall be paid, when the following conditions are met:

(1) The officer's or employee's officially designated headquarters is changed for the advantage of the State, which includes the following:

(A) A promotion offered by any appointing authority, not including those movements that the employee could make through transfer, reinstatement or reemployment eligibility; or

(C) An involuntary transfer required to affect a mandatory reinstatement following:

(I) Termination of a career executive or exempt appointment

(d) When an appointment does not meet the criteria in (a) and (b) the appointing power may, at his/her discretion, determine in advance that it is in the best interest of the State to reimburse all or part of the actual reasonable and necessary relocation expenses provided in this article as an incentive to recruit employees to positions that are designated by the appointing power as difficult to fill or because of outstanding qualifications of the appointee, or due to unusual and unavoidable hardship to the employee by reason of the change of residence.

(1) Relocations that meet these criteria shall be reimbursed only for the items in this article specifically authorized by the appointing power and may be subject to further limitations designated by the appointing power.

(2) Upon determination that any reimbursement will be made, the appointing power shall:

(A) Determine which provisions will apply to the relocation and establish any additional limitations to those provisions such as dollar limits, weight limits or time limits.

(B) Notify the employee, in writing, of specific allowable reimbursements prior to the move.

In no event shall the lease settlement include any costs, deposits or fees.

(b) Household effects shall not include items connected to a for profit business, items from another household, items that are permanently affixed to the property being vacated or items that would normally be discarded or recycled.

(c) At the discretion of the appointing power, other items may be considered household effects based on a consideration of the estimated cost of the move and a review of the items listed on the

inventory. Expenses related to moving items other than those described in (a) that have not been approved by the appointing power shall be the responsibility of the employee.

Note: Authority cited: Sections 19815.4(d), 19816 and 19820, Government Code. Reference: Section 19841, Government Code.

Section 599.719.1 Reimbursement for Moving Household Effects - Excluded Employees

Reimbursement shall be allowed for the cost of moving an employee's effects either via commercial household goods carrier or by the employee. Reimbursements under this rule shall not exceed the cost of moving the employee's household goods from the old residence to the new headquarters plus 50 miles unless the appointing authority determines that a longer move is in the best interest of the State. Any additional expense associated with an interstate or inter-country move shall be approved in advance by the appointing power. No reimbursement will be allowed for the hiring of casual labor.

(a) When the employee retains a commercial mover, reimbursement for actual and necessary expenses incurred by a commercial mover under this article for the packing, insurance, one pickup, transportation, storage-in-transit (not including warehouse handling charges except when required by interstate tariffs), one delivery, unpacking, and installation at the new location of an employee's household effects shall be allowed subject to the following:

- (1) Weight of household effects for which expenses may be reimbursed shall not exceed 5,000 kilograms (11,000 pounds).
- (2) Duration of storage-in-transit for which charges may be reimbursed shall not exceed 60 calendar days unless a longer period of storage is approved in advance by the appointing authority based on hardship to the employee.
- (3) Rates at which reimbursement is allowed shall not exceed the minimum rates, at the minimum declared valuation, established by the California Public Utilities Commission for household goods carriers, unless a higher rate is approved by the Department of General Services.
- (4) Cost of insurance for which reimbursement is allowed shall not exceed the cost of insurance coverage at \$2.00 valuation for each pound of household effects shipped by household goods carrier.
- (5) Claims for exceptions to the 11,000 pounds statutory limit will be considered by the appointing authority, up to a maximum of 23,000 pounds, only when it has been determined that every reasonable effort had been made to conform to the limit. Exceptions to the number of pick-ups and deliveries may be made by the appointing power when it is reasonably necessary and in the best interest of the state.

(b) When the employee does not retain a commercial mover, reimbursement shall be allowed as follows for expenses related to the movement by the employee of his/her household effects in a truck or trailer.

- (1) Rental of a truck or trailer from a commercial establishment. When not included in the truck rental rate, the cost of gasoline, rental of a furniture dolly, packing cartons and protective pads will be reimbursed. If the total costs exceed \$1,000 the claim must be accompanied by at least one written commercial rate quote. Reimbursement will be made at the rate (including gasoline) which results in the lowest cost; or
- (2) Mileage reimbursement at the rates provided in Section 599.631.1(b) for noncommercial privately-owned motor vehicles used in transporting the employee's household effects.
- (3) Reimbursement for more than one trip by the method described in (b)(1) or (2) above may be allowed if the employee's agency has determined that the total cost would be less than the cost of movement by a commercial household goods carrier.

(c) If household goods are moved exclusively in the employee's personal vehicle, reimbursement for mileage may be claimed at the State mileage rate. No other mileage or moving expense shall be allowed.

(d) All claims for the reimbursement of the movement of household goods require receipts. Unless an exception is granted by the appointing authority, claims shall be submitted no later than 2 years and 60 days from the effective date of appointment or 15 days prior to voluntary separation, whichever is first.

Note: Authority cited: Sections 19815.4(d), 19816 and 19820, Government Code. Reference: Section 19841, Government Code.

Section 599.720.1 Reimbursement for Movement of a Mobile Home - Excluded Employees
